Flight to Freedom Dorothee von Huene Greenberg Ph.D., 2024-12-05 The focus of this book is a rarely mentioned track of the Underground Railroad in New York State reported in a 1939 letter by the son of two of its station masters Moses Pierce and Esther Carpenter Pierce of Pleasantville New York Fortunately there is published documentation of this track which started with Esther Pierce's parents in New Rochelle continued to Pleasantville then to the Jay family in Bedford from there to David Irish on Quaker Hill in Pawling and possibly on to a recently confirmed station in Albany New York From there fugitives could have gone on to other New York homes before crossing the Niagara River to freedom in Canada The book containing many images gives details about the individuals on this track but also new facts about persons on both sides of the Atlantic whose dedicated human rights activism and research shed new light on Africa its people and culture which helped end slavery in Britain and the United States Flight to Freedom! Smith, 2014-12-15 This groundbreaking Civil War history illuminates the unique development of antislavery sentiment in the border region of south central Pennsylvania During the antebellum decades every single fugitive slave escaping by land east of the Appalachian Mountains had to pass through south central Pennsylvania where they faced both significant opportunities and substantial risks While the hundreds of fugitives traveling through Adams Franklin and Cumberland counties were aided by an effective Underground Railroad they also faced slave catchers and informers In On the Edge of Freedom historian David G Smith traces the victories of antislavery activists in south central Pennsylvania including the achievement of a strong personal liberty law and the aggressive prosecution of kidnappers who seized African Americans as

fugitives He also documents how their success provoked Southern retaliation and the passage of a strengthened Fugitive Slave Law in 1850 Smith explores the fugitive slave issue through fifty years of sectional conflict war and reconstruction in south central Pennsylvania and provocatively questions what was gained by emphasizing fugitive protection over immediate abolition and full equality Smith argues that after the war social and demographic changes in southern Pennsylvania worked against African Americans achieving equal opportunity Although local literature portrayed this area as a vanguard of the Underground Railroad African Americans still lived on the edge of freedom Winner of the Hortense Simmons Prize Faith and Slavery in the Presbyterian Diaspora William Harrison Taylor, Peter C. Messer, 2016-01-28 Faith and Slavery in the Presbyterian Diaspora considers how in areas as diverse as the New Hebrides Scotland the United States and East Central Africa men s and women s shared Presbyterian faith conditioned their interpretations of and interactions with the institution of chattel slavery The chapters highlight how Presbyterians reactions to slavery which ranged from abolitionism to indifference to support reflected their considered application of the principles of the Reformed Tradition to the institution Consequently this collection reveals how the particular ways in which Presbyterians framed the Reformed Tradition made slavery an especially problematic and fraught issue for adherents to the faith Faith and Slavery by situating slavery at the nexus of Presbyterian theology and practice offers a fresh perspective on the relationship between religion and slavery It reverses the all too common assumption that religion primarily served to buttress existing views on slavery by illustrating how groups and individuals reactions to slavery emerged from their understanding of the Presbyterian faith The collection s geographic reach encompassing the experiences of people from Europe Africa America and the Pacific filtered through the lens of Presbyterianism also highlights the global dimensions of slavery and the debates surrounding it The institution and the challenges it presented Faith and Slavery stresses reflected less the peculiar conditions of a particular place and time than the broader human condition as people attempt to understand and shape their world Journey to Freedom Gail Shaffer Blankenau, 2024-03 In late November of 1858 two enslaved Black women Celia Grayson age twenty two and Eliza Grayson age twenty escaped the Stephen F Nuckolls household in southeastern Nebraska John Williamson a man of African American and Cherokee descent from Iowa guided them through the dark to the Missouri River where they boarded a skiff and crossed the icy waters heading for their first stop on the Underground Railroad at Civil Bend Iowa In Journey to Freedom Gail Shaffer Blankenau provides the first detailed history of Black enslavement in Nebraska Territory and the escape of these two enslaved Black women from Nebraska City Poised on the frontier the Graysons escape demonstrated that unique opportunities beckoned at the confluence of Nebraska Missouri Iowa and Kansas and their actions challenged slavery s tentative expansion into the West and its eventual demise in an era of territorial fluidity Their escape and the violence that followed prompted considerable debate across the country and led to the Nebraska legislature s move to prohibit slavery Drawing on multiple collections records and slave narratives Journey to Freedom sheds light on the Graysons courage and

agency as they became high profile figures in the national debate between proslavery and antislavery factions in the antebellum period

Delle,2019-06-05 Although African slavery in the United States is generally associated with the South the institution also existed in northern states as late as the 1840s especially in large urban centers such as Philadelphia and New York Contrariwise freed African Americans in the region established rural communities all their own and actively resisted the institution as a whole The newest volume proposed for inclusion in the American Experience in Archaeological Perspective series written by one of the leading scholars in the field of African Diaspora archaeology is a synthetic analysis of recently published work on the subject although no monograph exists on northern slavery This volume provides a new perspective on the intricate connection between slavery and freedom in the United States As Delle argues scholars cannot understand slavery in the absence of freedom **The International Library of Afro-American Life and History: Wesley, C.H., and P.W.
