Conca Messina, Stéphane Le Bras, Paolo Tedeschi, Manuel Vaquero Piñeiro, 2019-11-01 This two volume collection analyses the evolution of wine production in European regions across the nineteenth and twentieth centuries France and Italy in particular have shaped modern viticulture by improving oenological methods and knowledge then disseminating them internationally This first volume looks closely at the development of winegrowing with cases ranging from Italian and French regions to smaller producers such as Portugal and Slovenia **Medieval Arthurian Literature** Norris J. Lacy, 2014-10-17 The focus of this book is medieval vernacular literature in Western Europe Chapters are written by experts in the area and present the current scholarship at the time this book was originally published in 1996 Each chapter has a bibliography of important works in that area as well This is a thorough and reliable guide to trends in research on medieval Arthuriana *The Templars and their Sources* Karl Borchardt, Karoline Döring, Philippe Josserand, Helen Nicholson, 2017-01-20 Even 700 years after the suppression of the Order of the Temple and the execution of the last grandmaster Jacques de Molay there is no shortage of publications on this influential military order Yet unlike other medieval institutions the Templars are subject to speculative fiction and popular myth which threaten to swamp the fruits of scholarly endeavour Fortunately recent years have produced a thriving academic scholarship which is challenging these myths More and more sources are currently being edited particularly those for the trial of the Templars 1307 1312 Others are still awaiting indepth study among them surprisingly the greater part of the charters that cover more than 150 years of the Order s history The papers in this volume step into this gap and critically evaluate new directions in Templar studies on the basis of as yet unedited source material Open issues and desiderata regarding the sources are discussed and from a range of inspiring results a new status quaestionis is proposed that will not only provide a better understanding of the Order s archaeological economical religious administrative and military history but also set new points of departure for the editing of

charters and administrative documents The papers here are grouped into six sections focusing on the headquarters of the Order its charters manpower and finance religious life and finally the suppression and the Order s afterlife **XXIII**

The Politics and Rhetoric of Commemoration Michael Billig,Cristina Marinho,2017-07-13 In recent years there has been much interest in collective memory and commemoration It is often assumed that when nations celebrate a historic day they put aside the divisions of the present to recall the past in a spirit of unity As Billig and Marinho show this does not apply to the Portuguese parliament's annual celebration of 25 April 1974 the day when the dictatorship established by Salazar and continued by Caetano was finally overthrown Most speakers at the ceremony say little about the actual events of the day itself and in their speeches they continue with the partisan politics of the present as combatively as ever To understand this the authors examine in detail how the members of parliament do politics within the ceremony of remembrance how they engage in remembering and forgetting the great day how they use the low rhetoric of manipulation and point scoring as well as high minded political rhetoric The book stresses that the members of the audience contribute to the meaning of the ceremony by their partisan displays of approval and disapproval Throughout the authors demonstrate that to uncover the deeper meanings of political rhetoric it is necessary to

take note of significant absences The Politics and Rhetoric of Commemoration illustrates how an in depth case study can be invaluable for understanding wider processes The authors are not content just to uncover unnoticed features of the Portuguese celebration They use the particular example to provide original insights about the rhetoric of celebrating and the politics of remembering as well as throwing new light onto the nature of party political discourse Recovered Voices, Newfound Questions Maria de Lurdes Rosa,Rita Sampaio da Nóvoa,Alice Borges Gago,Maria João da Câmara,2019 O objectivo da obra o de apresentar arquivos muito pouco conhecidos ou mesmo desconhecidos interrog los e analis los luz de novas perspectivas hist ricas e arquiv sticas descobrir as vozes de quem os produziu e formular assim novas quest es de investiga o Divide se em tr s partes Recovering reconstructing and re discovering family and personal archives From a social political and cultural history of the families to a social history of the archives Public preservation and promotion of family and personal archives *Sacred Skin: The Legend of St. Bartholomew in Spanish Art and Literature* Andrew M. Beresford,2020-03-02 Sacred Skin offers the first systematic evaluation of the dissemination and development of the cult of St Bartholomew in Spain Exploring the paradoxes of hagiographic representation and their ambivalent effect on the observer the book focuses on literary and visual testimonies produced from the emergence of a distinctive vernacular voice through to the formalization of Bartholomew s saintly identity and his transformation into a key expression of Iberian consciousness Drawing on and extending advances in cultural criticism particularly theories of selfhood and the complex ontology of the human body its five chapters probe the evolution of hagiographic conventions demonstrating how flaying poses a unique challenge to our understanding of the nature and meaning of identity See inside the book **Computer Supported Qualitative Research** António Pedro Costa,Luís Paulo Reis,Francislê Neri de Souza,António Moreira,2017-06-19 This book includes a selection of the articles accepted for presentation and discussion at the second International Symposium on Qualitative Research ISQR2017 held in Salamanca Spain July 12 14 2017 ISQR2017 is part of the Iberian American Congress on Qualitative Research CIAIQ and featured four main application fields Education Health Social Sciences and Engineering and Technology and seven main subjects Rationale and Paradigms of Qualitative Research Systematization of approaches with Qualitative Studies Qualitative and Mixed Methods Research Data Analysis Types Innovative Processes of Qualitative Data Analysis Qualitative Research in Web Contexts Qualitative Analysis with the Support of Specific Software This book is a valuable resource for academics researchers teachers and students who need information on the above topics as well as on the use of Computer Assisted Qualitative Data Analysis CAQDAS **AN ANALYSIS OF THE ROYAL PRESERVES IN PORTUGAL** Cristina Joanaz de Melo,2015 This book looks at the functioning and symbolic meanings of the royal preserves parks and forests in a transitional period in Portuguese political regimes at the end of the Ancien Regime and in the aftermath of the first liberal revolution in Portugal 1821 from 1777 to 1824 The aim is to understand how life developed in royal preserves before and after the Liberal Revolution in Portugal The majority of academic work produced before 1998

focused on hunting and royal preserves in England Spain or France If the classic Whigs and Hunters by E P Thompson proclaimed the prerogatives of aristocracy for the British aristocratic mastering of property rights status and ethos other contributions of the preserves regime in the mastering of social order and in the attempt to balance or master powers can be added for other regions in Europe In this case the focus is on Portugal
