Benjamin M. Durheim

Flesh Of The Church Flesh Of Christ The Sources Of The Ecclesiology Of Communion:

Flesh of the Church, Flesh of Christ Jean-Marie-Roger Tillard, 2001 Renowned scholar J M R Tillard defines what the flesh of the Church is for the New Testament and the period of the undivided Church He enables readers to understand not the structure of God's Church but the living reality of grace for which this structure exists He explains that the flesh of the church is communion of life for humanity reconciled with the Father and with itself in Christ *Koinonia and the Quest for an Ecumenical Ecclesiology* Lorelei F. Fuchs, 2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communiality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought *Koinonia and the Quest for an Ecumenical Ecclesiology* provides a broad thoughtful framework for realizing Christ's prayer that all may be one so that the world may believe

Christ's Gift, Our Response Benjamin M. Durham, 2015 Sacramental theology has often been a challenging area of conversation between Catholics and Protestants In *Christ's Gift Our Response* Benjamin Durham envisions a collaborative way forward forging a conversation between two contemporary approaches to the connection between sacraments and ethics Drawing primarily from Louis Marie Chauvet and the Finnish school of Luther interpretation Durham constructs a mutually enriching theological dialogue Beyond comparison and contrast this is an attempt to draw these theologies together as sources for each other rather than as competitors

The Pentecostal Gender Paradox Joseph Lee Dutko, 2023-11-16 The distinct subjects of eschatology and gender equality have seen an explosion of interest in recent decades particularly within Pentecostal scholarship Pentecostalism is regarded ideally as both an eschatological and egalitarian movement However many Pentecostals have lamented the inconsistency between the early egalitarian impulse of the movement and its current restrictive practices This situation has been described as the so called Pentecostal gender paradox referring to the conflicting freedoms and limitations experienced by Pentecostal women Pentecostals have also recognized the waning

eschatological fervor within the movement and its shifting eschatological convictions leading to calls to rediscover the eschatological heart of the movement Despite the renewed interest in both eschatology and women s equality little research has been done to put these two areas into conversation with each other eschatological convictions are often absent in the debate on gender roles in the church For Pentecostals eschatology has often been about urgency in saving souls rather than attending to social issues but could Pentecostal eschatology be the key to re discovering greater equality for women in the church Is the waning of both eschatology and women s equality within Pentecostalism potentially interrelated For over one hundred years the role of women in Pentecostalism has been debated without a firm consensus By examining gender solely through an eschatological lens in history Scripture and praxis this work provides a valuable and creative contribution to one of the most important theological and global issues of our time women s in equality This book is also one of the first comprehensive studies to approach a single social issue solely through an eschatological lens and to provide attention to developing a thorough and methodologically connected eschatological praxis By uncovering the unified eschatological egalitarian narrative thread within both the Pentecostal and biblical story this work suggests that the present end of women s inequality begins with fidelity to the future eschaton of gender equality **Risking the Church** Richard Lennan,2004-10-14

As a consequence of numerous social and theological movements over the last few decades the Roman Catholic Church finds itself in a situation that some have described as a state of peril This book traces the emergence of that peril develops a systematic ecclesiology that identifies both the mission and resources of the Church in the present day and explores possible responses to some of the specific challenges facing the contemporary Church The book develops an understanding of the Catholic tradition in order to highlight its potential for development **Eucharist as Meaning** Joseph C. Mudd,2014-06-26

