Fowler's English Dictionary Henry Fowler, 1989-06-01 Love, Sex, and Marriage Julie Coleman, 2022-06-13 If the language we use influences and reflects the way that we see the world then the fields of LOVE SEX and MARRIAGE will show how speakers of English view their closest social and emotional relationships Love Sex and Marriage provides a classification of English terms for these three fields from the earliest written records of the language until the present day This volume makes it possible to trace changing attitudes towards social and sexual ties and to understand those ties as earlier speakers of English did through the language they used The terms are arranged by meaning and are listed chronologically within semantic fields with their dates of usage Notes on individual terms provide further information about their connotations and development Language does not exist in isolation from the people who speak it so background information about changes in social conditions religious beliefs and medical advancements is also included A brief introduction to basic semantic terminology explains the principles behind the classification and an alphabetical index facilitates the location of individual terms *Plant lore, legends and lyrics* Richard Folkard, 1884 *Kāma's Flowers* Valerie Ritter, 2011-09-01 Kama s Flowers documents the transformation of Hindi poetry during the crucial period of 1885 1925 As Hindi was becoming a national language and Indian nationalism was emerging Hindi authors articulated a North Indian version of modernity by reenvisioning nature While their writing has previously been seen as an imitation of European Romanticism Valerie Ritter shows its unique and particular function in North India Description of the natural world recalled traditional poetics particularly erotic and devotional poetics but was now used to address sociopolitical concerns as authors created literature to advocate for a national character and to address a growing audience of female readers Examining Hindi classics translations from English poetry literary criticism and little known popular works Ritter combines translations with fresh literary analysis to show the pivotal role of nature in how modernity was understood Bringing a new body of literature to English language readers Kama s Flowers also reveals the origins of an influential visual culture that resonates today in Bollywood cinema

Swinburne and the Singing Word Yisrael Levin,2016-03-16 Focusing on Algernon Charles Swinburne s later writings this collection makes a case for the seriousness and significance of the writer s mature work While Swinburne s scandalous early poetry has received considerable critical attention the thoughtful rich spiritually and politically informed poetry that began to emerge in his thirties has been generally neglected This volume addresses the need for a fuller understanding of Swinburne s career that includes his fiction aesthetic ideology and analyses of Shakespeare and the great French writers Among the key features of the collection is the contextualizing of Swinburne s work in new contexts such as Victorian mythography continental aestheticism positivism and empiricism Individual essays examine among other topics the dialect poems and Swinburne s position as a regional poet Swinburne as a transition figure from nineteenth century aesthetic writing to the professionalized criticism that dominates the twentieth century Swinburne s participation in the French literary scene Swinburne s friendships with women writers and the selections made for anthologies from the nineteenth century to the present Taken together the essays offer scholars a richer portrait of Swinburne s importance as a poet critic and fiction writer
