Button, Jessica A. Sheetz-Nguyen, 2025-03-05 During the long nineteenth century British women reframed the masculine paradigm of the Grand Tour They created a feminist travel gaze intentionally or unintentionally that differed from that of

male peers Unlike their brothers who went for personal edification women with means left their English homes for the great Italian cities of Florence Naples and Rome to escape personal disappointments and the social limitations imposed by parents spouses and society The anonymity of travel to a distant land and new freedoms fostered political and creative achievements including entrepreneurial journalism literary masterpieces and social advocacy for their gender which redefined the contours of the Anglo Italian cultural landscape The historical evidence presented here testifies to the life changing capacity of travel and firmly demonstrates how British women s history and literature enriches and broadens narratives about Britain and the World Faith and Feminism in Nineteenth-Century Religious Communities Michaela Sohn-Kronthaler, Ruth Albrecht, 2019-06-28 Explore a diversity of feminist readings of the Bible This latest volume in the Bible and Women series is concerned with documenting through word and image both well known and largely unknown women and their relationship to the Bible from the period of the late eighteenth century up to the beginning of the twentieth century.
