British Women Travellers in the Long Nineteenth Century Marilyn D. Button, Jessica A. Sheetz-Nguyen, 2025-03-05 During the long nineteenth century British women reframed the masculine paradigm of the Grand Tour They created a feminist travel gaze intentionally or unintentionally that differed from that of male peers Unlike their brothers who went for personal edification women with means left their English homes for the great Italian cities of Florence Naples and Rome to escape personal disappointments and the social limitations imposed by parents spouses and society The anonymity of travel to a distant land and new freedoms fostered political and creative achievements including entrepreneurial journalism literary masterpieces and social advocacy for their gender which redefined the contours of the Anglo Italian cultural landscape The historical evidence presented here testifies to the life changing capacity of travel and firmly demonstrates how British women's history and literature enriches and broadens narratives about Britain and the World

Florence Nightingale on Social Change in India Gérard Vallée, 2007-12-06 Social Change in India shows the shift of focus that occurred during Florence Nightingale's more than forty years of work on public health in India While the focus in the preceding volume Health in India was top down reform notably in the Royal Commission on the Sanitary State of the Army in India this book documents concrete proposals for self government especially at the municipal level and the encouragement of leading Indian nationals themselves Famine and related epidemics continue to be issues demonstrating the need for public works like irrigation and for greater self help measures like health missionaries and self government The book includes sections on village and town sanitation the condition and status of women land tenure rent reform and education and political evolution toward self rule Nightingale's publications on these subjects appeared increasingly in Indian journals Correspondence shows Nightingale continuing to work behind the scenes pressing viceroys governors and Cabinet ministers to take up the cause of sanitary reform Her collaboration with Lord

**The Crimean War and its Afterlife** Lara Kriegel, 2022-02-17 Rescuing the Crimean War from the shadows Lara Kriegel demonstrates the centrality of a Victorian war to the making of modern Britain

Revisiting Italy Rebecca Butler, 2021-05-05 With the rise of mass tourism Italy became increasingly accessible to Victorian women travellers not only as a locus of artistic culture but also as a site of political enquiry Despite being outwardly denied a political voice in Britain many female tourists were conspicuous in their commitment to the Italian campaign for national independence or Risorgimento

1815 61 Revisiting Italy brings several previously unexamined travel accounts by women to light during a decisive period in this political campaign Revealing the wider currency of the Risorgimento in British literature Butler situates once popular but now marginalized writers Clotilda Stisted Janet Robertson Mary Pasqualino Selina Bunbury Margaret Dunbar and Frances Minto Elliot alongside more prominent figures the Shelley Byron circle the Brownings Florence Nightingale and the Kemble sisters

Going beyond the travel book she analyses a variety of forms of travel writing including unpublished letters privately printed accounts and periodical serials Revisiting Italy focuses on the convergence of political advocacy gender ideologies national identity and literary authority in women's travel writing Whether promoting nationalism through a maternal lens politicizing the pilgrimage motif or reviving gothic representations of a revolutionary Italy it identifies shared touristic discourses as temporally contingent shaped by commercial pressures and the volatile political climate at home and abroad
