PhD Benner, 2012-02-01 Being human is a lifelong journey of becoming This journey defines our humanity for it is a journey toward our source and our

fulfillment described in Christian theology as union with God. If we remain open to God as our sense of self awakens, we experience a deeper consciousness of being in him. The self that emerges during this process is larger, more enlightened, and whole. David Benner, who has spent thirty-five years integrating psychology and spirituality, presents psychological insights in a readable fashion to offer readers a deeper understanding of the self and its spiritual development. Drawing on a broad range of Christian traditions, Benner shows that the transformation of self is foundational to Christian spirituality. This book will appeal to readers interested in a psychologically grounded, fresh exploration of Christian spirituality: professionals engaged in pastoral care, counseling, and spiritual direction; and students in ministry development and spiritual formation courses. Questions and answers for individual or group use are included at the end of each chapter.

Discovering Your Sexual/Spiritual Power Sue Mize, 2001. Dear Reader, *Discovering Your Sexual/Spiritual Power* is a self-help book, or as I like to think of it, a treasure map. It is also a novella. The novella takes you into the private and passionate world of colleagues Lilith Swan and Grant Davis as they engage in an unadulterated extra-marital affair. Lilith discovers her sexual/spiritual power through this affair, and she will guide you in discovering yours. The treasure map, or self-help part of the book, takes you into your own private world of self-discovery. Self-discovery is like having an affair with yourself, and having an affair with yourself is like going on an odyssey, an adventure to mysterious and exotic lands where you hunt for treasures. This book is your treasure map, and the exercises at the end of each chapter serve as X's marking the spots where your treasures are to be found. Finding your treasure, you will return from your odyssey to discover that your home is a place of new and endless possibilities. I wish you courage on your journey. Sue Mize, Author.

Intimate Spirituality Gordon J. Hilsman, 2007-03-05. In *Intimate Spirituality: The Catholic Way of Love and Sex*, Gordon J. Hilsman presents sexual loving as integral, rather than separate from, most people's spiritual lives. His coalescing of intimate love with traditional Catholic concepts, virtues, capital sins, fruits of the Spirit, sacraments, augments the pervasively moral view of sex with a spiritual perspective that highlights its beauty and power to shape the virtue of people's lives. Seeing sexual attraction as built into humanity by the Creator to feed and challenge virtually all persons worldwide, he illustrates how intimate loving is actually a neglected aspect of Christian spirituality that has never been developed as fully as the individual and the communal. Hilsman calls upon theologians and spiritual leaders to further develop the understanding of intimate loving as a genuinely beautiful spiritual aspect of life. Many Christians, Catholics and Protestants alike, who take both their love lives and their Christian faith seriously, will find the positive, healthy view of sexuality presented in this book illuminating and helpful. So will those who counsel them.

While flirting can be innocent, it can also lead to remarkable harm if you become engaged to the wrong suitor. Read this work to find satirical humor in what may arise in the next four years.

Anatomy of Spirituality: Portrait of the Soul Chander Behl,2015-04-27 The domain of spirituality separated from its theological overburden believes in the existence of a spiritual self presumed to be distinctly separate from the psychological self The spiritual eternal self also known as the soul or spirit sometimes supported by an overarching Spirit is asserted to be operating behind the ephemeral self This book takes a contrarian stance it argues that the premise of the soul concept is obtained through the magic of language maintained through the marvel of the brain s biochemistry and sustained through the mirage of the psychological juggernauts of the brain The magic the marvel and the mirage together bring about subtle shifts as the linguistic brain suppresses many psychological details habitually applies mental templates such as inversions and dichotomies and enhances its language by coining religious and spiritual metaphors The consequence of these changes is that the usual flickering self begins to be impressed by itself believing it is buttressed by something transcendental and eternal within the soul or the spirit The self although indoctrinated during its formative years also begins to assimilate and accept the opinion that the overwhelming weight of religious doctrines and dogmas the overburden signifies as the legitimate proof for the eternal soul
