The note inside the sea bottle Yashika Sahdev,2022-07-18 The note inside the sea bottle has three diverse parts to it It is diverse in a way that there is no common theme or link between the chapters making it an unusual book Unusual but poetic and real The beginning of an end is a concluding letter of life to destiny It traces a line over the phases of life which each of us has to go in our own ways It s something we all have a link to but that link has altogether different strings attached The Story of a girl opens the book to the many stories of that one girl The one girl who was killed unborn who wasn t allowed to dream the one who was abused used and disposed of Even though we say that times have changed it s odd to find the same things happening over and over again It sums up the many competing voices into one calling for the simple notion of Gender Equality The Abstract Geometry is basically the genesis of us being here holding this book living in a world of art Art has always unlocked all doors freed spirits out of eternity and closed incurable wounds Art is the mother of poetry and that brings us here reading a piece of art