This study moves beyond postmodern trends in Catholic eucharistic theology by exploring the works of Bernard Lonergan and Louis Marie Chauvet Having learned from both Chauvet s critique of metaphysics and Lonergan s development of a critical metaphysics we hope to offer a fruitful understanding of traditional eucharistic doctrines that is able to respond to some contemporary problems and shed some light on the great mystery that stands at the center of Christian worship from the introduction Postmodern theologians have been critical of using metaphysics to interpret the presence of Christ in the Eucharist liturgical sacrifice and sacramental causality preferring instead a symbolic approach Lonergan s critical metaphysics however offers an account of knowing and being that resists attempts to pit metaphysics against the symbolic and moves sacramental theology into the real world of meaning The result is a theology of the Eucharist grounded in tradition that speaks to today s believers *Christ and the Catholic Priesthood* Matthew Levering,2010 *Eucharistic Body* Frank C. Senn,2017-08-15 Building on his previous work on embodied liturgy Frank C Senn explores the relationship between the sacramental body and blood of Christ the ecclesial body of Christ and the body of the communicant Drawing on the richness of the eucharistic traditions and his own life experiences this book expands our understandings of the Eucharist

to include pilgrimage to the altar ad altare Dei a life of gratitude anaphora cosmology and praise preface and Sanctus body and memory anamnesis Spirit and community epiclesis Trinitarian orthodoxy and world view doxology presence and union with Christ communion and initiation and reconciliation fencing the table It argues for use of a full eucharistic prayer to express a wider understanding of the Eucharist including creation themes an emphasis on the passion of Christ to connect the Eucharist to suffering humanity an expansion of the fellowship dimension of the Eucharist to embrace the church in heaven and around the world a recovery of Trinitarian praise an ecumenical exploration of how we understand theologically the presence of Christ received bodily and a reconsideration of the value of initiation in sacramental discipline and in the life of faith

The Church Frederick J. Cwiekowski, 2018-04-23 The historical context in which theological understandings have developed play an important role in our understanding of the modern church In this book Sulpician priest and scholar Frederick J Cwiekowski traces the theology of the church beginning with the community of disciples during Jesus ministry and the New Testament era He continues through the various periods of history highlighting events from both the East and West including the remarkable developments surrounding the Second Vatican Council the post conciliar period and today's pontificate of Pope Francis With this book intended for general readers and students of theology Cwiekowski hopes to promote an appreciation of the mystery that is the church

Scaffolds of the Church Cyril Hovorun, 2018-01-01 Unity is the categorical imperative of the church It is not just the church's *bene esse* but its *esse* In addition to being a theological concept unity has become a *raison d'être* of various structures that the church has established and developed All of these structures are supposed to serve the end of unity However from time to time some of them deviate from their initial purpose and contribute to disunity This happens because the structures of the church are not a part of its nature and can therefore turn against it They are like scaffolding which facilitates the construction and maintenance of a building without actually being part of it Likewise ecclesial structures help the church function in accordance with its nature but should not be identified with the church proper This book considers the evolution of some of these church structures and evaluates their correspondence to their initial rationale It focuses on particular structures that have developed in the eastern part of the Christian oecumene such as patriarchates canonical territory and autocephaly all of which are explored in the more general frame of hierarchy and primacy They were selected because they are most neuralgic in the life of the Orthodox churches today and bear in them the greatest potential to divide

The Interruptive Word R. David Nelson, 2013-07-25 While German Lutheran theologian Eberhard Jüngel 1934 has made a number of significant contributions to contemporaneous discussions of sacramental theology this topic has largely been ignored by interpreters of his thought This study summarizes and evaluates through a close reading of primary and secondary source materials Jüngel's approach to the problem of sacrament R David Nelson considers Jüngel's claim that the word of God functions sacramentally as it addresses its hearer and analyses his assertion that Jesus Christ is the unique and preeminent sacrament of God for the world Progressing to an exploration of Jüngel's ecclesiology Nelson reveals Jüngel's interesting approach to the question of the church's sacramentality The volume concludes with an investigation into Jüngel's doctrines of baptism and the Lord's Supper The Interruptive Word demonstrates that Jüngel consistently appeals to the category of interruption for describing God's sacramental relation to the world and its actualities concluding that the hegemony of the category of interruption in Jüngel's theology of sacrament raises important questions concerning its coherence and tenability
