*Shadow Pasts* William D. Rubinstein, 2014-09-11 For many intelligent people the stuff of history does not consist of the kind of dry as dust investigations of diplomatic economic or political history that most university historians research and write about but the famous topics of history s mysteries who was Jack the Ripper Was there a conspiracy to kill President Kennedy Did Richard III murder the Princes in the Tower What are the mysteries of the ancient Pyramids Not only have a great many books and articles been written on these and similar topics by so called amateur historians but they have generated societies conferences newsletters and television programmes Many people who are not academic historians take a keen interest in these topics and have in some cases made themselves real experts on them with interesting theories of their own Despite all of this however these topics are virtually ignored by academic historians and can be treated with contempt In *Shadow Pasts* William D Rubinstein a well known and widely published history professor examines seven of the most famous and interesting topics which have been discussed debated examined and written about by amateur historians Each of these mysteries and the theories surrounding them are examined in detail with Professor Rubinstein presenting his own original and sometimes surprising conclusions about what really happened

Night Flight to Dungavel Peter Padfield, 2014-05-06 Until now there has been no satisfactory answer to the question of why in May of 1941 Hitler s deputy Rudolf Hess flew a German fighter plane across the channel to Scotland crashing at night in a muddy field near Dungavel House Though Hess had been one of Hitler s closest confidantes he was immediately denounced as a traitor in Berlin Imprisoned in England he was questioned by British MI6 and Churchill himself The documents he had brought with him were confiscated and have not been made public to this day Hess was tried at Nuremburg at the war s end and imprisoned at Spandau in Berlin one of only seven former Nazis held there The other six were all released but Hess lingered there alone until his death in 1987 possibly by suicide possibly not The official report on Hess has always been that he acted alone but many historians question this conclusion In *Night Flight to Dungavel* award winning historian Peter Padfield presents striking new evidence that spurs a wholesale reappraisal of the mystery what actually happened what role was played by Churchill and British intelligence and what has been this episode s significance as a real turning point of the war Expertly woven into a compelling narrative that touches on Nazi sympathizers among the British aristocracy possible British foreknowledge of the final solution and the

mysterious circumstances of Hess's death in Spandau prison Night Flight to Dugave is among the most important and gripping stories of World War Two Winston Churchill, Myth and Reality Richard M. Langworth, 2017-03-29 Winston Churchill indispensable when liberty was in peril died in 1965 Yet he is still accused of numerous sins from alcoholism and racism to misogyny and warmongering On the Internet he simmers in a stew of imagined misdeeds using poison gas firebombing Dresden causing the Bengal famine and so on Drawing on the author's fifty years of research and writing on Churchill this book uncovers scores of myths surrounding him the popular and the obscure to reveal what he really said and did about many issues Churchill had two personas one that thought deeply about the nature of humanity and one that helped solve seemingly intractable problems In his many decades in public life he made mistakes but his faults were well eclipsed by his virtues *Fascist Scotland* Gavin Bowd, 2013-04-04 On 10 May 1941 Rudolf Hess Deputy Fuhrer of the Third Reich entered Scottish airspace in an ill fated attempt to discuss peace with the Duke of Hamilton For the Nazis Hess was the victim of tragic hallucinations But how far had Hess really flown from reality Although Fascism in Britain is normally associated with England and especially the East End of London and even then dismissed as a marginal political phenomenon Fascism did find support in Scottish society Scotland has provided its own cohort of idealists fanatics and traitors for extreme racist nationalist and authoritarian politics From Dumfries to Alness one of the main ideologies of the first half of the twentieth century found its standard bearers But when Fascism crossed the Cheviots it found itself in a restless part of a multi nation state riven by sectarian hatreds Rudolf Hess felt the natives looked at him in a compassionate way but Scottish Fascism had to carve out a niche in a crowded market for bigotry In this book Gavin Bowd relates a fascinating and little known part of our history which reveals some uncomfortable truths which are bound to stimulate debate even now Rudolf Hess John Harris, Richard Wilbourn, 2014-01-06 On 10 May 1941 on a whim Hitler's deputy Rudolf Hess flew a Messerschmitt Bf 110 to Scotland in a bizarre effort to make peace with Britain G ring sent fighters to stop him but he was long gone Imprisoned and tried at Nuremberg he would die by his own hand in 1987 aged 93 That's the accepted explanation Ever since conspiracy theories have swirled around the famous mission How strong were Hess's connections with the British establishment including royalty Was the death of the king's brother the Duke of Kent associated with the Hess overture for peace In the many books written about Hess one obvious line of enquiry has been overlooked until now an analysis of the flight itself the flight plan equipment data sheets navigation system Through their long investigation authors John Harris and Richard Wilbourn have come to a startling conclusion whilst the flight itself has been well recorded the target destination has remained hidden The implications are far reaching and lend credence to the theory that the British establishment has hidden the truth of the full extent of British Nazi communications in part to spare the reputations of senior members of the Royal Family Using original photography documentation and diagrams Rudolf Hess sheds light on one of the most intriguing stories of the Second World War Ian Fleming's Secret War Craig Cabell, 2008-10-30 While his extravagant and glamorous

