Traveller's Reader Peter Ackroyd, Thomas Wright, 2018-05-24 Loved and hated in equal measure London was for centuries the world's greatest city. Its streets teeming with history have always worn a variety of influences reflecting the diverse crowds who have walked them. Its citizens have witnessed everything from pilgrimages, celebrations, acts of heroism and moments of religious contemplation to riots, executions, grisly murders and disastrous plagues and fires. Drawing on letters, diaries and memoirs of London's most interesting inhabitants and visitors, this anthology compiled by acclaimed historian Thomas Wright and with an introduction by Peter Ackroyd tells the story of the city from its earliest years. Here you will find John Evelyn's famous account of the Great Fire in 1666, Dickens's brilliant evocation of the Gordon Riots of 1780, an eyewitness description of the execution of Charles I and Churchill's recollections of the Blitz. There are also less familiar though no less vivid excerpts which provide an entertaining, sometimes risqué glimpse into the life, customs and morals of this great city. *The British Library General Catalogue of Printed Books, 1986 to 1987* British Library, 1988

Nineteenth-Century British Travelers in the New World Christine DeVine, 2016-05-06 With cheaper publishing costs and the explosion of periodical publishing, the influence of New World travel narratives was greater during the nineteenth century than ever before as they offered an understanding not only of America through British eyes but also a lens through which nineteenth-century Britain could view itself. Despite the differences in purpose and method, the writers and artists discussed in *Nineteenth-Century British Travelers in the New World* from Fanny Wright arriving in America in 1818 to the return of Henry James in 1904 and including Charles Dickens, Frances Trollope, Isabella Bird, Fanny Kemble, Harriet Martineau and Robert Louis Stevenson among others as well as artists such as Eyre Crowe all contributed to the continued building of America as a construct for audiences at home. These travelers' stories and images thus presented an idea of America over which Britons could crow about their own supposed sophistication and a democratic model through which to posit their own future, all of which suggests the importance of transatlantic travel writing and the idea of America to nineteenth-century Britain.
