Flower Portraits Address Book Deborah Schenck, 2005-03 **Addresses & Hymns. [With a Portrait.]** Emma Geraldine Henrietta Hamilton Denning (formerly Hooper.), 1874 *American Florist*, 1892 Addresses Delivered at the Presentation of the Portrait of Abraham Lincoln New Jersey. Legislature. General Assembly, 1867 Flowers from the Garden of God, and Other Addresses to Children Gordon Calthrop, 1878 **The American Florist**, 1913 *The Portrait in Fiction of the Romantic Period* Joe Bray, 2016-05-26 Beginning with the premise that the portrait was undergoing a shift in both form and function during the Romantic age Joe Bray examines how these changes are reflected in the fiction of writers such as Maria Edgeworth Jane Austen Sir Walter Scott Elizabeth Hamilton and Amelia Opie Bray considers portraiture in a broad sense as encompassing caricature and the miniature as well as the classic portraits of Sir Joshua Reynolds and others He argues that the portrait in fiction often functions not as a transparent index to character or as a means of producing a straightforward likeness but rather as a cue for misreading and a sign of the slipperiness and subjectivity of interpretation The book is concerned with more than simply the appearance of portraits in Romantic fiction however More broadly The Portrait in Fiction of the Romantic Period investigates how the language of portraiture pervades the novel in this period and how the two art forms exert mutual stylistic influence on each other **Florine Stettheimer** Stephen Brown, Georgiana Uhlyarik, 2017-01-01 A new look at the art of one of the most charming and idiosyncratic personalities of early 20th century New York Florine Stettheimer 1871 1944 was a New York original a society lady who hosted an avant garde salon in her Manhattan home a bohemian and a flapper a poet a theater designer and above all an influential painter with a sharp satirical wit Stettheimer collaborated with Gertrude Stein and Virgil Thomson befriended and took French lessons from Marcel Duchamp and was a member of Alfred Stieglitz and Georgia O Keeffe s artistic and intellectual circle Beautifully illustrated with 150 color images including the majority of the artist s extant paintings as well as drawings theater designs and ephemera this volume also highlights Stettheimer s poetry and gives her a long overdue critical reassessment The essays published here as well as a roundtable discussion by seven leading contemporary female artists overturn the traditional perception of Stettheimer as an artist of mere novelties Her work is linked not only to American modernism and the New York bohemian scene before World War II but also to a range of art practices active today Flamboyant and epicurean she was an astute documenter of New York and parodist of her social milieu her highly decorative scenes borrowed from Surrealism and contributed to the beginnings of a feminist aesthetic *Bryan's Dictionary of Painters and Engravers* Michael Bryan, 1904 Floral Culture and the Tudor and Stuart Courts Susannah Lyon-Whaley, 2025-10-01 At court flowers coloured scented adorned sustained nourished and enthralled These interdisciplinary essays engage with flowers as real artificial and represented objects across the Tudor and Stuart courts in gardens literature painting interior furnishing garments and as jewels medicine and food Situating this burgeoning floral culture within a European floral revolution of science natural

history global trade and colonial expansion they reveal the court s distinctive floral identity and history If the rose operated as a particularly English lingua franca of royal power across two dynasties this volume sheds light on an array of wild and garden flowers to offer an immersive picture of how the Tudor and Stuart courts lived and functioned styled and displayed themselves through flowers It contributes to a revival of interest in the early modern green world and provides a focused view of a court and court culture that used and revelled in blooms interdisciplinary this collection incorporates interdisciplinary perspectives and methods taking a broad view of flowers role in material visual and literary culture thereby forging a world view of flowers at the English court and appealing to a range of scholars social and cultural relevance the collection addresses the natural world and people s relationships with it topics foregrounded in modern social and cultural debates as well as intersecting with other areas of continued relevance and interest such as soft power consumer culture gender and globalisation groundbreaking first publication to directly address flowers within court culture In doing so it unites traditional topics of interest such as art and architecture with newer areas of interest that focus on transient items such as medical preparations and scent *Meditations and Contemplations, etc. With plates, including a portrait* James Hervey,1820 *Weekly Florists' Review* Gilbert Leonard Grant,1927 *Report* California state agricultural society,1881
