**Florida's Flagler** Sidney Walter Martin, 2010-02-01 Henry Morrison Flagler 1830 1913 was a railroad tycoon and partner with John D Rockefeller in the Standard Oil Company Although most of his fortune was made in the North he devoted the better part of his life and his wealth to the development of Florida Published in 1949 Florida's Flagler was the first biography of Flagler tracing his life from his heritage and youth through his early dealings in grain his association with Rockefeller and his later activities in Florida Sidney Walter Martin presents a colorful and authoritative account of the accomplishments and failures of this controversial figure Flagler Edward N. Akin, 2020-04-15 From reviews of the first edition A succinct and informed account of Flagler's leadership in transforming Florida's economy American Historical Review An important contribution to the understanding of Standard Oil's extended partnership and how the personal desire of Flagler led to the early development of Florida's Atlantic Coast The Historian Henry M Flagler 1830 1913 the ambitious Gilded Age tycoon who designed and built much of Florida's fashionable east coast rode to success on the rails As John D Rockefeller's closest adviser in the 1870s Flagler helped assemble the Standard Oil empire In this thoroughly researched biography Akin shows that Flagler understood early in his career that cheap freight rates determined industrial profits Portraying Flagler as an aggressive entrepreneur Akin documents his shrewd negotiations to obtain reduced rates rebates and drawbacks from the railroads thus assuring Standard Oil's national domination over oil transportation costs Flagler drove himself as hard as he drove a bargain obsessed with the desire to create a monument to himself that he called my domain His legacy was no less than modern Florida In 1885 at the age of fifty five he turned his attention away from Standard Oil and began construction of the Ponce de Leon luxury hotel in St Augustine the city where he had honeymooned with his second wife Realizing he could never fill its rooms unless better transportation with the North was available he embarked on the second railroad venture of his lifetime creation of the Florida East Coast Railway Flagler's resort empire eventually included The Breakers in Palm Beach and the Royal Palm in Miami his Atlantic coast railroad extended all the way to Key West an engineering achievement that was called the eighth wonder of the world By the beginning of the twentieth century Flagler dominated not just the resort and railroad industries in Florida but steamship and agricultural operations too Florida politicians gave his projects preferential treatment even changing the state's divorce law so he could marry for a third time Woven into this biography are details about Flagler's family personality three marriages alienation from his only son and devotion to the Presbyterian church copy that fueled society gossip columns from New York to Palm Beach for decades Edward N Akin author of Mississippi An Illustrated History and other works on southern history taught at Mississippi College in Clinton His biography of Henry Flagler won the 1985 Phi Alpha Theta manuscript prize **Henry Flagler, Builder of Florida** Sandra Sammons, 2010-05 An exciting biography about the man who changed Florida's east coast with his hotels and his Florida East Coast Railway Henry Morrison Flagler was already a millionaire when he first
