Florida Sheriffs A History 18211945:

Central Florida's Most Notorious Gangsters Samuel Parish,2013-04-30 Blazing gun battles bank heists and high speed escapes The true story of two men who terrorized Depression era Florida and the Deep South This is the story of Alva Hunt and Hugh Gant central Florida s own Dillinger and Capone They began their infamous careers fencing automobile parts as the Florida land boom became a bust After doing hard time in state jails they emerged as bank robbers and embarked on a crime spree across the Deep South In the end they were captured and served time in Leavenworth Alcatraz and other penitentiaries Their reign was one of terror for Florida and many Southern states Their story reflects an intriguing period in Florida s own history and the desperate days when Southern gangsters were armed notorious and deadly Includes photos

The Social History of Crime and Punishment in America Wilbur R. Miller,2012-07-20 Several encyclopedias overview the contemporary system of criminal justice in America but full understanding of current social problems and contemporary strategies to deal with them can come only with clear appreciation of the historical underpinnings of those problems Thus this five volume work surveys the history and philosophy of crime punishment and criminal justice institutions in America from colonial times to the present It covers the whole of the criminal justice system from crimes law enforcement and policing to courts corrections and human services Among other things this encyclopedia explicates philosophical foundations underpinning our system of justice charts changing patterns in criminal activity and subsequent effects on legal responses identifies major periods in the development of our system of criminal justice and explores in the first four volumes supplemented by a fifth volume containing annotated primary documents evolving debates and conflicts on how best to address issues of crime and punishment Its signed entries in the first four volumes supplemented by a fifth volume containing annotated primary documents provide the historical context for students to better understand contemporary criminological debates and the contemporary shape of the U S system of law and justice Floridian of His Century Martin A.

Dyckman,2006-08-01 Six years after his election as a segregationist Florida governor LeRoy Collins denounced racial discrimination as contrary to moral simple justice In 1991 the Florida House of Representatives eulogized Collins as the Floridian of the Twentieth Century and today Collins is remembered as one of Florida s outstanding governors As champion against rural misrule in 1954 and as the voice of racial moderation in 1956 Collins won the two most important gubernatorial elections in Florida history In *Floridian of His Century* a political portrait of this controversial Southern governor Martin Dyckman argues that Collins s courageous moral leadership spared Florida the humiliation that befell other states under less enlightened leaders Fifty Years of Justice James M. Denham,2015-06-09 The verdicts have made headlines but little is known about the inner workings of the court in which they were delivered In *Fifty Years of Justice* James Denham presents the fascinating history of the U S Middle District Court of Florida from its founding in 1962 to the present Readers will discover the intricacies of rulings the criminal defendants and civil litigants and the dedicated officials the unsung heroes

who keep the justice system running day to day From desegregation to discrimination espionage to the environment trafficking to terrorism and a host of cases in between litigation in these courtrooms has shaped and shaken both state and nation

The Routledge History of Nineteenth-Century America Jonathan Daniel Wells,2017-09-14 The Routledge History of Nineteenth Century America provides an important overview of the main themes within the study of the long nineteenth century The book explores major currents of research over the past few decades to give an up to date synthesis of nineteenth century history It shows how the century defined much of our modern world focusing on themes including immigration slavery and racism women s rights literature and culture and urbanization This collection reflects the state of the field and will be essential reading for all those interested in the development of the modern United States

The Kidnapping and Murder of Little Skeegie Cash Robert Alvin Waters,Zack C. Waters,2014-02-24 Informed by thousands of pages of newly released FBI files The Kidnapping and Murder of Little Skeegie Cash tells the gripping story of the only crime investigated by J Edgar Hoover himself the sensational 1938 murder of a five year old boy from the Florida Everglades In his long and storied career J Edgar Hoover investigated only one case personally the 1938 kidnapping and murder of five year old Floridian James Skeegie Cash What prompted the director himself to fly from Washington DC to a rain drenched hamlet on the edge of the Everglades Congress had slashed FBI funding forcing Hoover to lay off half his agents The combative Hoover believed if he could bring Skeegie s killer to justice the halo of positive publicity would revive the fortunes of the embattled FBI In The Kidnapping and Murder of Little Skeegie Cash Robert A Waters and Zack C Waters bring to life the drama of the abduction the payment of a 10 000 ransom the heartbreaking manhunt for Skeegie and his kidnapper the arrest and confession of Franklin Pierce McCall and the killer s trial and execution Hordes of reporters swarmed into the little village south of Miami and for thirteen days until McCall confessed the case dominated national headlines The authors capture the drama and the detail as well as the desperate and sometimes extralegal lengths to which Hoover went to crack the case Using the Freedom of Information Act the authors obtained more than four thousand pages of FBI files and court documents to reconstruct this important but forgotten case The tragedy that played out in the swamps of Dade County constituted the backdrop for a political struggle that would involve J Edgar Hoover the United States Congress and even president Franklin Delano Roosevelt Hoover and the president prevailed and within two years the FBI grew from 680 employees to more than 14 000 No books and few articles have been published about this historic case

