Florentine Chansonnier From The Time Of Lorenzo The Magnificent

A Gutmann

Florentine Chansonnier From The Time Of Lorenzo The Magnificent:

A Florentine Chansonnier from the Time of Lorenzo the Magnificent Howard Mayer Brown, 1983 *Florentine Chansonnier from the Time of Lorenzo the Magnificent, Volume 2* Howard Brown, 1983 A Florentine Chansonnier from the Time of Lorenzo the Magnificent, 1983 *A Florentine chansonnier from the time of Lorenzo the Magnificent* Howard Mayer Brown, 1983 **Music in Golden-Age Florence, 1250-1750** Anthony M. Cummings, 2023-05-10 A comprehensive account of music in Florence from the late Middle Ages until the end of the Medici dynasty in the mid eighteenth century Florence is justly celebrated as one of the world's most important cities It enjoys mythic status and occupies an enviable place in the historical imagination But its musical historical importance is not as well understood as it should be If Florence was the city of Dante Michelangelo and Galileo it was also the birthplace of the madrigal opera and the piano Music in Golden Age Florence 1250 1750 recounts Florence's principal contributions to music and the history of how music was heard and cultivated in the city from civic and religious institutions to private patronage and the academies This book is an invaluable complement to studies of the art literature and political thought of the late medieval and early modern eras and the quasi legendary figures in the Florentine cultural pantheon **A Florentine Chansonnier from the Time of Lorenzo the Magnificent**, 1983 *Music in Renaissance Florence: Studies and Documents* Frank A. D'Accone, 2024-10-28 Based on previously unpublished documents Frank D Accone sets the background for the musical efflorescence that occurred in Florence in the later 15th century and the emergence in the early 16th century of a new Florentine school of composers Tracing the origins and development of musical chapels at the Cathedral and Baptistry and the growth of musical establishments at several other churches such as the Santissima Annunziata Santa Trinita and San Lorenzo D Accone examines the effect of Medici patronage on the one hand and the impact of Savonarola on the other and at the careers of individual composers such as Heinrich Isaac *American Musicological Society* Mark Germer, 1990 **Antoine Busnoys** Paula Marie Higgins, 1999 This volume brings together twenty original essays by distinguished scholars of late medieval music on the life works and cultural context of the composer Antoine Busnoys c 1430 1492 musician to Charles the Bold Duke of Burgundy and one of the most celebrated composers of the fifteenth century The essays present the results of much new research on music ceremony and ritual in the late Middle Ages intertextual contextual and hermeneutic approaches to the music of Busnoys and his contemporaries methods for assessing issues of authorship and anonymity readings of theorists on compositional procedures and the performance of fifteenth century music and assessments of Busnoys's legacy to the musical culture of the late Middle Ages Particularly noteworthy are the studies providing new light on the origins of L'homme armé mass tradition unpublished documents on Busnoys's activity in churches in Poitiers and Brussels previously unidentified liturgical sources for his plainchant cantus firmi and studies and complete editions of several anonymous works newly attributed to Busnoys These widely ranging essays offer a wealth of novel approaches to the study of musical culture in the

late Middle Ages that is of interest not only to medievalists but to students of all fields of music historical inquiry *From Modes to Keys in Early Modern Music Theory* Michael R. Dodds, 2024 *From Modes to Keys in Early Modern Music Theory* addresses one of the broadest and most elusive open topics in music history the transition from the Renaissance modes to the major and minor keys of the high Baroque Through deep engagement with the corpus of Western music theory author Michael R Dodds presents a model to clarify the factors of this complex shift

Composers and their Songs, 1400-1521 David Fallows, 2023-05-31 This second selection of essays by David Fallows draws the focus towards individual composers of the long fifteenth century and what we can learn about their songs In twenty one essays on the secular works of composers from Ciconia and Oswald von Wolkenstein via Binchois Ockeghem Busnoys and Regis to Josquin Henry VIII and Petrus Alamire one repeated theme is how a consideration of the songs can help the way to a broader understanding of a composer s output Since there are more song sources and more individual pieces now available for study there are more handles for dating for geographical location and for social alignment Another theme concerns the various different ways in which particular songs have their impact on the next generations Yet another concerns the authorship of poems that were set to music by Binchois and Ciconia in particular A group of essays on Josquin were parerga to the author s edition of his four voice secular music for the New Josquin Edition 2005 and to his monograph on the composer 2009

Secular Renaissance Music Sean Gallagher, 2017-07-05 Secular music of the fifteenth and sixteenth centuries encompasses an extraordinarily wide range of works and practices courtly love songs music for civic festivities instrumental music entertainments provided by minstrels the unwritten traditions of solo singing and much else This collection of essays addresses many of these practices with a focus on polyphonic settings of vernacular texts examining their historical and stylistic contexts their transmission in written and printed sources questions of performance and composers approaches to text setting Essays have been selected to reflect the wide range of topics that have occupied scholars in recent decades and taken together they point to the more general significance of secular music within a broad complex of cultural practices and institutions

