Twice as Far Thomas Juby,RJ Parker,2017-01-25 On the 2nd of September 1998 near

the small fishing village of Peggy's Cove. A Swissair passenger jet carrying 229 people crashed into the ocean with a complete loss of life. This book is the true story of the crash investigation as told by the RCMP's main crime scene investigator who worked on the investigation from start to finish. For more than four years he searched for the truth amid the remains of human flesh and the debris of the aircraft. What he found was not what was presented to the public. Nepotism, deception, intimidation, and lies were tools used by supervisors and managers to overcome this one person criminal investigation and keep the truth from the public. This is the in-depth story that shows how the Royal Canadian Mounted Police and the Transportation Safety Board of Canada broke the law and failed to perform their legal obligations to the Canadian and International public and to the victims and their families.
