Flowers On An Iron Tree Five Cities Of China:

Flowers on an Iron Tree Ross Terrill, 1975 **The A to Z of the Chinese Cultural Revolution** Guo Jian, Yongyi Song, Yuan Zhou, 2009-09-17 The Cultural Revolution in the People's Republic of China started in 1966 and lasted about a decade. This revolutionary upsurge of Chinese students and workers led by Mao Zedong wreaked havoc in the world's most populous country, often turning things upside down and undermining the party government and army while simultaneously weakening the economy, society, and culture. Tens of millions of people were killed, injured, or imprisoned during this period, and relatively few benefited, aside from Mao Zedong and the Gang of Four, the group that would eventually receive the blame for the events of the Cultural Revolution. Given the turbulence and confusion, it is hard to know just what happened. *The A to Z of the Chinese Cultural Revolution* tackles this task. First, in an extensive chronology, it traces the events from year to year and month to month; then, in an introduction, it puts these events in context and helps to explain them. But most importantly, the bulk of the information is provided in a dictionary section with numerous cross-referenced entries on important persons, places, institutions, and movements. A bibliography points to further sources of information, and a glossary will help those researching in Chinese. *China During the Cultural Revolution, 1966-1976* Tony H. Chang, 1999-01-30 One of the most tumultuous periods in modern Chinese history, the Cultural Revolution affected virtually all Chinese people and all aspects of Chinese life, including art, music, and drama, education, factory management, economic planning, and medical care. Studies of the Cultural Revolution in both Chinese and Western languages have burgeoned over the past three decades. This comprehensive, easy-to-use bibliography provides a guide to published English-language sources on the Cultural Revolution. With over a thousand entries, it includes books, monographs, dissertations, and audio-visual materials on a broad range of topics, from the military, education, religion, and economics to foreign relations, population, art, literature, and drama. Including titles published through the end of 1997 and a few in 1998, the book provides a general overview of the literature on the Chinese Cultural Revolution and its impact on China. Its scope and coverage make it a useful resource for any library whose readers have an interest in modern Chinese history. *Cities and City Planning in the People's Republic of China* Laurence J. C. Ma, 1980 *United States-Soviet Union-China, the Great Power Triangle* United States. Congress. House. Committee on International Relations. Subcommittee on Future Foreign Policy Research and Development, 1976 **The Cambridge History of China: Volume 15, The People's Republic, Part 2, Revolutions Within the Chinese Revolution, 1966-1982** Roderick MacFarquhar, John K. Fairbank, Denis Crispin Twitchett, 1991-11-29 In continuing the post-revolution study started in Volume 14, Volume 15 considers the developments in Mao's thoughts and how they related to China's government. The most comprehensive account of this turbulent period in Chinese history. *The Fading of the Maoist Vision* Rhoads Murphey, 2013-11-05 First published in 1980, this book analyzes Chinese society and evaluates the achievements and failures of the Maoist ideology. The central theme is the urban and rural balance in China's development from the Revolution.

to the late twentieth century The Fading of the Maoist Vision shows how the original Revolutionary blueprint was altered and the ways in which China has steered a different course from that charted by Mao as the ideological vision encountered an increasingly pressing set of economic realities The book is particularly valuable in setting China's achievements in the larger context of global ideas about the problems of national development and by comparing them to the experience of India in its pursuit of the Gandhian ideal
