Shakespeare's style earlier and later questions of influence from classical continental and native sources the importance of words line and rhyme to meaning the significance of songs and ballads in the drama the place of gender in the verse including the relationship of Shakespeare's poetry to the visual arts the different values attached to speaking Shakespeare in the theatre and the adaptation of Shakespearean verse as distinct from performance into other periods and languages The largest section with ten essays is devoted to the poems themselves the Sonnets plus A Lover's Complaint the narrative poems Venus and Adonis and The Rape of Lucrece and The Phoenix and the Turtle If the volume as a whole urges a renewed involvement in the complex matter of Shakespeare's poetry it does so as the individual essays testify by way of responding to critical trends and discoveries made during the last three decades
