Florence Henri Artist Photographs Of The Avantgarde:

Florence Henri, Artist-photographer of the Avant-garde Diana C. Du Pont, Florence Henri, San Francisco Museum of Modern Art, 1990 Florence Henri Muriel Rausch, 2015 Florence Henri's work occupied a central place in the world of avant garde photography in the late 1920s and this survey pays homage to her essential but under recognized contribution. This comprehensive publication offers an unprecedented overview of Henri's work produced between 1927 and 1940 and includes her iconic self portraits and still lifes as well as lesser known portraits of her contemporaries, photomontages, collages and documentary work. László Moholy Nagy, a supporter and her contemporary, is quoted as saying: "With Florence Henri's photos, photographic practice enters a new phase, the scope of which would have been unimaginable before today. Above and beyond the precise and exact documentary composition of these highly defined photos, research into the effects of light is tackled not only through abstract photograms but also in photos of real life subjects. Henri remains an inspiration for photographers, artists and design enthusiasts who see her work as masterfully executed illustrations and experimentation in perspective and composition, a connective thread that is as relevant to today's experimentation with the medium as it was in its day." **Florence Henri**, 1990 Fixing an Image of Florence Henri Stacey McCarroll Cutshaw, 1994 *Encyclopedia of Twentieth-Century Photography, 3-Volume Set* Lynne Warren, 2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner. This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force. This Encyclopedia presents the important developments, movements, photographers, photographic institutions and theoretical aspects of the field along with information about equipment, techniques and practical applications of photography. To bring this history alive for the reader, the set is illustrated in black and white throughout and each volume contains a color plate section. A useful glossary of terms is also included. **Dictionary of Women Artists: Introductory surveys ; Artists, A-I** Delia Gaze, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis, an information company. American Photo, 1991-07 **North American Women Artists of the Twentieth Century** Jules Heller, Nancy G. Heller, 2013-12-19 First Published in 1997 North American Women Artists of the Twentieth Century: A Biographical Dictionary was created to fill a gap of there being a comprehensive reference work like this available even though the bibliography in English on various aspects of the history of women artists has grown exponentially during the past ten years. As researchers, the editors have been frustrated many times by being unable to locate basic information about many of the artists included in this volume, especially those working outside the United States. This leads directly to another reason for producing this particular kind of reference book: to try and create a better understanding between and among the artists and art audiences in these countries. **Reading Marie al-Khazen's Photographs** Yasmine Nachabe Taan, 2020-11-26 The Lebanese photographer Marie al Khazen seized every opportunity to

use her camera during the years that she was active between 1920 and 1940 She not only documented her travels around tourist sites in Lebanon but also sought creative experimentation with her camera by staging scenes manipulating shadows and superimposing negatives to produce different effects in her prints Within her photographs bedouins and European friends peasants and landlords men and women comfortably share the same space Her photographs include an intriguing collection portraying her family and friends living their everyday lives in 1920s and 30s Zgharta a village in the north of Lebanon Yasmine Nachabe Taan explores these photographs emphasizing the ways in which notions of gender and class are inscribed within them and revealing how they are charged with symbols of women s emancipation to today s viewers through women s presence as individuals separate from family restrictions of that time Images in which women are depicted smoking cigarettes driving cars riding horses and accompanying men on hunting trips counteract the common ways in which women were portrayed in contemporary Lebanon

Modern Women: Women Artists at The Museum of Modern Art

Alexandra Schwartz,2010 This text examines the collection of feminist art in the Museum of Modern Art It features essays presenting a range of generational and cultural perspectives *Brassai* Marja Warehime,1998 In this study of Brassai s complete oeuvre the author analyzes Brassai s paradoxical position between documentary realism and surrealism in the France of the 1930s She stresses the subjects he pursued most passionately the shadowy Paris night urban graffiti and the nature of creative genius Encyclopedia of Twentieth-century Photography Lynne Warren,2006 Publisher description

The Art of Reflection Marsha Meskimmon,1996 Marsha Meskimmon examines a wide variety of women s self portraiture from performance to body art in lively and accessible prose She takes the cultural focus from the dominant male self portraiture to the more marginalized gender bringing women artists perspectives to the forefront The Originality of the Avant-Garde and Other Modernist Myths Rosalind E. Krauss,1986-07-09 Co founder and co editor of October magazine a veteran of Artforum of the 1960s and early 1970s Rosalind Krauss has presided over and shared in the major formulation of the theory of postmodernism In this challenging collection of fifteen essays most of which originally appeared in October she explores the ways in which the break in style that produced postmodernism has forced a change in our various understandings of twentieth century art beginning with the almost mythic idea of the avant garde Krauss uses the analytical tools of semiology structuralism and poststructuralism to reveal new meanings in the visual arts and to critique the way other prominent practitioners of art and literary history write about art In two sections Modernist Myths and Toward Postmodernism her essays range from the problem of the grid in painting and the unity of Giacometti s sculpture to the works of Jackson Pollock Sol Lewitt and Richard Serra and observations about major trends in contemporary literary criticism

Bauhaus Effects in Art, Architecture, and Design Kathleen James-Chakraborty,Sabine T.

