Leadership in Nonprofit Organizations Kathryn A. Agard, 2010-10-19 Leaders of nonprofit organizations deliver programs and services vital to the quality of life in the United States All the activities of our religious communities the vast majority of the arts and culture human services and community development pursuits as well as education and environmental advocacies take root and deliver their services within the nonprofit sector Welcome to the world of leadership in nonprofit organizations This sector offers an opportunity to serve as well as to lead Leadership in Nonprofit Organizations A Reference Handbook engages voices on issues and leadership topics important to those seeking to understand more about this dynamic sector of society A major focus of this two volume reference work is on the specific roles and skills required of the nonprofit leader in voluntary organizations Key Features Presents contributions from a wide range of authors who reflect the variety vibrancy and creativity of the sector itself Provides an overview of the history of nonprofit organizations in our country Describes a robust and diverse assortment of organizations and opportunities for leadership Explores the nature of leadership and its complexity as exemplified in the nonprofit sector Includes topics such as personalities of nonprofit leaders vision and starting a nonprofit organization nonprofit law statutes taxation and regulations strategic management financial management collaboration public relations for promoting a nonprofit organization and human resource policies and procedures Nonprofit organizations are a large independent diverse and dynamic part of our society This landmark Handbook tackles issues relevant to leadership in the nonprofit realm making it a welcome addition to any academic or public library **The Law of Journalism and Mass Communication** Susan Dente Ross, Amy Reynolds, Robert Trager, 2019-11-12 This is the best all around media law text for undergraduate and graduate students alike The clear nonthreatening writing style of the authors by itself sets this book apart And yet it does so by not leaving out any important areas of inquiry That s why my colleagues and I continue to adopt this for all of our media law classes Jonathan Kotler

University of Southern California In The Law of Journalism and Mass Communication authors Susan Dente Ross Amy Reynolds and Robert Trager present a lively up to date and comprehensive introduction to media law that brings the law to life for future professional communicators The book is grounded in the traditions and rules of law but also contains fresh facts and relevant examples that keep readers engaged Tightly focused breakout boxes highlight contemporary examples of the law in action or emphasize central points of law as well as intersections with international law and policy The thoroughly updated Seventh Edition contains a wealth of new content that is as timely as possible from the U S Supreme Court federal and state courts Congress executive agencies federal and state policymakers and advisory groups and media organizations and allies A refreshed look feel and flow of chapters provide readers an understanding of fast expanding areas of the law and legal complexities

Beyond Polarized American Democracy Michael Haas,2023-08-11 Civil war in the United States is now a mainstream topic due to apparent signs of ongoing planning This book reveals why in several ways First four major ideological drivers of possible conflict are identified Next ten arenas of ongoing nonviolent civil war are traced as increasingly for micro level violence Then several dozen alternative scenarios are traced to explain how civil war could break out very soon Finally measures are delineated about how the country might prevent calamity Anarchists Christian Nationalists Libertarians and Triumphalists are determined to impose their views on the diverse nation and reduce opponents to second class status They demonstrate their blatant determination through nonviolent political contests involving conspiracy theories cultural differences verbal contestation anti elitism racism well armed groups with nationwide membership political demonization media disinformation Congressional hyperpartisanship reducing constitutional rights and legal fights by some states against others But often they go beyond and commit violence out of sheer enjoyment in making opponents suffer Beyond Polarized American Democracy From Mass Society to Coups and Civil War suggests remedies for each of ten types of nonviolent civil war but most are long term solutions that cannot deal with an imminent threat Accordingly the book reviews governmental and military resources as well as efforts to counteract the ideological contest through political innovations The analysis flows from the sociological Mass Society Paradigm which argues that democracy s survival depends upon the ability of civil society to relay the needs of the people to institutions of government and provide effective pressure for corrective action As developed to explain the rise of Nazism in Germany the analysis applies lessons from studies of coups and civil wars to identify how to prevent the loss of democracy in the United States
