Emanet Ceyiz Mubadele İnsanları:

Emanet çeyiz Kemal Yalçın,2005 Mübadele insanları Kemal Yalçın,1998 **Art and Architecture of Migration and Discrimination** Esra Akcan,Iftikhar Dadi,2023-10-13 This book brings together essays by established and emerging scholars that discuss Pakistan Turkey and their diasporas in Europe Together the contributions show the scope of diverse artistic media including architecture painting postcards film music and literature that has responded to the partitions of the twentieth century and the Muslim diasporas in Europe Turkey and Pakistan have been subject to two of the largest compulsory population transfers of the twentieth century They have also been the sites for large magnitudes of emigration during the second half of the twentieth century creating influential diasporas in European cities such as London and Berlin Discrimination has been both the cause and result of migration while internal problems compelled citizens to emigrate from their countries blatant discriminatory and ideological constructs shaped their experiences in their countries of arrival Read together the Partition emerges from the essays in Part I not as a pathology specific to the Balkans Middle East or South Asia but as a central problematic of the new political realities of decolonization and nation formation The essays in Part II demonstrate the layered histories and multiple migration paths that have shaped the experiences of Berliners and Londoners This analysis furthers the study of modernism and migration across the borders of not only the nation state but also class race and gender As a result this book will be of interest to a broad multidisciplinary academic audience including students and faculty artists architects and planners as well as non specialist general public interested in visual arts architecture and urban literature **Diplomacy and Displacement** Onur Yildirim,2007-05-07 This study presents a comprehensive balanced and factually grounded narrative of the Turco Greek Exchange of Populations as a historic event that has been the subject of much distortion in the historiographical traditions of nationalist lore in Greece and Turkey as well as in scholarly publications of various sorts elsewhere over the span of the past eighty years Diplomacy and Displacement contributes to the general literature on the Exchange by incorporating into the broader picture the Turkish dimension of the event particularly the Turkish side of the decision making process and the episode of the Muslim refugees that have been left outside the scope of the research agenda thereby breaking up the established notion of the Exchange skewed towards the Greek side It thus sheds doubt on the success paradigm attributed to this event By adopting a people centered approach to the Lausanne Treaty and its consequences the book offers a critique of official versions of the story and encourages people to consider policy decisions together with their huge and often devastating implications for the lives of ordinary people **Nationalism and Non-Muslim Minorities in Turkey, 1915 - 1950** Ayhan Aktar,2021-04-22 Ayhan Aktar has been working on anti minority policies in modern Turkey since 1991 In the Ottoman Empire s final decade in 1906 non Muslims constituted 20% of the population by 1927 they were reduced to 2 5% and nowadays they make up less than 0 02% of the population of Modern Turkey Armenians were subjected to deportations 1915 Greeks were exchanged 1922 1924 and Jews were forced to migrate

abroad after 1945 Like many other nation states in the Near East Turkey has been able to homogenize its population on religious grounds This book is a collection of Aktar s articles about this transformation Aktar criticises nationalist historiographies and argues For instance a scholar conducting research on the Jewish community during the republican period could easily come to the conclusion that only Jews were discriminated against by the Turkish state However this is only partially true All non Muslim minorities were discriminated against and their stories cannot be understood unless the Turkish state and its policies are placed at centre stage Utilizing diplomatic correspondence in the British and US National Archives has enabled me to understand anti minority policies as a whole and to treat the subject within a totality This book will interest scholars and students of nationalism minority studies and Turkish history and politics

When Greeks and Turks Meet Vally Lytra,2016-02-11 The relationship between the history culture and peoples of Greece Turkey and Cyprus is often reduced to an equation which defines one side in opposition to the other The reality is much more complex and while there have been and remain significant divisions there are many and arguably more areas of overlap commonality and common interest This book addresses a gap in the scholarly literature by bringing together specialists from different disciplinary traditions history sociology anthropology linguistics literature ethnomusicology and international relations so as to examine the relationship between Greeks and Turks as well as between Greek Cypriots and Turkish Cypriots since the founding of the Republic of Turkey in 1923 When Greeks and Turks Meet aims to contribute to current critical and comparative approaches to the study of this complex relationship in order to

