Creese, 2003-05 Winner of the Lewis Mumford Prize Society for American City and Regional Planning History and Best Book Award Southeast Society for Architectural Historians At its outset the Tennessee Valley Authority was a comprehensive public planning project for the economic and social revitalization of a major American region undertaken in a time of depression and major technological advance Traditionally the TVA has been viewed as a unique response to special circumstances largely lacking in historical precedents Civil Rights in the White Literary Imagination Jonathan W. Gray, 2013-01-14 The statement The Civil Rights

Movement changed America though true has become something of a cliché Civil Rights in the White Literary Imagination seeks to determine how exactly the Civil Rights Movement changed the literary possibilities of four iconic American writers Robert Penn Warren Norman Mailer Eudora Welty and William Styron Each of these writers published significant works prior to the Brown v Board of Education case in 1954 and the Montgomery Bus Boycott that began in December of the following year making it possible to trace their evolution in reaction to these events The work these writers crafted in response to the upheaval of the day from Warren's Who Speaks for the Negro to Mailer's The White Negro to Welty's Where Is the Voice Coming From to Styron's Confessions of Nat Turner reveal much about their own feeling in the moment even as they contribute to the national conversation that centered on race and democracy By examining these works closely Gray posits the argument that these writers significantly shaped discourse on civil rights as the movement was occurring but did so in ways that intentionally or not often relied upon a notion of the relative innocence of the South with regard to racial affairs and on a construct of African Americans as politically and or culturally naive As these writers grappled with race and the myth of southern nobility their work developed in ways that were simultaneously sympathetic of and condescending to black intellectual thought occurring at the same time

Robert Penn Warren, Shadowy Autobiography, and Other Makers of American Literature Joseph R. Millichap, 2023-08-18

Toward the end of his career Robert Penn Warren wrote It may be said that our lives are our own supreme fiction Although lauded for his writing in

multiple genres Warren never wrote an autobiography Instead he created his own shadowy autobiography in his poetry and prose as well as his fiction and nonfiction As one of the most thoughtful scholars on Robert Penn Warren and the literature of the South Joseph Millichap builds on the accepted idea that Warren s poetry and fiction became more autobiographical in his later years by demonstrating that that same progression is replicated in Warren s literary criticism This meticulously researched study reexamines in particular Warren s later nonfiction in which autobiographical concerns come into play that is in those fraught with psychological crisis such as *Democracy and Poetry* Millichap reveals the interrelated literary genres of autobiography criticism and poetry as psychological modes encompassing the interplay of Warren s life and work in his later nonfiction He also shows how Warren s critical engagement with major American authors often centered on the ways their creative work intersected with their lives thus generating both autobiographical criticism and the working out of Warren s own autobiography under these influences Millichap s latest book focuses on Warren s critical responses to William Faulkner John Crowe Ransom Herman Melville Nathaniel Hawthorne John Greenleaf Whittier and Theodore Dreiser In addition the author carefully considers the black and female writers Warren assessed more briefly in *American Literature The Makers and the Making* Robert Penn Warren *Shadowy Autobiography and Other Makers of American Literature* presents the breadth of Millichap s scholarship the depth of his insight and the maturity of his judgment by giving us to understand that in his writing Robert Penn Warren came to know his own vocation as a poet and critic and as an American

Monumental Designs Ted Atkinson, 2025-09-23 Established by Congress as part of the New Deal the Tennessee Valley Authority TVA designated parts of seven southern states for economic rehabilitation through various means including flood control rural electrification and social programs The goal was to deploy federal resources to reshape the region through infrastructure mainly a network of hydroelectric dams To garner political and public support TVA officials mobilized artists Soon state sponsored cultural productions emerged resulting in a body of work comprising an array of mediums The TVA swayed public opinion and generated positive reviews at the outset because of the vital role that culture played in making public meaning particularly regarding the near total transformation of the Tennessee Valley through infrastructural development as part of a larger ideological and economic investment in public works While the content was geared toward promoting the TVA agenda aesthetic innovations had a lasting impact influencing subsequent generations of artists who portrayed the TVA enterprise with complexity nuance and depth At a time when the country is grappling with issues surrounding climate change fossil fuels consumption and strip mining the TVA now struggles to balance its reputation for prosperity and development with public suspicion and skepticism In *Monumental Designs Infrastructure and the Culture of the Tennessee Valley Authority* author Ted Atkinson presents a cultural history of the TVA that examines representations of the agency in selected works from the New Deal era to the present With chapters organized according to medium photography and photobooks documentary films New Deal theater fiction film and novels *Monumental Designs* seeks to

illuminate the entwined forms of infrastructural development and cultural production that have made the TVA a source of multivalent power and influence This examination of cultural history intends to foster critical thinking about how public works can come to be regarded as monumental expressions of national purpose and modern engines of progress defined in terms of perpetual growth and development [Catalog of Copyright Entries.
