## **Florestan The Life Work Of Robert Sch:**

*The Life and Works of Robert Schumann* August Reissmann, 1886      *Florestan* Robert Haven Schauffler, 1963

**Robert Schumann** John Daverio, 1997-04-10 Forced by a hand injury to abandon a career as a pianist Robert Schumann went on to become one of the world's great composers Among many works his Spring Symphony 1841 Piano Concerto in A Minor 1841 1845 and the Third or Rhenish Symphony 1850 exemplify his infusion of classical forms with intense personal emotion His musical influence continues today and has inspired many other famous composers in the century since his death Indeed Brahms in a letter of January 1873 wrote The remembrance of Schumann is sacred to me I will always take this noble pure artist as my model Now in *Robert Schumann Herald of a New Poetic Age* John Daverio presents the first comprehensive study of the composer's life and works to appear in nearly a century Long regarded as a quintessentially romantic figure Schumann also has been portrayed as a profoundly tragic one a composer who began his career as a genius and ended it as a mere talent Daverio takes issue with this Schumann myth arguing instead that the composer's entire creative life was guided by the desire to imbue music with the intellectual substance of literature A close analysis of the interdependence among Schumann's activities as reader diarist critic and musician reveals the depth of his literary sensibility Drawing on documents only recently brought to light the author also provides a fresh outlook on the relationship between Schumann's mental illness which brought on an extended sanitarium stay and eventual death in 1856 and his musical creativity Schumann's character as man and artist thus emerges in all its complexity The book concludes with an analysis of the late works and a postlude on Schumann's influence on successors from Brahms to Berg This well researched study of Schumann interprets the composer's creative legacy in the context of his life and times combining nineteenth century cultural and intellectual history with a fascinating analysis of the works themselves      *Schumann's Late Style* Laura Tunbridge, 2007-10-18 A study of Schumann's little known music from the 1850s and its relationship to his biography      *Schumann -- Scenes from Childhood* Willard A. Palmer, 1971-06 Whereas Schumann composed the Album for the Young for children his *Scenes from Childhood* Kinderszenen are reflections of childhood for adults Like many of his character pieces Schumann notes that the 13 selections in this set were composed before their titles were assigned Palmer's scholarly edition includes a table of suggested tempos for the works taken from early editions and from the recorded performances of various artists      **Schumann** Peter F. Oswald, 1985 After obtaining access to long sought after archival material about the final years of Robert Schumann Lise Deschamps Oswald the author's widow is finally able to detail the composer's last years at the mental institution in Endenich fulfilling her husband's original intent Schumann is a remarkable piece of work Soberly and objectively it unearths information that no previous Schumann researcher in English at least has come near duplicating Harold C Schonberg The New York Times Book Review Peter Oswald a San Francisco psychiatrist who is also a trained musician has dug deeply and applied his professional knowledge to the fashioning of a fascinating perceptive psychobiography of the nineteenth century

Romantic master Arthur Schopenhauer Boston Globe Ostwald offers new insights into one about whom the musical world has never ceased wondering Robert Commanday San Francisco Chronicle Book Jacket      **Robert Schumann** Martin Geck, 2022-12-22

Robert Schumann 1810-56 is one of the most important and representative composers of the Romantic era Born in Zwickau Germany Schumann began piano instruction at age seven and immediately developed a passion for music When a permanent injury to his hand prevented him from pursuing a career as a touring concert pianist he turned his energies and talents to composing writing hundreds of works for piano and voice as well as four symphonies and an opera Here acclaimed biographer Martin Geck tells the fascinating story of this multifaceted genius set in the context of the political and social revolutions of his time The image of Schumann the man and the artist that emerges in Geck's book is complex Geck shows Schumann to be not only a major composer and music critic he co-founded and wrote articles for the controversial *Neue Zeitschrift für Musik* but also a political activist the father of eight children and an addict of mind-altering drugs Through hard work and determination bordering on the obsessive Schumann was able to control his demons and channel the tensions that seethed within him into music that mixes the popular and esoteric resulting in compositions that require the creative engagement of reader and listener The more we know about a composer the more we hear his personality in his music even if it is above all on the strength of his work that we love and admire him Martin Geck's book on Schumann is not just another rehashing of Schumann's life and works but an intelligent personal interpretation of the composer as a musical literary and cultural personality      Life of Robert Schumann Wilhelm Joseph von Wasielewski, 1871      *Robert Schumann. Eine Biographie. Life of Robert Schumann ... Translated by A. L. Alger* Joseph Wilhelm von WASIELWSKI, 1871      **Archetypal Imagination** Noel Cobb, 1992 This unique book is about freeing psychology's poetic imagination from the dead weight of unconscious assumptions about the soul Whether we think of the soul scientifically or medically behaviorally or in terms of inner development all of us are used to thinking of it in an individual context as something personal In this book however we are asked to consider psychology from a truly transpersonal perspective as a cultural universal human phenomenon Cobb teaches us to look at the world as a record of the soul's struggles to awaken and as the soul's poetry From this perspective the real basis of the mind is poetic Beauty love and creativity are as much instincts of the soul as sexuality or hunger Cobb shows us how artists and mystics can teach us the meaning of love death and beauty if only we can awaken to their creations The exemplars here are Dante Rumi Rilke Munch Lorca Schumann and Tarkovsky      *The New Grove Dictionary of Music and Musicians: Russian Federation, II to Scotland* Stanley Sadie, 2001      Robert Schumann Herbert Bedford, 1925