They Dared to Dream Doris Weatherford,2015-05-26 While many works chronicle the various facets of Florida s history few have revealed the myriad contributions of the state s pioneering women Doris Weatherford presents a comprehensive narrative of the leading ladies who shaped Florida from prehistoric times to the present

Hard Labor and Hard Time Vivien M.L. Miller,2012-06-24 Hard Labor and Hard Time is a history of continuity and change in Florida s state prison system between 1910 and 1957 exploring conditions at the state prison farm at Raiford the third largest prison farm in the South at this time

as well as in the chain gangs and road prisons Vivien Miller examines the experiences of the prisoners as well as the guards and other prison personnel in this comprehensive groundbreaking study She demonstrates that despite progressive changes in the treatment of inmates better diet better structuring of work and leisure activities better medical provision and the like these improvements were matched by continued brutality and mistreatment unequal or discriminatory treatment according to race and or gender and neglect

Lethal Punishment Margaret Vandiver, 2005-12-22 Why did some offenses in the South end in mob lynchings while similar crimes led to legal executions Why did still other cases have nonlethal outcomes In this well researched and timely book Margaret Vandiver explores the complex relationship between these two forms of lethal punishment challenging the assumption that executions consistently grew out of and replaced lynchings Vandiver begins by examining the incidence of these practices in three culturally and geographically distinct southern regions In rural northwest Tennessee lynchings outnumbered legal executions by eleven to one and many African Americans were lynched for racial caste offenses rather than for actual crimes In contrast in Shelby County which included the growing city of Memphis more men were legally executed than lynched Marion County Florida demonstrated a firmly entrenched tradition of lynching for sexual assault that ended in the early 1930s with three legal death sentences in quick succession With a critical eye to issues of location circumstance history and race Vandiver considers the ways that legal and extralegal processes imitated influenced and differed from each other A series of case studies demonstrates a parallel between mock trials that were held by lynch mobs and legal trials that were rushed through the courts and followed by quick executions Tying her research to contemporary debates over the death penalty Vandiver argues that modern death sentences like lynchings of the past continue to be influenced by factors of race and place and sentencing is comparably erratic

Florida History & the Arts, 2002 A magazine of Florida's heritage

Honor Bound Robert N. Macomber, 2012-03-19 Robert Macomber's Honor series of naval fiction follows the life and career of Peter Wake in the U S Navy during the tumultuous years from 1863 to 1901 In this the ninth in the series it is 1888 and Commander Peter Wake U S naval intelligence agent meets a woman from his past who begs him to find her missing son Wake sets off across Florida through the Bahamian islands and deep into the dank jungles of Haiti to find the hidden lair of an anarchist group

Echoes from a Distant Frontier Corinna Brown Aldrich, Ellen Brown Anderson, 2004 Echoes from a Distant Frontier is an edited annotated selection of the correspondence of Corinna and Ellen Brown two single women in their twenties who left a comfortable New England home in 1835 for the Florida frontier Within a month of their arrival the frontier erupted in Indian war The Browns witnessed the terror and carnage firsthand and their letters paint a vivid picture of the Second Seminole War 1835 1842

Southern Prohibition Lee Willis, 2011 Southern Prohibition examines political culture and reform through the evolving temperance and prohibition movements in Middle Florida Scholars have long held that liquor reform was largely a northern and mid Atlantic phenomenon before the Civil War Lee L Willis takes a close look at the Florida plantation belt to reveal that the campaign

against alcohol had a dramatic impact on public life in this portion of the South as early as the 1840s Race class and gender mores shaped and were shaped by the temperance movement White racial fears inspired prohibition for slaves and free blacks Stringent licensing shut down grog shops that were the haunts of common and poor whites which accelerated gentrification and stratified public drinking along class lines Restricting blacks access to alcohol was a theme that ran through temperance and prohibition campaigns in Florida but more affluent African Americans also supported prohibition indicating that the issue was not driven solely by white desires for social control Women in the plantation belt played a marginal role in comparison to other locales and were denied greater political influence as a result Beyond alcohol Willis also takes a broader look at psychoactive substances to show the veritable pharmacopeia available to Floridians in the nineteenth century Unlike the campaign against alcohol however the tightening regulations on narcotics and cocaine in the early twentieth century elicited little public discussion or concern a quiet beginning to the state s war on drugs

From Yellow Dog Democrats to Red State Republicans David R. Colburn,2013-09-17 Likely to raise hackles among Democrats and Republicans alike this dynamic history of modern Florida argues that the Sunshine State has become the political and demographic future of the nation David Colburn reveals how Florida gradually abandoned the traditions of race and personality that linked it to the Democratic Party The book focuses particularly on the population growth and chaotic gubernatorial politics that altered the state from 1940 when it was a sleepy impoverished southern outpost to the present and the emergence of a dominant Republican Party

