**Symbols in Arts, Religion and Culture** Farrin Chwalkowski, 2016-12-14 We are a product of nature Every single cell of our body is made of and depends on nature Our inner soul is heavily influenced by nature We feel sad if the sun is not shining for a few days and feel pleasure when drawn to the wonder of flowers and uplifted by the song of birds We came from nature we are part of nature In short we are nature Nature has been an intimate part of the human experience from the earliest times Different religions and cultures from all corners of the world have honoured and worshipped nature in art ritual and literature in their own unique ways This book shows how we learn about our own human nature our own sense of identity and how we fit into the larger scheme of life and spirit when we come to better understand how our human ancestors through art symbol and myth expressed their relationship with the natural world

Subba, 2009 Mythology is a miscellaneous collection of old tales and legends which embraces all of what we now call religion science and philosophy natural moral and metaphysical The Myths are the spiritual instructions of our forefathers The mythical stories are not entertainment stories or folk tales because they can be told only at certain times of the year and under certain conditions The belief systems of all the 14 fourteen mountain tribes and races of Sikkim were sandwiched between the faith of Buddhism from the north and Hinduism from the west in the beginning and then Christianity from the south mainly during the chieftdom periods of Sikkim 1642 1975 A D and Nepal 1769 2008 A D affecting their indigenous belief systems tremendously Today the different tribes and races of Sikkim have awakened not against anybody else but themselves from within and have started rediscovering their own belief systems and traditions Many of these hill tribes or races have adopted many well developed religions of the world with insignificant traces of their own within it This book is an attempt to collect the valuable information of these lesser known oriental Belief System or Religion and Mythologies of the different ethnic mountain people of Sikkim for the first time for further research and development      Flowers and Towers Nira Tessler, 2015-11-25 This book explores the meaning and symbolism of the flower motif in the art of women artists from the nineteenth century to the present day It begins with a discussion of the symbolic significance of the flower in canonical texts such as the Song of Songs in which the female lover is likened to a lily among the thorns and to an enclosed garden These allegorical images permeated into Christian iconography attaining various expressions in the plastic arts from the twelfth through nineteenth centuries The heart of the book is a discussion of the meaning of the change in representations of the flower and at the same time the appearance of amazing images of masculine skyscrapers in the works of avant garde American women artists during the 1920s and 30s in three hubs of Modernist art New York California and Mexico Tessler explains how modernist artists of various fields of art such as Glaspell Stettheimer O Keeffe Pelton Cunningham Mather Modotti and Kahlo were aware of the religious symbolism of the flower in Judaism and Christianity and turned it into an

emblem of the new modern woman with her own views of the world Flowers and Towers concludes by presenting the works of contemporary feminist American artists such as Chicago and Schapiro who pay tribute to those same Modernist artists by creating a new and daring image of the flower and using feminine materials and techniques that link them as it were to their spiritual mothers Shamanism and Northern Ecology Juha Pentikäinen,2011-07-11 The series Religion and Society RS

Otto Karl Werckmeister,1989-07-10 Paul Klee one of the preeminent artists of the twentieth century was associated with all of the major movements of the first half of the century expressionism cubism surrealism and abstraction In this economic and political history O K Werckmeister traces Klee s career as a professional artist concentrating on the years 1914 20 in which Klee rose from obscurity to recognition in the visual culture of the incipient Weimar Republic Werckmeister reveals the degree to which Klee who has been traditionally portrayed as aloof from politics and the vicissitudes of the art market was subject to and interacted with material conditions Drawing on rich documentary evidence records of Klee s sales reviews of his exhibitions the artist s published writings about his art unpublished correspondence as well as contemporary criticism Werckmeister follows Klee s transformation from an idiosyncratic abstract individualist to a metaphysical storyteller to mystical sage Werckmeister argues that this latter image was promoted by a number of influential art critics and dealers acting in cooperation with the artist himself This posture prompted Klee s success first in the war weary modernist art world of 1916 18 and then in the pseudo revolutionary art world of 1919 20 This work is a critical challenge to the myth of Klee s art and to the hagiography of his artistic personality Werckmeister s historical account is sure to be a controversial yet significant contribution to Klee studies one that will change the nature of Klee scholarship for some time to come **Art**
