The Florentine Fior Di Virtu of 1491 Lessing Julius Rosenwald, 1953 *The Florentine Fior Di Virtu of 1491* Library of Congress, 1953 *The Florentine Fior Di Virtu of 1491* , 1953 **United States Government Organization Manual** , 1966 *The Florentine Fior Di Virtu of 1491. Transl. Into English by Nicholas Fersin with Facsimiles of All of the Original Wood Cuts* , 1953 **The Intellectual Education of the Italian Renaissance Artist** Angela Dressen, 2021-09-02 Scholars have traditionally viewed the Italian Renaissance artist as a gifted but poorly educated craftsman whose complex and demanding works were created with the assistance of a more educated advisor These assumptions are in part based on research that has focused primarily on the artist's social rank and workshop training In this volume Angela Dressen explores the range of educational opportunities that were available to the Italian Renaissance artist Considering artistic formation within the history of education Dressen focuses on the training of highly skilled average artists revealing a general level of learning that was much more substantial than has been assumed She emphasizes the role of mediators who had a particular interest in augmenting artists knowledge and highlights how artists used Latin and vernacular texts to gain additional knowledge that they avidly sought Dressen's volume brings new insights into a topic at the intersection of early modern intellectual educational and art history *Medieval Bestiaries* , 2025-08-28 What could the phoenix elephant and spider teach medieval people and what can they teach us now about human animal relationships *Medieval Bestiaries* New Approaches offers innovative insights on questions previously unasked about a most popular type of illuminated manuscript whose animal pictures and stories continue to entertain and inspire Bringing together an impressive range of multi disciplinary expertise the authors provide fresh perspectives on previously unpublished or under explored bestiary texts images methods of production cross literary influences and moralized messaging Most significantly they move bestiaries out of their specialized scholarly corner into the wider world of animal thinking across Christian Jewish and Islamic cultures and stake a claim for animals as a central meeting ground for medieval and modern sensibilities Contributors are Emma Campbell Marc M Epstein Erica Fudge Larisa Grollemond Rebecca Hill Elizabeth Morrison Julie Orlemanski Alexandra Paddock and Debra Higgs Strickland *Chastity* Nancy van Deusen, 2008-02-28 Chastity as a topic is an ideal interdisciplinary consideration since it accesses iconographical representation the philosophical issues of purity morality and of innocence the legal issues of loss and punishment the historical issues of celibacy and the legislation that topic evoked as well as the role of chastity as a literary topos in Late Antiquity as well as the Middle Ages for example in medieval commentary traditions and within medieval vernacular literatures The topic of Chastity as well as its opposing characteristics thus provides an arena for a discussion of the transmission of Ovid and the commentaries this author provoked in the Middle Ages the interpretation of images illustrating legal texts cross cultural enquiries such as the reciprocity between Christian Muslim and Judaic interpretations of temperance continence and abstinence and the theological legal issue of God's rights in

excising Adam and Eve from the Garden of Eden Contributors Nancy van Deusen Frank T Coulson Marcia L Colish Uta Renate Blumenthal Th r se Anne Druart Claudia Bornholdt Susan L Engle Cristian Gaspar and Rafael Chodos *Italian Literature before 1900 in English Translation* Robin Healey, 2011-12-15 Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008 It lists works from all genres and subjects and includes translations wherever they have appeared across the globe In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings Most entries are accompanied by useful notes providing information on authors works translators and how the translations were received Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy s most translated authors Dante Alighieri Machiavelli and Boccaccio and other hundreds which represent the author s only English translation A significant number of entries describe works originally published in Latin Together with Healey s Twentieth Century Italian Literature in English Translation this volume makes comprehensive information on translations accessible for schools libraries and those interested in comparative literature **Gender in Debate From the Early**

