Note on Nursing Florence Nightingale, 2013-07-01. Neither in my own nursing education at the BSN nor at the MSN level was it even suggested, much less required, that I read any of Florence Nightingale's original writings. Even as a nurse educator for over 30 years, I did not require my students to read her writings either. After reading this book, I now believe it is a void in the education of a nurse not to read at least some of the writings of the founder of modern-day nursing. *Notes on Nursing* would be an excellent choice.