Transnational Penal Cultures Vivien Miller,James Campbell,2014-11-13 Focusing on three key stages of the criminal justice process discipline punishment and desistance and incorporating case studies from Asia the Americas Europe Africa and Australia the thirteen chapters in this collection are based on exciting new research that explores the evolution and adaptation of criminal justice and penal systems largely from the early nineteenth century to the present They range across the disciplinary boundaries of History Criminology Law and Penology Journeying into and unlocking different national and international penal archives and drawing on diverse analytical approaches the chapters forge new connections between historical and contemporary issues in crime prisons policing and penal cultures and challenge traditional Western democratic historiographies of crime and punishment and categorisations of offenders police and ex offenders The individual chapters provide new perspectives on race gender class urban space surveillance policing prisonisation and defiance and will be essential reading for academics and students engaged in the study of criminal justice law police transportation slavery offenders and desistance from crime

Reading Southern Poverty Between the Wars, 1918-1939 Richard Godden,Martin Crawford,2006 Franklin D Roosevelt once described the South as the nation s number one economic problem These twelve original interdisciplinary essays on southern indigence between the World Wars share a conviction that poverty is not just a dilemma of the marketplace but also a cultural and political construction Although previous studies have examined the web of coercive social relations in which sharecroppers

wage laborers and other poor southerners were held in place this volume opens up a new perspective These essays show that professed forces of change and modernization in the South writers photographers activists social scientists and policymakers often subtly upheld the structures by which southern labor was being exploited Planters politicians and others who enforced the southern economic and social status quo not only relied on bigotry but also manipulated deeply held American beliefs about sturdy yeoman nobility and the sanctity of farm and family Conversely any threats to the system were tarred with the imagery of big cities northerners and organized labor The essays expose vestiges of these beliefs in sources as varied as photographs from the Farm Security Administration statistics for incarceration and child labor and the writings of Grace Lumpkin Ellen Glasgow and Erskine Caldwell This volume shows that those who work to eradicate poverty and even victims of poverty themselves can hesitate to cross the line of race gender memory or tradition in pursuit of their goal *Routledge Handbook on Capital Punishment* Robert M. Bohm, Gavin Lee, 2017-12-15 Capital punishment is one of the more controversial subjects in the social sciences especially in criminal justice and criminology Over the last decade or so the United States has experienced a significant decline in the number of death sentences and executions Since 2007 eight states have abolished capital punishment bringing the total number of states without the death penalty to 19 plus the District of Columbia and more are likely to follow suit in the near future Nebraska reinstated its death penalty in 2016 Worldwide 70 percent of countries have abolished capital punishment in law or in practice The current trend suggests the eventual demise of capital punishment in all but a few recalcitrant states and countries Within this context a fresh look at capital punishment in the United States and worldwide is warranted The Routledge Handbook on Capital Punishment comprehensively examines the topic of capital punishment from a wide variety of perspectives A thoughtful introductory chapter from experts Bohm and Lee presents a contextual framework for the subject matter and chapters present state of the art analyses of a range of aspects of capital punishment grouped into five sections 1 Capital Punishment History Opinion and Culture 2 Capital Punishment Rationales and Religious Views 3 Capital Punishment and Constitutional Issues 4 The Death Penalty's Administration and 5 The Death Penalty's Consequences This is a key collection for students taking courses in prisons penology criminal justice criminology and related subjects and is also an essential reference for academics and practitioners working in prison service or in related agencies *America, History and Life*, 2003 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide *The Florida Historical Quarterly* Florida Historical Society, 1937 *New Field, New Corn* Paul M. Pruitt, Jr., 2015-09-09 NEW FIELD NEW CORN is an anthology of research papers that explore a range of topics from the rich legal history of the state of Alabama and its influential legal and judicial figures Contemporary photography and maps are featured as well New Field New Corn presents eight new essays on Alabama legal history from the pre Civil War era through the Civil Rights era These elegant and novel chapters survey a broad spectrum from economics race education and professional concerns of lawyers to

plain old legal doctrine to show how those variables affected the state's development. These essays reveal why we need intensive studies of American law at the state and county level in the 19th and 20th centuries. For they demonstrate that law is embedded in our culture. These invite many other studies from the county level on up in other states to demonstrate how law lies at the center of nation's history. They reaffirm my faith that there are many, many fascinating stories left to tell about our nation's journey towards fulfilling the promises of law.

Alfred L. Brophy, Judge John J. Parker Distinguished Professor of Law, University of North Carolina, Chapel Hill, Author *Reparations: Pro and Con* 2006 and *Reconstructing the Dreamland* 2002.

Alabama legal history can be surprising. Usually this history is identified with dominant one-party politics, slavery, racial segregation, and limited social welfare.

University of Alabama Law School legal historian Paul Pruitt's collection of young lawyers' research reveals a new field. It extends out from legal subjects embracing new perceptions of law in society across Alabama history. The collection rests on broad research. Lawyers working in diverse fields have produced Alabama legal history that sets a new standard.

Tony Freyer, University Research Professor of History and Law Emeritus, University of Alabama, Author *Hugo L. Black and the Dilemma of American Liberalism* 2007 and coauthor *Democracy and Judicial Independence* 1996.
