German Women's Life Writing and the Holocaust Elisabeth Krimmer, 2018-09-20 Examines women's life writing in order to shed light on female complicity in the Second World War and the Holocaust **Hitler: Downfall** Volker Ullrich, 2021-09-14 A riveting account of the dictator's final years when he got the war he wanted but led his nation the world and himself to catastrophe from the author of *Hitler Ascent* Skillfully conceived and utterly engrossing The New York Times Book Review In the summer of 1939 Hitler was at the zenith of his power Having consolidated political control in Germany he was at the helm of a newly restored major world power and now perfectly positioned to realize his lifelong ambition to help the German people flourish and to exterminate those who stood in the way Beginning a war allowed Hitler to take his ideological obsessions to unthinkable extremes including the mass genocide of millions which was conducted not only with the aid of the SS but with the full knowledge of German leadership Yet despite a series of stunning initial triumphs Hitler's fateful decision to invade the Soviet Union in 1941 turned the tide of the war in favor of the Allies Now Volker Ullrich author of *Hitler Ascent* 1889-1939 offers fascinating new insight into Hitler's character and personality He vividly portrays the insecurity obsession with minutiae and narcissistic penchant for gambling that led Hitler to overrule his subordinates and then blame them for his failures When he ultimately realized the war was not winnable Hitler embarked on the annihilation of Germany itself in order to punish the people who he believed had failed to hand him victory A masterful and riveting account of a spectacular downfall Ullrich's rendering of Hitler's final years is an essential addition to our understanding of the dictator and the course of the Second World War To Cope and To Prevail Dr. Ilse-Rose Warg, 2012-11-29 Using a tradition in German culture called the Stammtisch a group of fictional characters resembling the lower and higher middle classes Dr Warg writes an enjoyable and not so conventional memoir filled with well known and lesser known facts about Germany's history and culture during the turbulent years of the 1930s to the 1950s As the Stammtisch and the actual relatives and friends of a young eyewitness discuss politics and economics the reader learns first hand how people coped with those chaotic times by holding on to their customs Through their eyes we see how Germany's culture survived despite the 12 years of Nazi regime the war with its bombardments evacuation separation of families occupation by armed forces the Cold War and dodging bullets when attempting to cross the Russian border that split Germany into East and West **Hitler, 1936-45** Ian Kershaw, 2000 In this volume Ian Kershaw introduces Adolf Hitler at the apex of his power idolized by millions of Germans for bringing the nation out of economic catastrophe The Nazi party the armed forces the industrial cartels and the civil servants are all working towards the Fuhrer Meanwhile Hitler is poised to realize his Mephistophelean vision the

subjugation of Europe under the Thousand Year Reich and in the process the annihilation of the Jews For three years Hitler and his relentless armies plunge the European continent into a bloodbath as German soldiers accompanied by fanatical SS units slaughter conquered troops and civilians alike Then as Allied might prevails Kershaw reveals a Hitler transformed from invincible warlord to desperate gambler ultimately bringing destruction to his country and ending his life in a bunker under the ruins of Berlin Based on immense research including the use of many previously untapped sources Hitler 1936 1945 Nemesis concludes the classic Hitler biography of our time Page 4 of cover

The Sky My Kingdom Hanna Reitsch,2020-01-10 The memoir of the female aviator who became Hitler s favorite pilot The Sky My Kingdom is the fascinating autobiography of the famous World War II test pilot Hanna Reitsch As the war progressed Reitsch was invited to fly many of Germany s latest and increasingly desperate designs including the rocket propelled Messerschmitt Me 163 Komet and several larger bombers on which she tested various mechanisms for cutting barrage balloon cables After crashing on her fifth Me 163 flight she was badly injured but insisted on writing her report before falling unconscious and spending five months in the hospital Eventually she became Adolf Hitler s favorite pilot Reitsch was one of only two women awarded the Iron Cross First Class during World War II and the only woman awarded the Luftwaffe Combined Pilot and Observer Badge with Diamonds She survived many accidents and was badly injured several times In the last days of the war Reitsch was asked to fly her companion Col Gen Robert Ritter von Greim into Berlin to meet with Hitler The city was already surrounded by Red Army troops who had made significant progress into the downtown area when they arrived landing on a city street and traveling to the Führerbunker The aircraft she used was the justly famous Fieseler Storch already well known for the exploit that rescued Mussolini only adding to the legend of both Reitsch and that aircraft She is said to have overheard Hitler laying out plans for Nazi commanders to join together in mass suicide when it was obvious that the war was over She also hoped to fly out propaganda minister Joseph Goebbels six children who had been staying in the bunker since April 22 with their parents but neither Joseph nor Magda Goebbels would allow it She managed to escape Berlin herself on April 29 by flying out through heavy Russian anti-aircraft fire She was a devoted and idealistic Nazi who adored Adolf Hitler and refused to believe the reports of concentration camps and torture Not until much later would she say that she had been disgusted by what she witnessed in the Third Reich She was held for eighteen months by the American military after the war interrogated and subsequently released ultimately to become a champion glider pilot as gliders were the only craft German citizens were allowed to fly Hers is a story that arguably stands as unique in the great drama of World War II

The Age of Airpower Martin Van Creveld,2011-04-12 A renowned military historian tells the story of airpower s rise in the twentieth century and argues that its great days are over
