Andy Serkis - The Man Behind the Mask Justin Lewis,2012-11-05 Andy Serkis is best known for his remarkable interpretation of the vengeful and obsessive Gollum in the groundbreaking Lord of the Rings screen trilogy 2001 03 Landing the role presented him with a formidable challenge helping to bring to life a computer generated character that was not just

technically dazzling but emotionally credible To play Gollum needed a performer with immense stamina and creativity requirements which for audiences and critics alike Andy Serkis exceeded But there is far more to Serkis than The Lord of the Rings When he began work on the trilogy in 1999 he already had 15 years of experience in theatre television and cinema portraying characters who were eccentric complex and even monstrous He was always determined to inject humanity and empathy into every part he played no matter how flawed they may have seemed It is this level of intensity and commitment that has enriched so many of his roles from Bill Sykes to King Kong and from Albert Einstein to Ian Dury Andy Serkis returned to the big screen in 2011 as Captain Haddock in the long awaited The Adventures of Tintin Secret of the Unicorn and is now preparing to revisit the persona of Gollum for the cinematic remake of The Hobbit Author Justin Lewis examines the life and career to date of this most highly principled hard working and versatile of actors *Playing in the Rain: Lindsey Buckingham & Fleetwood Mac* Tyler Martin Sehnaal, 2019-03-09 Turn on the radio or take the time to flip through the stacks of used CDs at your local Goodwill or thrift store Google rock n roll music even Better yet visit any public place that plays popular music from the last 50 years or so as the soundtrack to your Saturday afternoon grocery shopping clothes buying or indie record store scouting experience and you ll find that no matter where you go there s an ever enduring presence that since the late 1960s has been a mainstay in the world of pop culture and popular music a former blues band turned rock n roll atom bomb called Fleetwood Mac Though much of the band s popularity stems from their work in the late seventies and eighties from an era when gas was 50 cents a gallon and singers were their own songwriters there s a reason why the band has been able to maintain their status as rock n roll royalty even more than 50 years after making their debut as a London based blues group His name is Lindsey Buckingham **The 100 Greatest Drummers of All Time...and a little bit about them** Steve Judkins, The 100 Greatest Drummers of All Time takes readers on a rhythmic journey through the history and evolution of drumming From the early pioneers who set the stage to the legends of the golden age to the contemporary masters shaping the future this book celebrates the drummers who have provided the heartbeat of music **Songbird** Lesley-Ann Jones, 2024-11-19 In this revealing portrait of keyboardist lyricist and vocalist Christine McVie of Fleetwood Mac readers will get an exclusive glimpse of the band s mother figure Christine McVie born Christine Perfect was the quintessentially English rock star as both the backbone and the beating heart of Fleetwood Mac She wrote and performed many of their greatest hits and was dubbed the mother of the band It was Christine who contained the flock regrouped them when they went AWOL and always got them back on track And yet as the engine of the band during their Rumours era an album which charted the romantic disintegration within the band Christine s personal life was every bit as tempestuous as those of her bandmates Told by an author who herself was friends with Christine and with new contributions from those who knew her best Songbird offers a true insider s view and psychological insight into Christine as a both a woman and a musician the ultimate picture of a rock legend and a national treasure *The Encyclopedia of Popular Music* Colin