*Biographical Dictionary of Literary Influences* John Powell, 2000-10-30 Over the past two decades the process of cultural development and in particular the role of reading has been of growing interest but recent research has been episodic and idiosyncratic In this biographical dictionary research devoted specifically to the reading habits of 19th century individuals who shaped Western culture is brought together for the first time While giving prominent coverage to literary and political

figures the volume's 270 entries also include musicians painters educators and explorers Each entry includes brief biographical information a concise summary of literary influences on the subject and clear direction for further research The book provides a practical tool for scholars wishing to trace the reading experience of important Western cultural figures Subjects were selected from the people most responsible for the cultural development of Europe Britain and the British Empire and the Americas between 1800 and 1914 Although selective the sample of 270 figures is substantial enough to suggest broad cross cultural habits and effects enabling scholars to better understand the relationship between reading and culture In an introductory essay Powell explores the patterns and relationships that can be discerned from the entries The first of three anticipated volumes the book is an important step forward in researching the role of reading in cultural development

**Crossing Paths** John Daverio, 2002-10-03 In *Crossing Paths* John Daverio explores the connections between art and life in the works of three giants of musical romanticism Drawing on contemporary critical theory and a wide variety of nineteenth century sources he considers topics including Schubert and Schumann's uncanny ability to evoke memory in music the supposed cryptographic practices of Schumann and Brahms and the allure of the Hungarian Gypsy style for Brahms and others in the Schumann circle The book offers a fresh perspective on the music of these composers including a comprehensive discussion of the 19th century practice of cryptography a debunking of the myth that Schumann and Brahms planted codes for Clara Schumann throughout their works and attention to the late works of Schumann not as evidence of the composer's descent into madness but as inspiration for his successors Daverio portrays the book's three key players as musical storytellers each in his own way simulating the structure of lived experience in works of art As an intimate study of three composers that combines cultural history and literary criticism with deep musicological understanding *Crossing Paths* is a rich exploration of memory the re creation of artistic tradition and the value of artistic influence

**Standard Catalog for Public Libraries: 1946-1947 supplement to the 1940 edition** H.W. Wilson Company, 1948

**The Essential Canon of Classical Music** David Dubal, 2001 Identifies almost two hundred forty composers whose works are most important to an understanding of classical music with essays on sixty of the most significant Presented in chronological order for the Medieval Renaissance and Elizabethan ages the age of the Baroque the age of Classicism the Romantic age and the age of Modernism

*Structural Novelty and Tradition in the Early Romantic Piano Concerto* Stephan D. Lindeman, 1999 Lindeman a musicologist traces and defines the historical development of the concerto form as it passed from Mozart to succeeding generations He then assesses Beethoven's contributions and examines the classical model of the form in the early 19th century by overviewing several early romantic composers works Subsequent chapters analyze and assess the responses of five precursors of Schumann whose work offers a synthesis of radical experiments and traditional tenets He concludes by suggesting that concertos of Liszt offer a road into further developments of the genre in the second half of the century Illustrated with bandw portraits of composers and excerpts from musical scores Annotation copyrighted by Book News Inc

Portland OR     **Clara Schumann** Nancy Reich, 2013-07-15 This absorbing and award winning biography tells the story of the tragedies and triumphs of Clara Wieck Schumann 1819 1896 a musician of remarkable achievements At once artist composer editor teacher wife and mother of eight children she was an important force in the musical world of her time To show how Schumann surmounted the obstacles facing female artists in the nineteenth century Nancy B Reich has drawn on previously unexplored primary sources unpublished diaries letters and family papers as well as concert programs Going beyond the familiar legends of the Schumann literature she applies the tools of musicological scholarship and the insights of psychology to provide a new full scale portrait The book is divided into two parts In Part One Reich follows Clara Schumann s life from her early years as a child prodigy through her marriage to Robert Schumann and into the forty years after his death when she established and maintained an extraordinary European career while supporting and supervising a household and seven children Part Two covers four major themes in Schumann s life her relationship with Johannes Brahms and other friends and contemporaries her creative work her life on the concert stage and her success as a teacher Throughout excerpts from diaries and letters in Reich s own translations clear up misconceptions about her life and achievements and her partnership with Robert Schumann Highlighting aspects of Clara Schumann s personality and character that have been neglected by earlier biographers this candid and eminently readable account adds appreciably to our understanding of a fascinating artist and woman For this revised edition Reich has added several photographs and updated the text to include recent discoveries She has also prepared a Catalogue of Works that includes all of Clara Schumann s known published and unpublished compositions and works she edited as well as descriptions of the autographs the first editions the modern editions and recent literature on each piece The Catalogue also notes Schumann s performances of her own music and provides pertinent quotations from letters diaries and contemporary reviews     The Changing Image of Beethoven Alessandra Comini, 2008 In this unique study of the myth making process across two centuries Comini examines the contradictory imagery of Beethoven in contemporary verbal accounts and in some 200 paintings prints sculptures and monuments     **Music Literature Outlines: Chamber music from Haydn to Ravel** Harold Gleason, 1955
