[The Handbook of Bird Identification](#) Mark Beaman,Steve Madge,2010-09-30 An identification guide covering all the bird species to have occurred in the European region Birding is one of the most popular activities and pastimes in Europe and so it follows that it is essential to be able to identify the birds on view be it in the back garden or for making more serious in depth studies This book aims to bring together as much information as possible in one volume using extremely detailed up to date guides and identification of every species known to have occurred in Europe and the West Palearctic that is the whole of Europe North Africa as far south as the Central Sahara the Middle East to the border of Iran the Azores Madeira Canary Islands the islands off Mauritania and the Cape Verde islands as defined by Cramp and Simons 1977 They have certainly been successful in doing so and have produced a wonderfully comprehensive guide covering nearly 900 species showing a wide range of differing plumages The colour plates are exquisite and have been painted by some of Europe s leading bird artists The text is clear and can be followed by beginners but finer points of identification are included for the benefit of more serious bird watchers Particularly helpful is the cross referencing of the text and colour plates There are more than 600 colour maps to identify where the birds are to be found which are simple and easy to use with excellent descriptions of status and habitat

Field Guide to Birds of the Horn of Africa Nigel Redman,Terry Stevenson,John Fanshawe,2020-05-28 The definitive guide to the birds of Ethiopia Eritrea Djibouti and Somalia The Horn of Africa has the highest endemism of any region in Africa and around 70 species are found nowhere else in the world Many of these are confined to the isolated highlands of Ethiopia and Eritrea but a large number of larks and other grassland birds specialise in the arid parts of Somalia and adjoining eastern Ethiopia The region is also an important migration route and wintering site for many Palearctic birds This book is the perfect guide to the birds of the region it also includes the remote Yemeni archipelago of Socotra in its coverage which boasts a suite of endemics

More than 200 magnificent plates by John Gale and Brian Small illustrate every species that has ever occurred in the region. Succinct text covers the key identification criteria with special attention paid to the voices of the species and more than 1000 accurate colour distribution maps are included. This comprehensive field guide is an essential companion for any birdwatcher visiting the Horn of Africa. *Birds of East Africa* Terry Stevenson, John Fanshawe, 2004-12-01. This is the first comprehensive field guide dealing exclusively with the birds of this spectacular region. It covers all resident, migrant and vagrant species found in Kenya, Tanzania, Uganda, Rwanda and Burundi. Over 1300 species are illustrated with full details of all the plumages and major races likely to be encountered. Concise text describes identification, status, range, habits and voice with range maps for each species. This authoritative book will not only be an indispensable guide to the visiting birder but also a vital tool for those engaged in work to conserve and study the avifauna of this region. East Africa shelters a remarkable diversity of birds, many seriously endangered with small and vulnerable ranges. They form a constantly colourful, noisy and highly extrovert part of the landscape.