question essentialist representations stereotypes and dominant myths and understand the context and ideology of events processes and experience Starting from this interdisciplinary perspective and taking both diachronic and synchronic approaches the book offers a fresh coverage of key themes including memory history and loss the politics of identity language and culture discourses of inclusion and exclusion Contributors focus on the geographical areas of Greece Turkey and Cyprus and on the modern historical period since 1923 up to the present day offering in some cases an informed perspective that looks towards the future When Greeks and Turks Meet will be essential reading for students and researchers working on the cross roads of Greece Turkey and Cyprus on South East Europe and the Middle East more generally It will also be a valuable resource for students and researchers in inter cultural communication cultural and media studies language and education international relations and politics refugee and migration studies conflict and post conflict studies

Imagined Communities in Greece and Turkey Emine Yesim Bedlek,2015-12-03 In 1923 the Turkish government under its new leader Kemal Ataturk signed a renegotiated Balkan Wars treaty with the major powers of the day and Greece This treaty provided for the forced exchange of 1 3 million Christians from Anatolia to Greece in return for 30 000 Greek Muslims The mass migration that ensued was a humanitarian catastrophe of the 1 3 million Christians relocated it is estimated only 150 000 were successfully integrated into the Greek state Furthermore because the treaty was ethnicity blind tens of thousands of Muslim Greeks ethnically and linguistically were forced into Turkey against their will Both the Greek and Turkish leadership saw this exchange as crucial to the state strengthening projects both powers were engaged in after the First World War Here Emine Bedlek approaches this enormous shift in national thinking through literary texts addressing the themes of loss identity memory and trauma which both populations experienced The result is a new understanding of the tensions between religious and ethnic identity in modern Turkey

Streets of Memory Amy Mills,2010 Esra Ozylrek author of Nostalgia for the Modern State Specularism and Everyday Politics in Turkey

Social Trauma and Telecinematic Memory Pelin Başcı,2017-10-24 This book explores responses to authoritarianism in Turkish society through popular culture by examining feature films and television serials produced between 1980 and 2010 about the 1980 coup Envisioned as an interdisciplinary study in cultural studies rather than a disciplinary work on cinema the book advocates for an understanding of popular culture in discerning emerging narratives of nationhood Through feature films and television serials directly dealing with the coup of 1980 the book exposes tropes and discursive continuities such as childhood and the child It argues that these conventional tropes enable popular debates on the modern nation s history and its myths of identity

The Politics of Public Memory in Turkey Esra Özyürek,2007-01-18 Turkish society is frequently accused of having amnesia It has been said that there is no social memory in Turkey before Mustafa Kemal Atatürk founded modern Turkey after World War I Indeed in 1923 the newly founded Turkish Republic committed to a modernist future by erasing the memory of its Ottoman past Now almost eighty years after the establishment of the republic the grandchildren of the

founders have a different relationship with history New generations make every effort to remember record and reconcile earlier periods The multiple personalized representations of the past that they have recovered allow contemporary Turkish citizens to create alternative identities for themselves and their communities Unlike its futuristic and homogenizing character at the turn of the twentieth century Turkish nationalism today uses memory to generate varied narratives for the nation and its minority groups Contributors to this volume come from such diverse disciplines as anthropology comparative literature and sociology but they share a common understanding of contemporary Turkey and how its different representations of the past have become metaphors through which individuals and groups define their cultural identity and political position They explore the ways people challenge reaffirm or transform the concepts of history nation homeland and Republic through acts of memory effectively demonstrating that memory can be both the basis of cultural reproduction and a form of resistance

The Transformation of Turkey Fatma Müge Göçek,2011-02-28 In 1923 the Modern Turkish Republic rose from the ashes of the Ottoman Empire proclaiming a new era in the Middle East However many of the contemporary issues affecting Turkish state and society today have their roots not only in the in the history of the republic but in the historical and political memory of the state s imperial history Here Fatma Muge Gocek draws on Turkey s Ottoman heritage and history to explore current issues of ethnicity and religion alongside Turkey s international position This new perspective on history s influence on contemporary tensions in Turkey will contribute to the ongoing debate surrounding Turkey s accession to the EU and offers insight into the social transformations in the transition from Ottoman Empire to Turkish Nation State This analysis will be vital to those involved in the study of the Middle East Imperial History and Turkey s relations with the West