Kriebel,2022-04-21 Bringing together an international team of scholars this book offers new perspectives on the impact that the Bauhaus and its teaching had on a wide range of artistic practices Three of the fields in which the Bauhaus generated

immediately transformative effects were housing typography and photography Contributors go further to chart the surprising relation of the school to contemporary developments in hairstyling and shop window display in unprecedented detail New scholarship has detailed the degree to which Bauhaus faculty and students set off around the world but it has seldom paid attention to its impact in communist East Germany or in countries like Ireland where no Bauhausler settled This wide ranging collection makes clear that a century after its founding many new stories remain to be told about the influence of the twentieth century s most innovative arts institution The book will be of interest to scholars working in art history design history photography and architectural history The Art of Interruption John Roberts,1998 This is the first monograph length study that charts the coercive diplomacy of the administrations of Richard Nixon and Gerald Ford as practised against their British ally in order to persuade Edward Heath s government to follow a more amenable course throughout the Year of Europe and to convince Harold Wilson s governments to lessen the severity of proposed defence cuts Such diplomacy proved effective against Heath but rather less so against Wilson It is argued that relations between the two sides were often strained indeed to the extent that the most special elements of the relationship that of intelligence and nuclear co operation were suspended Yet the relationship also witnessed considerable co operation This book offers new perspectives on US and UK policy towards British membership of the European Economic Community demonstrates how US d tente policies created strain in the special relationship reveals the temporary shutdown of US UK intelligence and nuclear co operation provides new insights in US UK defence co operation and re evaluates the US UK relationship throughout the IMF Crisis

Jewellery in the Age of Modernism 1918-1940 Simon Bliss,2018-11-15 Why has jewellery and body adornment often been marginalized in studies of modernist art and design This study explores the relationship between jewellery modernism and modernity from the jazz age to the second world war in order to challenge the view that these portable art forms have only a minor role to play in histories of modernism From the masterworks of the Parisian jewellery houses to the film and photography of Man Ray this study seeks to present jewellery in a new light where issues of representation and display are considered to be as important in the creation of a modern jewellery culture as the objects themselves Drawing on material from museums archives contemporary journals memoirs literary and theoretical texts this study shows how the emergence of modern jewellery began to seriously question conventional notions of body adornment **Photography's Last Century** Jeff

L. Rosenheim,2020-03-09 Beginning with Paul Strand s landmark *From the Viaduct* in 1916 and continuing through the present day Photography s Last Century examines defining moments in the history of the medium Featuring nearly 100 masterworks from one of the most important private holdings of photography the book includes works by Diane Arbus Richard Avedon Walker Evans L szl Moholy Nagy Man Ray and Cindy Sherman as well as a diverse group of important lesser known practitioners A fascinating interview with Ann Tenenbaum provides a personal account of the works while the main text offers an essential history of photography that addresses the implications of calling this period the medium s last century

Nell Walden, Der Sturm, and the Collaborative Cultures of Modern Art Jessica Sjöholm Skrubbe, 2021-12-30 Based on hitherto overlooked archival material this book reveals Nell Walden's significant impact on the Sturm organisation through a feminist reading of supportive labour that highlights the centrality of collaborative work within the modern art world This book introduces Walden as an ardent collector of modern and indigenous art and critically contextualises her own art production in relation to expressionist concepts of art and to gendered ideas on abstraction and decoration Visual analyses highlight how she collaborated with professional and experimental women photographers during the Weimar era and how the circulation of these photographs served as a means to intervene in the public sphere of culture in interwar Germany Finally the book provides an analysis of Walden's continuing work for Der Sturm after her voluntary exile from Germany to Switzerland in 1933 and highlights the importance of women's supportive labour for the canonisation and institutionalisation of modern art in museums and archives The book will be of interest to scholars working in art history visual studies and gender studies

Bauhaus Women Elizabeth Otto, Patrick Rössler, 2019-03-21 Forty five key women of the Bauhaus movement Bauhaus Women A Global Perspective reclaims the other half of Bauhaus history yielding a new understanding of the radical experiments in art and life undertaken at the Bauhaus and the innovations that continue to resonate with viewers around the world today The story of the Bauhaus has usually been kept narrow localised to its original time and place and associated with only a few famous men such as Walter Gropius Marcel Breuer Paul Klee Wassily Kandinsky and László Moholy-Nagy Bauhaus Women A Global Perspective bursts the bounds of this slim history by revealing fresh Bauhaus faces Forty five Bauhaus women unjustifiably forgotten by most history books This book also widens the lens to reveal how the Bauhaus drew women from many parts of Europe and beyond and how through these cosmopolitan female designers artists and architects it sent the Bauhaus message out into the world and to a global audience
