Flores negras Lara Siscar, 2018-05-24 Inspirada en hechos reales Flores negras es un rotundo alegato contra la indiferencia y la normalización de la violencia verbal física o sexual hacia las mujeres Un thriller extraordinario y original que nos obliga a reflexionar sobre la condición humana y nuestras contradicciones Berta Martos es locutora de radio en un programa nocturno Est acostumbrada a que las llamadas de sus oyentes hablen de soledad y desamor pero la de esta noche es diferente al otro lado de la línea telefónica un disparo interrumpe la conversación que mantiene con un desconocido que está a punto de hacerle una confesión El escándalo estalla en las redes sociales donde miles de personas culpan a la periodista de lo sucedido y exigen su cabeza para saciar su sed de justicia Sometida a una excedencia forzosa Berta decide refugiarse en casa de su madre una famosa actriz retirada hace décadas que quiso aislarse de todo en un pueblo olvidado del mundo en una finca que alberga un inquietante jardín de flores tropicales Un pintoresco lugar en el que los fantasmas del pasado no tardan en unirse a los del presente y poner a prueba la coraza que Berta ha construido para sobrevivir En el extremo más alejado se encontraba el rincón del paraíso Un rectángulo de siete metros por tres delimitado desde el cielo por una descontextualizada enredadera repleta de racimos de una flor carnosa de color turquesa y forma rara De u a De u a bestial De garra Decenas centenares de uñas vegetales de color turquesa colgadas de un delicado enrejado verde Uñas de pájaro Un emparrado de jade Han crecido tanto que casi tocaban los extremos de las flores que tenían debajo Aves del paraíso Parecía que jugaban a las estalactitas y las estalagmitas flores que caían y flores que se elevaban a punto de unirse en aquella gruta psicodélica donde siempre se le erizaba a uno la piel de la nuca El sistema de riego mantenía una humedad constante que nutría a aquellas flores llenas gruesas egoístas voraces Berta no había entrado en aquella esquina extraterrestre desde hacía tiempo Meses tal vez a oscuras La miraba siempre desde fuera Esta vez no se dejó intimidar Decidió dar el paso Uno Y después otro Y retirando la mirada casi para irse vio algo Algo distinto Algo que no se parecía a nada de lo que había visto antes all

**Santa María de las flores negras** Hernán Rivera Letelier, 2011-05-31 El novelista logra conciliar la pica social y el desarrollo del conflicto colectivo con las historias privadas de sus personajes de ficción las amistades y sus contradicciones y desencuentros la fraternidad el festejo la solidaridad los amores Todos estos seres rudos escépticos primitivos llenos de fortaleza y de inocencia marchan durante días a través del desierto y son arrastrados de modo inexorable hacia el trágico desenlace de la Gran Huelga de los obreros salitreros *Leyendas mexicas y mayas* Otilia Meza, 1991 **New World Poetics** George B. Handley, 2010 A simultaneously ecocritical and comparative study New World Poetics plumbs the earthly depth and social breadth of the poetry of Walt Whitman Pablo Neruda and Derek Walcott three of the Americas most ambitious and epic minded poets In Whitman's call for a poetry of New World possibility Neruda's invocation of an American love and Walcott's investment in the poetic ironies of an American epic the adamic imagination of their poetry does not reinvent the mythical Garden that stands before history's beginnings but instead taps the foundational powers of language

before a natural world deeply imbued with the traces of human time. There is a postlapsarian Adam seeking a renewed sense of place in a biocentric and cross cultural New World through language and nature's capacity for regeneration in the wake of human violence and suffering. The book introduces the environmental history of the Americas and its relationship to the foundation of American and Latin American studies, explores its relevance to each poet's ambition to recuperate the New World's lost histories and provides a transnational poetics of understanding literary influence and textual simultaneity in the Americas. The study provides much needed in depth ecocritical readings of the major poems of the three poets insisting on the need for thoughtful regard for the challenge to human imagination and culture posed by nature's regenerative powers, nuanced appreciation for the difficulty of balancing the demands of social justice within the context of deep time and the symptomatic dangers as well as healing potential of human self consciousness in light of global environmental degradation.

**The Poetics of Plants in Spanish American Literature** Lesley Wylie, 2020-12-08 The Poetics of Plants in Spanish American Literature examines the defining role of plants in cultural expression across Latin America particularly in literature From the colonial georgic to Pablo Neruda s Canto general Lesley Wylie s close study of botanical imagery demonstrates the fundamental role of the natural world and the relationship between people and plants in the region Plants are also central to literary forms originating in the Americas such as the New World Baroque described by Alejo Carpentier as nacido de rboles The book establishes how vegetal imaginaries are key to Spanish American attempts to renovate European forms and traditions as well as to the reconfiguration of the relationship between humans and nonhumans Such a reconfiguration which persistently draws on indigenous animist ontologies to blur the boundaries between people and plants anticipates much contemporary ecological thinking about our responsibility towards nonhuman nature and shows how environmental thinking by way of plants has a long history in Latin American literature
