Emanuel Hahn And Elizabeth Wyn Wood Tradition And Innovation In Canadian Sculpture:

Emanuel Hahn and Elizabeth Wyn Wood Victoria A. Baker, National Gallery of Canada, 1997 **Emanuel Hahn et Elizabeth Wyn Wood** Victoria A. Baker, Musée des Beaux-Arts du Canada Staff, 1997 *Canadian Art in the Twentieth Century* Joan Murray, 1999-11 Joan Murray discusses social and political events in combination with the movements ideas attitudes styles and important groups in Canadian art of this century **Public Art in Canada** Annie G rin, James S. McLean, 2011-03-18 Arguably public art is experienced daily by more people than most offerings in galleries yet our notion of what constitutes public art is surprisingly limited Public Art in Canada broadens the critical discussion by exploring public art s varied means of engaging with public space and the public sphere Annie G rin and James S McLean have assembled contributions from new and established Canadian scholars curators and artists Each contributor enlivens our understanding of public art as a practice and its place in the social and aesthetic formation of which it is a part As a result the book provides an overview of the current debates in the field of public art that are informed by the theories and critical literature of art history communication studies cultural studies sociology and urban studies The rigorous essays and original works of art collected in this volume present a compelling demonstration of the strategies aesthetic and otherwise used by artists to elicit intellectual sensual or emotional responses that can only be obtained through artistic practices in public places Public Art in Canada is a major contribution to the study of Canadian art and culture **Canadian Books in Print. Author and Title Index** , 1975 **Bringing Art to Life** Andrew Horrall, 2009-09-14 In 1959 Alan Jarvis the brilliant and charismatic director of the National Gallery of Canada was forced to resign following a disagreement with the government over the purchase of works by European Old Masters He never fully recovered from this dismissal or the public humiliation that followed succumbing to alcoholism in a little over a decade **Unbuilt Toronto 2** Mark Osbaldeston, 2011-10-03 Discover the scrapyard statue planned for University Avenue the flapper era CN Tower that led to a decade of litigation and an electric light rail transit network proposed in 1915 Winner of the 2012 Heritage Toronto Award of Merit Quill Quire cited Unbuilt Toronto as a book filled with well researched often gripping tales of grand plans while Canadian Architect said that it is an impressively researched exploration of never realized architectural and master planning projects intended for the city Now Unbuilt Toronto 2 provides an all new fascinating return to the Toronto that might have been Discover the scrapyard statue planned for University Avenue the flapper era CN Tower that led to a decade of litigation and an electric light rail transit network proposed in 1915 What would Toronto look like today if it had hosted the Olympics in 1996 or 1976 And what was the downtown expressway that Frederick Gardiner really wanted With over 150 photographs maps and illustrations Unbuilt Toronto 2 tracks the origins and fates of some of the city s most interesting planning transit and architectural what ifs **Rethinking Professionalism** Kristina Huneault, Janice Anderson, 2012 The first collection of scholarly essays on women and art in Canadian history *The Vimy Trap* Ian McKay, Jamie Swift, 2017-03-16 The story of the bloody 1917 Battle of Vimy

Ridge is according to many of today's tellings a heroic founding moment for Canada. This noble birth of a nation narrative is regularly applied to the Great War in general. Yet this mythical tale is rather new. Vimyism today's official story of glorious martial patriotism contrasts sharply with the complex ways in which veterans, artists, clerics and even politicians who had supported the war interpreted its meaning over the decades. Was the Great War a futile imperial debacle? A proud nation building milestone? Contending Great War memories have helped to shape how later wars were imagined. The Vimy Trap provides a powerful probe of commemoration cultures. This subtle, fast-paced work of public history combining scholarly insight with sharp-eyed journalism and based on primary sources and school textbooks, battlefield visits and war art explains both how and why peace and war remain contested terrain in ever-changing landscapes of Canadian memory.

Remembered in Bronze and Stone Alan Livingstone MacLeod, 2016-11-30. Remembered in Bronze and Stone evokes the years immediately following the First World War when grief was still freshly felt in communities from one end of Canada to the other. This book tells the story of the nation's war memorials, particularly bronze or stone sculptures depicting Canadian soldiers through the artists who conceived them, the communities that built them and above all those who died in the war and were immortalized in these stunning sculptures raised in their honour. A century has passed since Canadians were scarred by the loss of more than sixty thousand sons and daughters who now lie in faraway battlefield graves. Highlighting more than 130 monuments from coast to coast, Remembered in Bronze and Stone revives a pivotal period in history that changed Canada forever.

Toronto Neighbourhoods 7-Book Bundle Mark Osbaldeston, F.R. (Hamish) Berchem, Frederick H. Armstrong, Scott Kennedy, Jane Pitfield, 2014-03-14. The Toronto Neighbourhoods bundle presents a collection of titles that provide fascinating insight into the history and development of Canada's largest and most diverse city. Beginning with histories of Canada's longest street and the early days of what was once called York, *The Yonge Street Story 1793-1860: A City in the Making*, Opportunity Road, the titles in the bundle go on to examine the development of particular, unique neighbourhoods that help give the city its character: Willowdale, Leaside. Finally, Mark Osbaldeston's acclaimed award-winning *Unbuilt Toronto* and *Unbuilt Toronto 2* go beyond history and into the arena of speculation as the author details ambitious and possibly city-changing plans that never came to fruition. For lovers of Toronto, this collection is a bonanza of insights and facts. Creating Memory John Warkentin, 2010. Toronto has over 600 public outdoor sculptures, works of art that provide a sense of the rich variety of life and work in the city, its people's cultures and aspirations. This is a book about the sculptures and how they disclose the city to itself. *Creating Memory*'s two introductory sections examine the factors behind this expansion over time and the changes in style as one generation of sculptors succeeded another.