lifestyle is well known little has been published concerning Ian Fleming's contribution during the Second World War. In the very early days of the War Fleming was earmarked by the Director of Naval Intelligence as his right hand man. From the outset he was in the center of events meeting with key political and military figures as well as those of exceptional intelligence experience and courage. All this was to give him invaluable background when he came to write the Bond novels. The author has uncovered through official documentation, private papers and contacts the depth of Fleming's work in Naval Intelligence. Fascinating insights of those he worked with and details of covert trips to Europe and North Africa emerge. Fleming was closely associated with 30 Assault Unit, a crack team of Commandos who took the fight to the enemy. The book reveals both the history of 30 AU and Fleming's role.

Coffee With Hitler Charles Spicer, 2022-09-06. The fascinating story of how an eccentric group of intelligence agents used amateur diplomacy to penetrate the Nazi high command in an effort to prevent the start of World War II. How might the British have handled Hitler differently remains one of history's greatest what ifs. Coffee with Hitler tells the astounding story of how a handful of amateur British intelligence agents, wine, dine and befriended the leading National Socialists between the wars. With support from royalty, aristocracy, politicians and businessmen, they hoped to use the recently founded Anglo German Fellowship as a vehicle to civilize and enlighten the Nazis. At the heart of the story are a pacifist Welsh historian, a World War I flying ace and a butterfly collecting businessman who together offered the British government better intelligence on the horrifying rise of the Nazis than any other agents. Though they were only minor players in the terrible drama of Europe's descent into its second twentieth century war, these three protagonists operated within the British Establishment. They infiltrated the Nazi high command deeper than any other spies, relaying accurate intelligence to both their government and to its anti appeasing critics. Straddling the porous border between hard and soft diplomacy, their activities fuelled tensions between the amateur and the professional diplomats in both London and Berlin. Having established a personal rapport with President Franklin D. Roosevelt, they delivered intelligence to him directly too, paving the way for American military support for Great Britain against the Nazi threat. The settings for their public efforts ranged from tea parties in Downing Street, banquets at London's best hotels and the Coronation of George VI to coffee and cake at Hitler's Bavarian mountain home, champagne galas at the Berlin Olympics and afternoon receptions at the Nuremberg Rallies. More private encounters between the elites of both powers were nurtured by shooting weekends at English country homes, whisky drinking sessions at German estates, discreet meetings in London apartments and whispered exchanges in the corridors of embassies and foreign ministries.

**Imprisoning the Enemy** Nikolaos Theotokis, 2024-11-30. Offers a vivid examination of Axis prisoners of war during World War II, detailing their experiences, circumstances and the complexities of their captivity in various theatres from 1940 to 1945. Prisoners of war (POWs) are an important part in the history of the Second World War. Nikolaos Theotokis, in this vividly written book, examines the subject, taking a closer look at the hundreds of thousands of Axis military personnel, including women, mostly German, who were held in POW camps.

cages prisons or forced labor camps after being captured by or surrendering to Allied forces between 1940 and 1945 in the North African European and Pacific theaters of operations Hundreds of cases of officers of the Wehrmacht and the SS as well as of the Royal Italian and the Imperial Japanese Armies have been grouped by the author in two main categories those who were taken prisoner by Allied forces and those who surrendered to them This is not a book about military might but about people many of whom were proven innocent victims of circumstance Officers who committed suicide to avoid capture and others who were charged and punished as war criminals are separately presented along with a great number of foreign volunteers who were captured by or surrendered to Allied forces during the war after joining units of the German or the Japanese Armies Members of the military and secretarial staff of Adolf Hitler who were imprisoned after the German capitulation are also highlighted in the book along with cases of high ranking officers in co belligerent Romania who were harshly punished by their country s post war communist authorities for being anti communists and for having fought against the Red Army Another category also examined by the author are the German prisoners who were handed over to Joseph Stalin by the western Allies in May 1945 as a gesture of friendship although the Soviet Union had not signed the Geneva Convention This book is a concise authoritative account of the Axis POWs being also an unrivaled source of information on the subject