The Cambridge Companion to Brass Instruments Trevor Herbert, John Wallace, 1997-10-13 This Companion covers many diverse aspects of brass instruments and in such detail It provides an overview of the history of brass instruments and their technical and musical development Although the greatest part of the volume is devoted to the western art music tradition with chapters covering topics from the medieval to the contemporary periods there are important contributions on the ancient world non western music vernacular and popular traditions and the rise of jazz Despite the breadth of its narrative the book is rich in detail with an extensive glossary and bibliography The editors are two of the most respected names in the world of brass performance and scholarship and the list of contributors includes the names of many of the world s most prestigious scholars and performers on brass instruments

Songs, Scribes, and Society Jane Alden, 2010-09-28 A new kind of songbook emerged in the later fifteenth century personalized portable and lavishly

decorated Five closely related chansonniers copied in the Loire Valley region of central France c 1465 c 1475 are the earliest surviving examples of this new genre The Loire Valley Chansonniers preserve the music of such renowned composers as Guillaume Du Fay Johannes Ockeghem and Antoine Busnoys But their importance as musical sources has overshadowed the significance of these manuscripts as artifacts in their own right This book places the physical objects at center investigating the means by which they were produced and the broader culture in which they circulated Jane Alden performs a codicological autopsy upon the manuscripts and reveals the hitherto unrecognized role of scribes in shaping the transmission and reception of the chanson repertory Alden also challenges the long held belief that the Loire Valley Chansonniers were intended for royal or noble patrons Instead she argues that a rising class of bureaucrats notaries secretaries and other court officials commissioned these exquisite objects Active as writers and participants in poetry competitions these individuals may even have written some of the chansons texts The unique integration of image text and music found in chansonniers extends their appeal to a broad readership But for the nineteenth century scholars who rediscovered these manuscripts the larger literary and visual resonances were not of primary interest Alden documents the tangle of motivations national identity populist politics and the rise of the musical masterwork that informed the earliest writings on these books Only now is their multifaceted structure the inspiration for a new generation of readers

Research Materials in Music Phillip R.

Rehfeldt,1990-01-01 This text was developed for use in a standard college level introduction to graduate studies course in musicology that I taught for thirty three years at the University of Redlands

Music and Riddle Culture in the Renaissance Katelijne Schiltz,2015-04-23 Throughout the Renaissance composers often expressed themselves in a language of riddles and puzzles which they embedded within the music and lyrics of their compositions This is the first book on the theory practice and cultural context of musical riddles during the period Katelijne Schiltz focuses on the compositional notational practical social and theoretical aspects of musical riddle culture c 1450 1620 from the works of Antoine Busnoys Jacob Obrecht and Josquin des Prez to Lodovico Zacconi s manuscript collection of *Canoni musicali* Schiltz reveals how the riddle both invites and resists interpretation the ways in which riddles imply a process of transformation and the consequences of these aspects for the riddle s conception performance and reception Lavishly illustrated and including a comprehensive catalogue by Bonnie J Blackburn of enigmatic inscriptions this book will be of interest to scholars of music literature art history theology and the history of ideas

Patterns in Play Graeme MacDonald Boone,1999-01-01 The relationship between text and music is a central issue in fifteenth century music studies Decades of research and performance have failed to provide clear answers to the most basic questions such as which notes go with which syllables and why *Patterns in Play* focuses on the early French songs of Guillaume Dufay and proposes a basis for determining some rules of common procedure for interpreting both underlay and style Graeme M Boone examines questions of rhythm and declamation considering mensuration linguistic and poetic prosody and prosody in song The first three chapters comprise a

set of discussions preliminary to close rhythmic analysis of Dufay's texted song melodies Beginning with mensural rhythm and proceeding to poetics and the relationship between Dufay's poetic and musical rhythms and musical declamation Boone examines the musical features of rhythm melody tonal organization counterpoint text setting and text expression Offering fresh insight into the issues he raises Boone clarifies the relationship between underlay and style and provides a better understanding of the technical and aesthetic issues that Dufay and other composers faced in weaving their patterns of song

The Cultural Life of the Early Polyphonic Mass Andrew Kirkman, 2010-04-22 Kirkman sheds new light on the polyphonic Mass exploring the hidden meanings within its music and its legacy today **Musical Humanism and Its Legacy** Nancy Kovaleff Baker, Barbara Russano Hanning, 1992 Musica Ficta Karol Berger, 2004-01-05 Clarifies the conventions governing the practice of implied accidentals in vocal polyphony from the fourteenth to sixteenth centuries

Yeah, reviewing a books **Florentine Chansonnier From The Time Of Lorenzo The Magnificent** could be credited with your close associates listings. This is just one of the solutions for you to be successful. As understood, deed does not recommend that you have fantastic points.

Comprehending as capably as concurrence even more than additional will offer each success. next to, the proclamation as well as acuteness of this Florentine Chansonnier From The Time Of Lorenzo The Magnificent can be taken as skillfully as picked to act.
