Flower Of The Pacific:

Flowers of the Pacific Island Seashore W. Arthur Whistler, 1992 The dream of becoming a beachcomber on some distant tropical shore has always held a particular fascination for Westerners To be able to spend one s day relaxing under a tropical sun and walking a palm covered beach bordering a blue lagoon has seemed like the ideal escape from the everyday pressures of the hurried lifestyle of our Western world Ever since its European discovery Polynesia has captivated the imagination of adventurers looking for an island paradise Now with the age of jet travel a visit to the islands is no longer an impossible dream Every year thousands of people fly to the South Pacific to spend their vacation in the tropical sun One of the most remarkable features of Polynesia is the vast array of exotic flowers to be found growing everywhere in profusion For those who are interested in nature the easiest way to identify these exotic species is by using an illustrated book on tropical flowers There are already a number of such books available but most of these deal only with cultivated ornamental plants such as hibiscus frangipani and jasmine These are well suited to those who do not go beyond the confines of their hotel or local tourist attractions But it is for those who seek out nature away from the hotels away from the tourist attractions or even away from civilization that this book is intended **A Field Guide to Pacific States Wildflowers** Theodore F. Niehaus, Roger Tory Peterson, 1998-01-15 Describes 1 492 wildflowers found from British Columbia to Baja California from the Rocky Mountains to the Pacific Ocean including names family habitat and flowering season with illustrations **Flower of the Pacific** Lana M. Boldt, 1984-01 **Flowers and Shrubs in the Pacific Northwest** Pasquale De Marco, 2025-05-09 Flowers and Shrubs in the Pacific Northwest is the perfect guide to identifying and learning about the incredible plant life of the Pacific Northwest With its beautiful photographs and informative text this book is a must have for anyone who loves nature Whether you re a seasoned botanist or a nature enthusiast Flowers and Shrubs in the Pacific Northwest has something for everyone This book covers a wide range of topics including How to identify trees shrubs and flowers by their leaves flowers and bark The different plant communities of the Pacific Northwest from forests to wetlands to grasslands The ecological importance of native plants and the threats they face How to grow and care for native plants in your own garden And much more Flowers and Shrubs in the Pacific Northwest is also a great resource for anyone who wants to learn more about the cultural and historical significance of plants in the Pacific Northwest This book includes information on the traditional uses of plants by Native Americans as well as the role that plants have played in the development of the region With its comprehensive coverage and beautiful photography Flowers and Shrubs in the Pacific Northwest is the perfect way to learn more about the incredible plant life of the Pacific Northwest Whether you re a seasoned botanist or a nature enthusiast this book is sure to inspire you to learn more about the plants that make this region so special About the Author Pasquale De Marco is a lifelong resident of the Pacific Northwest and has a deep love for the region s natural beauty He has spent many years studying and photographing the plants of the Pacific Northwest and he is passionate about sharing his
