**Unfinished Journey: The Church 40 Years After Vatican 2** Austen

Ivereigh, 2003-01-12 The Second Vatican Council which ended thirty five years ago promised so much a new vision of a reformed Church aware of its social theological and ecumenical responsibilities a truly conciliar Church with collegial structures However this vision seems to have evaporated and many of the promised reforms have been truncated or have not happened at all The Vatican remains intensely bureaucratic Theologians are silenced and the effect of clerical scandal seems to have led Church leaders to dig in and see the deposit of faith as something static Once again the Church believes it has a monopoly on the truth and millions of people feel marginalized and excluded Britain's long established Catholic weekly The Tablet has fought for the spirit and values of Vatican II in a way that no other journal has done It has criticised the Church Humanae Vitae and has condemned corruption but has also supported the Church where it has been right to do so These essays come from a truly international cast of contributors who cover the Church of Vatican II but above all give us prophesy of where this vision may still lead the Church and the people of God This is a Church semper reformanda **Prehistoric**

Cosimo Zene      **Possession** Louis Bromfield, 2025-03-02 In *Possession* Louis Bromfield explores the intricate dynamics of love, ambition, and the clash of personal desires against societal expectations. Set against the backdrop of a decaying Ohio estate, the narrative unfolds with a rich lyrical style that mirrors the complexities of its characters' inner lives. Bromfield's keen observations on nature and human relationships breathe life into the story, creating a tapestry that reflects early 20th-century American cultural shifts. This novel stands as a testament to his ability to blend romanticism with a critical lens on the changing world around him, encapsulating a moment in time when traditional values began to wane. Bromfield was not only a novelist but also a passionate advocate for agrarian reform and environmental stewardship. His deep connection to the land and its complexities is evident in his writings, stemming from his own experiences on a farm in Ohio. This intimate familiarity with both the physical and emotional landscapes enriches *Possession*, allowing him to delve into the fragility of human connections amidst societal transformations. Readers seeking a thought-provoking examination of love's duality and the interplay of personal and collective identities will find *Possession* particularly compelling. This novel invites reflection on the essence of ownership, not just of land but of relationships and one's own identity, making it a timeless exploration of human existence.
