Embroidered Georgian Pictures:

Embroidered Georgian Pictures Margaret H. Swain, 2002 **Embroidered Georgian Pictures** Margaret Swain, 1994-09-01 Meticulously embroidered pictures that could be framed and displayed formed a part of a girl's education throughout the Georgian period in Britain 1714-1830. This book explores the subjects and techniques associated with them and also looks briefly at the work produced in American schools. As well as schoolgirls, prominent women such as Miss Morritt, Mrs Knowles and Miss Linwood produced large embroidered pictures to simulate paintings which, although greatly admired at the time, are now almost totally neglected. Pictorial needlework also adorned upholstery, chair seats, screens and wall hangings; this book will be a useful handbook for collectors, museum curators and antique dealers and an inspiration to the modern needleworker.

Pictorial Embroidery in England Rosika Desnoyers, 2019-02-21 The little-known art of Berlin Work was once the most commonly practiced art form among European women. Pictorial Embroidery in England is the first academic study of both pictorial Berlin Work and its precursor needlepainting, exploring their cultural status in the 18th and 19th centuries. From enlightenment practices of copying to the development of an industrial aesthetic and the making of the modern amateur, Berlin Work developed as an official knowledge associated with notions of cultural and scientific progress. However, with the advent of the Arts and Crafts movement and modernist aesthetics, Berlin Work was gradually demoted to a craft hobby. Delving into the social, cultural and economic context of English pictorial embroidery, Pictorial Embroidery in England recovers Berlin Work as an art form and demonstrates how this overlooked practice was once at the centre of cultural life.

Gender, Religion, and Radicalism in the Long Eighteenth Century Judith Jennings, 2017-11-30 Through analysis of the life and writings of eighteenth-century Quaker artist and author Mary Knowles, Judith Jennings uncovers concrete but complex examples of how gender functioned in family, social and public contexts during the Georgian Age. Knowles's story, including her bold confrontation of Samuel Johnson and public dispute with James Boswell, serves as a lens through which to view larger connections such as the social transformation of English Quakers, changing concepts of gender and the transmission of radical political ideology during the era of the American and French revolutions. Further, Jennings offers a more nuanced view of the participation of middling women in radical politics through an examination of Knowles's theological beliefs, social networks and political opinions at a time when the American and French Revolutions reshaped political ideology. By analyzing Mary Knowles's connections, both male and female, Jennings contributes new understanding about how sociability operated, encompassing women and men of various faiths and ethnic origins.

Anna Seward: A Constructed Life Teresa Barnard, 2016-04-15 In her critical biography of Anna Seward 1742-1809 Teresa Barnard examines the poet's unpublished letters and manuscripts providing a fresh perspective on Seward's life and historical milieu that restores and problematizes Seward's carefully constructed narrative of her life Of the poet Anna Seward it may be said with some veracity that hers was an epistolary life What is known of Seward comes from six volumes of her letters and from juvenile letters that prefaced her books of poetry all published posthumously That Seward intended her correspondence to serve as her autobiography is clear but she could not have anticipated that the letters she intended for publication would be drastically edited and censored by her literary editor Walter Scott and by her publisher Archibald Constable Stripped of their vitality and much of their significance the published letters omit telling tales of the intricacies of the marriage market and Seward's own battles against gender inequality in the educational and workplace spheres Seward's correspondents included Erasmus Darwin William Hayley Helen Maria Williams and Robert Southey and her letters are packed with stories and anecdotes about her friends' lives and characters what they looked like and how they lived Particularly compelling is Barnard's discussion of Seward's astonishing last will and testament a twenty-page document that summarizes her life achievements and self-definition as a writing woman Barnard's biography not only challenges what is known about Seward but provides new information about the lives and times of eighteenth-century writers
