*African American Entertainers in Australia and New Zealand* Bill Egan, 2019-12-06 Eleven African Americans including a musician were among the First Fleet of colonial settlers to Australia In the 150 plus following years African Americans visiting the region included jubilee singers vaudevillians sports stars and general entertainers This book provides the only comprehensive history of more than 350 African American entertainers in Australia and New Zealand between European settlement in Australia in 1788 and the entry of the United States into World War II in 1941 Famous names covered include boxer Jack Johnson film star Nina Mae McKinney and jazz singer Eva Taylor Background stories provide a multidimensional view of the entertainers time in a place very far from home *The Original Blues* Lynn Abbott, Doug Seroff, 2017-02-27 Blues Book of the Year Living Blues Association of Recorded Sound Collections Awards for Excellence Best Historical Research in Recorded Blues Gospel Soul or R the shadowy prehistory and early development of the blues is illuminated detailed and given substance At the end of the nineteenth century vaudeville began to replace minstrelsy as America s favorite form of stage entertainment Segregation necessitated the creation of discrete African American vaudeville theaters When these venues first gained popularity ragtime coon songs were the standard fare Insular black southern theaters provided a safe haven where coon songs underwent rehabilitation and blues songs suitable for the professional stage were formulated The process was energized by dynamic interaction between the performers and their racially exclusive audience The first blues star of black vaudeville was Butler String Beans May a blackface comedian from Montgomery Alabama Before his bizarre senseless death in 1917 String Beans was recognized as the blues master piano player of the world His musical legacy elusive and previously unacknowledged is preserved in the repertoire of country blues singer guitarists and pianists of the race recording era While male blues singers remained tethered to the role of blackface comedian female coon shouters acquired a more dignified aura in the emergent persona of the blues queen Ma Rainey Bessie Smith and most of their contemporaries came through this portal while others such as forgotten blues heroine Ora Criswell and her prot g Trixie Smith ingeniously reconfigured the blackface mask for their own subversive purposes In 1921 black vaudeville activity was effectively nationalized by the Theater Owners Booking Association T O B A In collaboration with the emergent race record industry T O

By this time the blues had moved beyond the confines of entertainment for an exclusively black audience. Small time black vaudeville became something it had never been before a gateway to big time white vaudeville circuits, burlesque wheels and fancy metropolitan cabarets. While the 1920s was the most glamorous and remunerative period of vaudeville blues, the prior decade was arguably even more creative, having witnessed the emergence, popularization and early development of the original blues on the African American vaudeville stage.

**Textile World's Directory of the Mill Trade in the United States, 1897**, 1897      **The It Girls**  
Caroline Young, 2025-03-18. The first book to explore the history of the It girl across the centuries. Nell Gwyn and Clara Bow, Marilyn Monroe and Edie Sedgwick, Jean Seberg and Margaux Hemingway, Paris Hilton and Kim Kardashian. These names all conjure up images of glamor and celebrity as well as the toxic side of fame. They are the faces of their generation, the ones we can't look away from and the ones who inevitably self-destruct. In *The It Girls: Glamor, Celebrity and Scandal*, Caroline Young delves into the history and lives of these explosive trend-setting women. From seventeenth century London to twenty first century Seoul, Young tells the fascinating, oftentimes tragic stories of the women who have been celebrated for their looks and scandalized for their actions in equal measure. She explores how the It girls defined and set new standards of beauty, including the red haired muses of the Pre-Raphaelite artists, the World War II pin-up the crop haired icons of the sixties and the cosmetically enhanced social media darlings of today and how, no matter the era, the treatment of these It girls is universal. While they are lauded and emulated, they are also scrutinized and criticized. The stories of the It girls are laced with childhood trauma, misogyny, gaslighting and exploitation, revealing that fame and adoration don't always equate to happiness. *The It Girls* is a captivating examination of women's history, offering a reevaluation of how women have been celebrated and objectified over the centuries.

Eubie Blake Richard Carlin, Ken Bloom, 2020-07-13. A new biography of one of the key composers of 20th century American popular song and jazz. Eubie Blake's *Rags, Rhythm and Race* illuminates Blake's little known impact on over 100 years of American culture. A gifted musician, Blake rose from performing in dance halls and bordellos of his native Baltimore to the heights of Broadway. In 1921, together with performer and lyricist Noble Sissle, Blake created *Shuffle Along*, which became a sleeper smash on Broadway, eventually becoming one of the top ten musical shows of the 1920s. Despite many obstacles, *Shuffle Along* integrated Broadway and the road and introduced such stars as Josephine Baker, Lottie Gee, Florence Mills and Fredi Washington. It also proved that black shows were viable on Broadway and subsequent productions gave a voice to great songwriters, performers and spoke to a previously disenfranchised black audience. As successful as *Shuffle Along* was, racism and bad luck hampered Blake's career. Remarkably, the third act of Blake's life found him heralded in his 90s at major jazz festivals, in Broadway shows and on television and recordings. Tracing not only Blake's extraordinary life and accomplishments, Broadway and popular music authorities Richard Carlin and Ken Bloom examine the professional and societal barriers confronted by black artists from the turn of the century through the 1980s.
