Contemporary British Musicals: 'Out of the Darkness' Clare Chandler, Gus Gowland, 2024-02-08 The shortest runs can have the longest legacies for too long scholarship surrounding British musical theatre has coalesced around the biggest names ignoring important works that have not had the critical engagement they deserve Through academic interrogation and industry insight this unique collection of essays recognizes these works shining a light on their creative achievements and legacies With each chapter focusing on a different significant musical a selection of shows spanning 2010s are analysed and the development and evolution of the genre is explored Touching on key hit shows such as SIX Matilda Everybody's Talking About Jamie The Grinning Man and Bend it Like Beckham each chapter discusses different theatrical elements from dramaturgy and musicology to reception and also includes an interview with a practitioner related to each musical providing in depth understanding and invaluable practical and industry knowledge Identifying the intersectionality between industry insight and academic analysis Contemporary British Musicals Out of the Darkness challenges the narrative that the British musical is dead creating a new historiography of the British musical that celebrates the work being created while providing a manifesto for the future *Flowers for Mrs. Harris* Paul William Gallico, 1985 Een Dior japon voor een Londense werkster de droom van haar leven brengt deze eenzame vrouw werkelijk geluk maar op een andere wijze dan zij zich had voorgesteld **The shell-flower maker; or, 'God helps those who help themselves', by the author of 'The bread of deceit'.** Shell-flower maker, 1872 *National Identity and the British Musical* Grace Barnes, 2022-07-14 National Identity and the British Musical From Blood Brothers to Cinderella examines the myths associated with national identity which are reproduced by the British musical and asks why the genre continues to uphold instead of challenging outdated ideals All too often UK musicals reinforce national identity clichés and caricatures conflate England with Britain and depict a mono cultural nation viewed through a nostalgic lens Through case studies and analysis of British musicals such as Blood Brothers Six Half a Sixpence and Billy Elliot this book examines the place of the British

musical within a text based theatrical heritage and asks what or whose Britain is being represented by home grown musicals The sheer number of people engaging with shows bestows enormous power upon the genre and yet critics display a reluctance to analyse the cultural meanings produced by new work or to hold work to account for production teams and narratives which continue to shun diversity and inclusive practices The question this book poses is what kind of industry do we want to see in Britain in the next ten years And what kind of show do we want representing the nation in the future
