Wind and Weather Jerome Gideon Wills,1913 *Who Owns the Wind?* David McDermott Hughes,2021-10-12 Why the wind and energy it produces should not be private property The energy transition has begun To succeed to replace fossil fuels with

wind and solar power that process must be fair Otherwise mounting popular protest against wind farms will prolong carbon pollution and deepen the climate crisis David McDermott Hughes examines that anti industrial anti corporate resistance drawing on his time spent conducting field research in a Spanish village surrounded by wind turbines In the lives of a community freighted with centuries of exploitation people whom the author comes to know intimately clean power and social justice fit together only awkwardly A green economy will require greater efforts to get ordinary people such as these on board Aesthetics livelihood property and most essentially the private nature of wind resources all these topics must be examined with fresh eyes

The Wind's on the Horizon: Just Over the Edge Dale Stubbart, Another of my mystical poetry books in the series *The Language of the Wind* In this book we look at things from the horizon But the horizon is just another way of saying the edge Sometimes when looking at things from the edge it's the edge of getting happy or the edge of going crazy Sometimes you're pulled back from the brink just in time In this book there are *White Water Journeys* the *Outer Wondrousness* the *Perihelion of Bliss* *Dreamscapes* and *Funnels* *Wisdom* *Cunning* and *Loneliness* *Rhythms on the Brink* the *Inner Marvel* and *Heart Tonic* Then we get really close with *Approaching the Edge* perhaps a little too closely *Instilling the Edge* You can't get closer than this Of course that's only true until you do Then you're on the *Far Edge of the Horizon* I've also included a couple of mystical short stories *Miguelito* The smallest sueno dream *That Hole Inside You* featuring your favorite striped mammal *Skunk Mystics* try to describe the indescribable with words They bring you in touch with the spiritual world Some mystical writing is hard to understand I'd like to think that mine is easy And some of it is very humorous Of course what could be more spiritual than chocolate I've included two poems on that Rating G Reading Level Very Easy 4th Grade Longest Word Tremendousness
