But vampires are not just the stuff of folklore and fiction. Based upon extensive interviews with members of the Atlanta Vampire Alliance and others within vampire communities throughout the United States, this fascinating book looks at the details of real vampire life and the

many expressions of vampirism as it now exists In *Vampires Today The Truth about Modern Vampirism* Joseph Laycock argues that today's vampires are best understood as an identity group and that vampirism has caused a profound change in how individuals choose to define themselves As vampires come out of the coffin as followers of a religion or lifestyle or as people biologically distinct from other humans their confrontation with mainstream society will raise questions as it does here about how we define normal and what it means to be human **The ABRAXAS Series** Cinsearae Santiago,2009