Middle Ages to the Renaissance T. Fenster, C. Lees, 2016-04-30 Modern scholarship generally treats the debate about women querelle des femmes as a late medieval phenomenon perhaps touched upon by canonic authors like Chaucer but truly begun by Christine de Pizan 1364 1429 and therefore primarily of English and French origin That emphasis has obscured the ways in which both writers were participating in a much wider much older cultural phenomenon with varied and intractable roots Articles in this collection explore how gender is put into debate in Anglo Saxon German Spanish and Italian cultures and they re examine French and Middle English debate literature The collection is carefully planned to be accessible to students seeking an idea of the debate s motifs and contours while maintaining the high level of issue involvement necessary to commanding a more seasoned audience Contributors include Pamela Benson Alcuin Blamires Margaret Franklin Roberta Krueger Clare Lees and Gillian Overing Ann Matter Karen Pratt Helen Solterer Julian Weiss and Barbara Weissberger

From Ancient Israel to Modern Judaism: Judaism in the Middle Ages: philosophers. Hasidism, Messianism in modern times. The modern age: philosophy Jacob Neusner, Ernest S. Frerichs, Nahum M. strikingly [Printed Italian Vernacular Religious Books 1465-1550](#) Anne Jacobson Schutte,1983 **Feminist History of Philosophy: The Recovery and Evaluation of Women's Philosophical Thought** Eileen O'Neill, Marcy P.

Lascano,2019-06-26 Over the course of the past twenty five years feminist theory has had a forceful impact upon the history of Western philosophy The present collection of essays has as its primary aim to evaluate past women s published philosophical work and to introduce readers to newly recovered female figures the collection will also make contributions to the history of the philosophy of gender and to the history of feminist social and political philosophy insofar as the collection will discuss women s views on these issues The volume contains contributions by an international group of leading historians of philosophy and political thought whose scholarship represents some of the very best work being done in North and Central America Canada Europe and Australia *Cities of God* Augustine Thompson,2010-11-01 When religion is considered the subjects are usually saints heretics theologians and religious leaders thereby ignoring the vast majority of those who lived in the communes Drawing on many ecclesiastical and secular sources this book aims to give a voice to the majority orthodox lay people and those who ministered to them *The Dancing Body in Renaissance Choreography* Mark Franko,2022-03-01 The Dancing Body in Renaissance Choreography problematizes the absence of the dancing body in treatises in order to reconstruct it through a series of intertextual readings triggered by Thoinot Arbeau s definition of dance in his 1589 dance treatise Orchesographie The notion of the intertext as elaborated by Michael Riffaterre is used to understand a series of relationships between dance and other activities within which the historical dancing body emerges to the light of day Arbeau s discussion of dance as a mute rhetoric in the demonstrative genre points to the intertext of Quintilian s The Oratorical Institution where the genus demonstrativum is explained as epideixis the goal of which is to inspire confidence and charm the audience The second intertext explored is that of civility as found in courtesy books where the posture of the body and the parameters of movement are outlined converging in the gesture of the r v rence The categories of pose and movement are then read into the structure of the basse danse the quintessential courtly social dance of the period The relation of pose to movement or of stillness to mobility is further theorized through the terms of earlier Italian treatises specifically in terms of fantasmata as used by Domenico da Piacenza **Sex Acts in Early Modern Italy** Allison Levy,2017-07-05 Emphasizing the peculiar the perverse the clandestine and the scandalous this volume opens up a critical discourse on sexuality and visual culture in early modern Italy Contributors consider not just painted conventional representations of sexual activities and eroticized bodies but also images from print media drawings sculpted objects and painted ceramic jars In this way the volume presents an entirely new picture of Renaissance sexuality stripping away layers of misconceptions and manipulations to reveal an often misunderstood world Sex acts is interpreted broadly from the acting out or performing of one s or another s sex to sexual activity including what might be considered now or then peculiar practices and preferences and a variety of possibly scandalous scenarios While the contributors come from a variety of disciplinary backgrounds this collection

foregrounds the visual culture of early modern sexuality from representations of sex and sexualized bodies to material objects associated with sexual activities The picture presented here nuances our understanding of Renaissance sexuality as well as our own The Spur Carolus Becker,1962 Virtue, Liberty, and Toleration Jacqueline Broad,Karen Green,2007-07-23 This volume serves as an introduction to a rich and as yet under explored period in the history of women s ideas The volume provides a partial insight into the richness and complexity of women s political ideas in the centuries prior to the French Revolution The essays in this collection examine women s political writings with particular reference to the themes of virtue especially the virtue of phronesis or prudence liberty and toleration
