

# Preventing Colds and Flu

Cold and Flu season is upon us. As the weather gets cooler and we move inside, so do germs. Children need reminders to decrease the risk of colds and flu at school and home by:

- Washing hands often
- coughing/sneezing into their elbow
- Keeping hands away from nose/mouth
- not sharing food/ drinks with others

To help limit the spread of germs, please keep your child home from school and activities if they are feverish, coughing a lot, have thick yellow or green boogers, or are otherwise unwell. Remember:

- handwashing is the most effective way to stop the spread of germs that cause colds and flu
- wash hands before and after eating or handling food, after using the toilet, handling pets, coughing, sneezing, or wiping noses
- the most effective treatment for a cold is rest and fluids
- If you do catch a cold or the flu, try to stay away from others to avoid spreading it
