as long as sexuality itself Its no surprise that history is full of myths about aphrodisiacs Despite all the advances we have  
made in medicine the myth of the aphrodisiacs is as powerful as ever However sexual dysfunction is very often a complex  
problem requiring careful thoughtful and educated treatment Rarely is there quick natural fix Consumers need to do their  
homework before buying into the claims of companies selling natural aphrodisiacs This book is an excellent resource for  
those seeking to educate themselves about the history effectiveness safety and future of natural aphrodisiacs Nevertheless  
the information contained within the text is also important and valuable for both sides of the patient physician equation in the
