Flight To Everywhere:

The Publishers Weekly, 1945-03 **The Templars** Geordie Torr, 2020-04-03 Shrouded in myth and conspiracy the history of the Knights Templar is little understood Geordie Torr pulls fact from fiction revealing the astonishing tale of this military religious order that dominated the politics of the medieval Middle East Initially created to protect Christian pilgrims to the Holy Land in the wake of the First Crusade the Templars soon became an institution of incredible power possessing wealth and influence throughout the courts of Europe Yet just two centuries later they dramatically fell as its members were accused of heresy and burned at the stake Set against the dramatic backdrop of the wars between Christians and Muslims this illustrated book brings to life the legacy of this secretive order and the characters who defined the era **Journal** Institute of Transport (London, England), 1924 **The Home Place** Dennis Cooley, 2016-07-05 He wants to sit and visit at the kitchen table and he can hardly wait to get on the road again From Chapter 1 Robert Kroetsch one of Canada's most important writers was a fierce regionalist with a porous yet resilient sense of home Although his criticism and fiction have received extensive attention his poetry remains underexplored This exuberantly polyvocal text insightfully written by Dennis Cooley who knew Kroetsch and worked with him for decades seeks to correct that imbalance The Home Place offers a dazzling playful and intellectually complex conversation drawing together personal recollections Kroetsch's archival materials and the international body of Kroetsch scholarship For literary scholars and anyone who appreciates Canadian literature The Home Place will represent the standard critical evaluation of Kroetsch's poetry for years to come Airways, 1926 *What's Eating Gilbert Grape* Peter Hedges, 1999-11 The coming of age of a 24 year old grocery clerk who has spent his entire life in an Iowa town with a population of 1091 **Airbus A380** Guy Norris, 2005-11-10 Poised for takeoff on that hot morning in April 2005 the Airbus A380 had the purposeful powerful presence of a giant predatory bird With its enormous gulled wings imperiously tall tail and broad domed forepeak it looked ready to take on the world And along the way it has had plenty of supporters and critics No civil airliner since the supersonic Concorde has aroused such emotion such fascination and such cause célèbre To a confident Airbus and the thousands of awestruck workers who cheered it into that cloudless sky over Toulouse it means so much more The European company has been transformed under the broad wings of this incredible project into a single corporate entity from a loose consortium into a new more dynamic force to challenge its worthy adversary Boeing in every market sector **A Prince of Our Disorder** John E. Mack, 1998 First published in 1976 John Mack's Pulitzer Prize winning biography humanely and objectively explores the relationship between T E Lawrence's inner life and his historically significant actions Extensive research provides the basis for Mack's sensitive investigation of the psychological dimensions of Lawrence's personality and with the history sociology and politics of his time 27 photos **Forest and Stream**, 1921 The Yemen Hans Helfritz, 2020-10-07 When this book was first published in 1958 Arabia was even then one of the least known corners of the globe The foreigner was strictly forbidden from entering except those

with the Imam's personal consent and then under close supervision. Foreigners were only allowed as far as the capital and what lay beyond was practically unexplored. To Hans Helfritz the only hope of seeing the forbidden area was to make a secret journey approaching it in disguise by the back door. He decided to reach the borders of the Yemen by a wide detour through the interior crossing a desert previously considered impassable and still recorded on the maps as a blank. Beginning on the coast at the eastern extremity of the Gulf of Aden he made his way through the Hadhramaut, the Rub al Khali and the Yemen to the Red Sea, the first crossing ever of the south western part of the peninsula. From this journey he brought back a fascinating record of adventure and exploration together with many wonderful pictures of cities never before photographed.

A Physician's Vacation Walter Channing, 1856 **Lost and Found In Spain** Susan Lewis Solomont, 2019-03-26 In these pages Susan Solomont has shared an exhilarating story of the challenges and the special joys of representing America abroad which will inspire, educate and delight Nancy Pelosi. An insider's account of everyday life in an American embassy that reminds us we are all looking for our place in the world whether on the international stage or in our own hearts. When her husband was appointed by President Barack Obama to be U.S. Ambassador to Spain and Andorra, Susan Solomont uprooted herself. She left her career, her friends and family and a life she loved to join her husband for a three and a half year tour overseas. Part memoir and part travelogue, Solomont recounts a time of self-discovery as she navigates a new life in a foreign country. She learns the rules of a diplomatic household, goes on a culinary wanderlust with some of Spain's greatest chefs, finds her place in the Madrid Jewish community and discovers her own voice as she creates new meaning in her role as a spouse, a community member and a twenty-first century woman.

Dusty Answer Rosamond Lehmann, 1927 A semiautobiographical portrayal of upper-class adolescence that contains a groundbreaking examination of lesbianism in the young.

Freedom Ira Berlin, Barbara J. Fields, Thavolia Glymph, 2010-04-19 **Under Mountain Shadows** William D. Frank, 2024-03-13 From her world-famous dude ranch in Washington state's Yakima County, Kay Kershaw exerted tremendous influence on conservation efforts in the Pacific Northwest and tangentially on LGBTQ rights in the United States. After gaining local renown in sports and aviation, she established the ranch at Goose Prairie with her first partner, Pat Kane, a fraught undertaking in a region closely associated with the John Birch Society. Operating under the guise of two spinsters, Kershaw and her later life partner, Isabelle Lynn, guarded their privacy closely but local encroachment by the U.S. Forest Service and the timber industry forced them into the public arena as environmentalists. In partnership with Supreme Court Justice William O. Douglas, Kershaw and Lynn spearheaded a decades-long campaign to save the ancient forests and ecosystem of Washington's Cascade Range. In the process, Kay and Isabelle's devoted relationship proved a marked contrast to Justice Douglas's own turbulent love life, perhaps affecting his perception of the law and his precedent-setting judicial opinion in *Griswold v. Connecticut* (1965) which provided the basis for major LGBTQ Supreme Court decisions in the twenty-first century as well as *Roe v. Wade* in 1973.
