Floyd Uncorked:

Floyd Uncorked Jonathan Pedley, Keith Floyd, 1999-06 Accompanying the Channel 5 television series this guide to wine follows Floyd on a regional wine tour Meeting characters who reflect the lifestyle of the area Floyd shares a joke a meal and a few bottles of the locally produced wine Floyd Uncorked ,2007 Food Media Signe Rousseau, 2013-05-09 There have been famous chefs for centuries But it was not until the second half of the twentieth century that the modern celebrity chef business really began to flourish thanks largely to advances in media such as television which allowed ever greater numbers of people to tune in Food Media charts the growth of this enormous entertainment industry and also how under the threat of the obesity epidemic some of its stars have taken on new authority as social activists while others continue to provide delicious distractions from a world of potentially unsafe food The narrative that joins these chapters moves from private to public consumption and from celebrating food fantasies to fueling anxieties about food realities with the questionable role of interference in people s everyday food choices gaining ground along the way Covering celebrity chefs such as Jamie Oliver and Rachael Ray and popular trends like foodies food porn and fetishism Food Media describes how the intersections between celebrity culture and food media have come to influence how many people think about feeding themselves and their families and how often that task is complicated when it need not be The Boxing Kings Paul Beston, 2017-09-08 For much of the twentieth century boxing was one of America's most popular sports and the heavyweight champions were figures known to all Their exploits were reported regularly in the newspapers often outside the sports pages and their fame and wealth dwarfed those of other athletes Long after their heyday these icons continue to be synonymous with the sweet science In The Boxing Kings When American Heavyweights Ruled the Ring Paul Beston profiles these larger than life men who held a central place in American culture Among the figures covered are John L Sullivan who made the heavyweight championship a commercial property Jack Johnson who became the first black man to claim the title Jack Dempsey a sporting symbol of the Roaring Twenties Joe Louis whose contributions to racial tolerance and social progress transcended even his greatness in the ring Rocky Marciano who became an embodiment of the American Dream Muhammad Ali who took on the U S government and revolutionized professional sports with his showmanship and Mike Tyson a hard punching dynamo who typified the modern celebrity This gallery of flawed but sympathetic men also includes comics dandies bookworms divas ex cons workingmen and even a tough guy turned preacher As the heavyweight title passed from one claimant to another their stories opened a window into the larger history of the United States Boxing fans sports historians and those interested in U S race relations as it intersects with sports will find this book a fascinating exploration into how engrained boxing once was in America's social and cultural fabric Floyd Patterson W. K. Stratton, 2012 This knockout biography follows boxing legend Floyd Patterson civil rights activist national icon and the youngest man to win the World Heavyweight Champion title and the first to ever win the title twice Floyd Uncorked 12bk Stacker Bin
