Fixing the Musical Douglas L. Reside, 2023 Thousands of shows have opened on Broadway Why do we remember some and not others The musical theatre repertory is not composed of titles popular in the theatre but by those with successful cast recordings movie versions or even

illegal bootlegs on YouTube The shows audiences know and the texts and music they expect to hear when they attend a production are defined by media consumed at home more than by memories of performances witnessed in the theatre For example author Doug Reside shows that it is no accident that the serious book musical with a fixed score developed in the 1940s when commercially pressed and marketed record albums made it possible to record most of the score of a new musical in a fixed medium And Hamilton a musical with dense lyrics and revolutionary musical style would not have been as easily accessible to world audiences if most hadn't already had the opportunity to learn the score by listening to free digital streams of the original cast recording The technologies that made these media possible developed concurrently with and shaped the American musical as an art form Reside uncovers how the affordances and limitations of these technologies established a repertory of titles that are most frequently performed and defined by the texts used in these performances Fixing the Musical argues that the musicals we most remember are those which most effectively used their era's best recording and distribution technologies to document and share the work with those who would never see the original production on Broadway

Media and Performance in the Musical Raymond Knapp, Mitchell Morris, Stacy Wolf, 2018-09-04 For the past several years the American musical has continued to thrive by reflecting and shaping cultural values and social norms and even commenting on politics whether directly and on a national scale Hamilton or somewhat more obliquely and on a more intimate scale Fun Home New stage musicals such as Come from Away and The Band's Visit open on Broadway every season challenging conventions of form and content and revivals offer audiences a different perspective on extant shows Carousel My Fair Lady Television musicals broadcast live hearken back to 1950s television's affection for musical theatre and aim to attract new audiences through the accessibility of television Film musicals including Les Misérables and Into the Woods capitalize on the medium's technical capabilities of perspective and point of view as well as visual spectacle Television has embraced the genre anew and with unexpected gusto not only devising musical episodes for countless dramatic and comedy series but also generating musical series such as Galavant and Crazy Ex Girlfriend And animated musicals such as Disney's Moana hail child and adult audiences with their dual messages vibrant visual vocabulary and hummable music The chapters gathered in this book Volume II of the reissued Oxford Handbook explore the American musical from the various media in which musicals have been created to the different components of a musical and the people who do the work to bring a musical to life

The Happiest Corpse I've Ever Seen Ethan Mordden, 2025-06-25 For Ethan Mordden the closing night of the hit musical 42nd St sounded the death knell of the art form of the Broadway musical After that big orchestras real voices recognizable books and intelligent lyrics went out the window in favor of cats helicopters

yodeling Frenchmen and the roof of the Paris Opera. Mordecai takes us through the aftermath of the days of the great Broadway musical. From the long running *Cats* to *Miss Saigon*, *Phantom* and *Les Misérables* to gems like *The Producers*, he is unsparing in his look at the remains of the day. Not content to scold the shows' creators, Mordecai takes on the critics too, splashing their bodies across the Great White Way like Sweeney Todd giving a close shave. Once more it's curtain going up but Mordecai is not applauding.

Rebels with Applause Scott Miller, 2001. The author pulls back the curtain on some of the greatest, most important American musicals, taking you on a tour of the milestones in the history of musical theatre. These are musicals that broke all the old rules and created new ones and changed the way we looked at musical theatre forever: the savage political satire of *The Cradle Will Rock* in 1937; the surprisingly dark sexuality of *Pal Joey* in 1940; the profound innovations of *Oklahoma!* in 1943; the absurdist social satire of *Anyone Can Whistle* in 1964; the convention shattering experiment that was *Hair* in 1967; the intimacy and emotional power of Jacques Brel in 1968; the provocative honesty of the gay-themed *Ballad of Little Mikey* in 1994; the abstract sophistication of the jazz-pop *R*; the emotional immensity of the anti-spectacle *Floyd Collins* in 1995; the overwhelming influence of the 1996 rock musical *Rent*. Offering insightful, provocative opinions on character, plot, musical and textual themes, lyrics, subtext, motivation, backstory and historical context, the author reveals new details about what makes each one of these musicals great.
