Rhizosphere Benjamin A. Horwitz,Prasun K. Mukherjee,2022-06-08 This book discusses the cross talk between plants and microbes in the rhizosphere The rhizosphere is the hotspot of microbial activities that influence plant growth and crop yield The rhizosphere residing microbes include the nitrogen fixing rhizobia mycorrhizal fungi antibiotic producing bacteria antagonistic plant beneficial fungi and entomopathogens The three way cross talk among the plants the pathogens and other microbes involves signaling molecules metabolites and physical interactions The book also describes deleterious and beneficial aspects of this communication between plants and microbes Plants program the local microbiome near their roots and the microbial community has a profound influence on the functioning of the plant This complex communication makes the collection of chapters a timely one because the diverse subjects are linked by their focus on the molecular language of plant microbe cross talk This timely and informative book is useful for students and researchers in the fields of microbiology soil biology and plant pathology Sustainable Development - the Cultural Perspective Gerhard Banse,Gordon L.

Nelson,Oliver Parodi,2011 This current volume is a result of the Seventh and Eighth International Forum on Sustainable Technological Development in a Globalizing World The Seventh Forum was held June 9 12 2010 in Berlin The Karlsruhe Institute of Technology hosted the event which was organized around culture and sustainability What we each value as a society as a country in our culture is what we want to protect What is sustainable is only what we value This applies all the more to sustainable development which is planned for long time scales and therefore to go beyond individual sustainable technology solutions as well as economic and political cycles What we hold in high regard is the result of cultural influences Consequently we need cultural change in the sense of sustainable development in order to secure sustainability pathways in the long term The key question arising is whether and how this change can be brought about The following Introduction leads us into the specific discussion At the end of the Seventh Forum participants concluded that more specific case studies would be useful and recommended that the Eighth Forum provide a focus for case studies Since the remainder of the Eighth Forum held March 8 10 2011 in Melbourne Florida focused on Alternative Energy with oral papers not really appropriate as written papers it was decided to include the case studies in combination with those papers from Berlin to provide a holistic discussion of culture and sustainability That is the concept for this volume P 13 14