Hitler's People Richard J Evans, 2024-08-13 Named a Best Book of the Year by Kirkus Reviews and Air Mail A fascinating and instructive book elegantly written and perceptive Wall Street Journal Kaleidoscopic A fascinating exploration of individual agency that never loses sight of the larger context Just the kind of probing nuanced and unsparing study to help us think things through The New York Times Through a connected set of biographical portraits of key Nazi figures that follows power as it radiated out from Hitler to the inner and outer circles of the regime s leadership one of our greatest historians answers the enduring question how does a society come to carry out a program of unspeakable evil Richard Evans author of the acclaimed The Third Reich Trilogy and over two dozen other volumes on modern Europe is our preeminent scholar of Nazi Germany Having spent half a century searching for the truths behind one of the most horrifying episodes in human history in Hitler s People he brings us back to the original site of the Nazi movement namely the lives of its most important members Working in concentric circles out from Hitler and his closest allies Evans forms a typological framework of Germany society under Nazi rule from the top down With a novelist s eye for detail Evans explains the Third Reich through the personal failings and professional ambitions of its members from its most notorious deputies like Goebbels the regime s propagandist and Himmler the Holocaust s chief architect to the crucial enforcers and instruments of the Nazi agenda that history has largely forgotten like the schoolteacher Julius Streicher and the actress Leni Riefenstahl Drawing on a wealth of recently unearthed historical sources Hitler s People lays bare the inner and outer lives of the characters whose choices led to the deaths of millions Nearly a century after Hitler s rise the leading nations of the West are once again being torn apart by a will to power By telling the stories of these infamous lives as human lives Evans asks us to grapple with the complicated

nature of complicity showing us that the distinctions between individual and collective responsibility and even between pathological evil and rational choice are never easily drawn

**Sparrow** Grant McLachlan, 2012-11-11 Sparrow is a seldom heard but uplifting story of the Sparrows the Battle of Britain gunners who defended Timor as part of Sparrow Force It is the story of Charlie McLachlan's war a triumph of stubborn Scottish defiance and laconic Aussie genius over the relentless violence of man and nature From the Rudolph Hess crash landing to the atom bomb from history's last bayonet charge to the war's greatest aerial bombardment Charlie McLachlan survives and bears witness to some of the landmark days of World War II At one time or other in his four year ordeal he is fired upon by the armies navies and or air forces of Germany Japan Australia the Netherlands Great Britain and the United States of America pretty much everyone but the Russians He defies or evades the ravages of tropical ulcers tropical heat alpine cold gangrene cholera malaria beriberi dysentery mosquitoes crocodiles snakes sharks scorpions sadistic Sikhs Japanese hellships falling coconuts flying shrapnel beatings beheadings bullets bombs bayonets torpedoes a crushed leg a fractured skull malnutrition and premature cremation He's presumed dead by the British Army left for dead by Japanese guards and declared dead by a Dutch Javanese doctor Yet through it all Charlie soldiers on Half a world away his wife Mary fashioned from the same mental granite stoically awaits his return Not even an official telegram confirming the near certainty of Charlie's death or later rumours of his torture can shake her iron faith

Sparrow Force the force that defended Timor in 1942 was one of Australia's most successful military units At the lowest point in the Second World War these soldiers equipped with First World War weapons and cut off from Australia waged a commando campaign that held off Japan's most successful and elite special force Low in medicine and ammunition they built an improvised radio that regained contact with their homeland It was the first good news of the war for the Allies Sparrow Force was unique They were the first force to defeat Japan in battle and they were the last to be captured Those who escaped to pursue a guerrilla campaign spent more time in combat against the Japanese than any other Allied unit They were set up to fail instead they endured defied and succeeded Newsreels were made victories were recorded medals were awarded and Australia's morale was elevated As Winston Churchill famously said They alone did not surrender

**Encyclopedia of War Crimes and Genocide** Leslie Alan Horvitz, Christopher Catherwood, 2014-05-14 Entries address topics related to genocide crimes against humanity and peace and human rights violations profile perpetrators including Joseph Stalin Pol Pot and Idi Amin and discuss institutions set up to prosecute these crimes in countries around the world