Salvation and Catastrophe Konstantinos Travlos,2020-10-14 The Greek Turkish War of 1919 1923 also known as the Western Front of the Turkish War of Liberation and the Asia Minor Campaign was one of the key aftershocks of the First World War Internationally better known for its aftermath the Compulsory Population Exchange between Greece and Turkey the Catastrophe of Ottoman Greeks and the foundation of the Republic of Turkey under Mustafa Kemal Atatürk the war has never been given a holistic treatment in English despite its long shadow over the Greek Turkish relationship The contributors in this volume address this gap by brining to the fore on its centenary aspects of the onset conduct and aftermath of this war Combining insights from the study of international relations political science strategic studies military history migration studies and social history the contributions tell the story of leaders and decisions battles and campaigns voluntary and involuntary migration and the human stories of suffering and resilience It is aspects of the story of the last gasp of the Great War in Europe brought to its final end with Treaty of Lausanne of 1923

Nostalgia, Loss and Creativity in South-East Europe Catharina Raudvere,2018-08-21 Where nostalgia

was once dismissed a wistful dream of a never never land the academic focus has shifted to how pieces of the past are assembled as the elements in alternative political thinking as well as in artistic expression The creative use of the past points to the complexities of the conceptualization of nostalgia while entering areas where the humanities meet the art world and commerce This collection of essays shows how this bond is politically and socially visible on different levels from states to local communities along with creative developments in art literature and religious practice Bringing together scholars from a range of disciplines the book offers analyses from diverse theoretical perspectives united by an interest in the political and cultural representations of the past in South East Europe from a long term perspective By emphasising how the relationship between loss and creative inspiration are intertwined in cultural production and history writing these essays cover themes across South East Europe and provide an insight into how specific agents intellectuals politicians artists have represented the past and have looked towards the future

Literature's Refuge William Stroebe, 2025-03-18 Stories silenced or sequestered by a century of mass displacement between Europe and the Middle East recovered and retold at last In 1923 the Greco Turkish Population Exchange uprooted and swapped nearly two million Christians and Muslims pacifying the so called Near East through ethnic partition and refugeehood This imposition of borders not only uprooted peoples from their place in the world it also displaced many of their stories from a place in world literature In *Literature's Refuge* William Stroebe recovers and weaves together work by fugitive writers oral storytellers readers copyists editors and translators dispersed by this massive unmixing of populations and the broader border logic that it set in motion Stroebe argues that two complementary forces emerged as a template for the Eastern Mediterranean's cultural landscape the modern border which reshuffled people through a system of filters and checkpoints and modern philology which similarly reshuffled their words and works Philologists and publishers defined modern literature by picking apart extracting reformatting or dispossessing refugee and diasporic texts across a racialized borderscape a gray zone of semi inclusion and semi exclusion semimobility and immobility Stroebe reaches into the chinks and crannies of this borderscape to reconstitute the rich textual geography between Greek Orthodoxy and Sunni Islam between Greek script Arabic script and Latin script literary traditions at the edges of Europe and the Middle East Doing so he offers a new methodological toolkit for rewriting the modern borderscapes of world literature

Crossing the Aegean Renée Hirschon, 2003-05-01 Following the defeat of the Greek Army in 1922 by nationalist Turkish forces the 1923 Lausanne Convention specified the first internationally ratified compulsory population exchange It proved to be a watershed in the eastern Mediterranean having far reaching ramifications both for the new Turkish Republic and for Greece which had to absorb over a million refugees Known as the Asia Minor Catastrophe by the Greeks it marked the establishment of the

independent nation state for the Turks The consequences of this event have received surprisingly little attention despite the considerable relevance for the contemporary situation in the Balkans This volume addresses the challenge of writing history from both sides of the Aegean and provides for the first time a forum for multidisciplinary dialogue across national boundaries
