

Flower or not flower?
Mist or not mist?
Arrives at midnight,
away since dawn.
Coming like a spring dream,
How long will it stay?
Going like morning cloud,
without a trace.

NONDUALITY AWARENESS THROUGH FLOWERS Seeing beauty in a flower could awaken humans however briefly to the beauty that is an essential part of their own innermost being their true nature The wisdom of Advaita Vedanta which means nonduality recognizes we are all pure consciousness we are the pristine awareness of every experience The first recognition of beauty was one of the most significant events in the history of human consciousness The feelings of joy and love are intrinsically connected to that recognition Without our fully realizing it flowers would become for us an expression in form of that which is most high most sacred and ultimately formless within ourselves Flowers more fleeting more ethereal and more delicate than the plants out of which they emerged would become like messengers from another realm like a bridge between the world of physical forms and the formless Eckhart Tolle There are many questions to ask when looking at life religious mathematical philosophical biochemical each having their own persuasions on who you are what you are why you are the way you are yet do you discover anything about yourself that really makes a difference Has there been a spiritual shift Have you opened up and blossomed into a higher state of life Is your world now a happier more joyful place to be Can you truly say I am infinite love If not then this book will reveal the profundity of being the infinite love that you really are This is not so much a how to book rather it is an is book Love is what you are deep deep down From seed to bloom poets painters and prophets teach that the path to discovering love s eternal flame is through the opening and flowering of the human heart If I had a flower for every time I thought of you I could walk through my garden forever Alfred Tennyson
