Time Capsule , Food and Drink in American History

Andrew F. Smith, 2013-10-28 This three volume encyclopedia on the history of American food and beverages serves as an ideal companion resource for social studies and American history courses covering topics ranging from early American Indian foods to mandatory nutrition information at fast food restaurants The expression you are what you eat certainly applies to Americans not just in terms of our physical health but also in the myriad ways that our taste preferences eating habits and food culture are intrinsically tied to our society and history This standout reference work comprises two volumes containing more than 600 alphabetically arranged historical entries on American foods and beverages as well as dozens of historical recipes for traditional American foods and a third volume of more than 120 primary source documents Never before has there been a reference work that coalesces this diverse range of information into a single set The entries in this set provide information that will transform any American history research project into an engaging learning experience Examples include explanations of how tuna fish became a staple food product for Americans how the canning industry emerged from the Civil War the difference between Americans and people of other countries in terms of what percentage of their income is spent on food and beverages and how taxation on beverages like tea rum and whisky set off important political rebellions in U S history Fruits and Farinacea the Proper Food of Man ... Cannibal Fictions Jeff Berglund, 2006 Objects of fear and fascination cannibals have long signified an elemental otherness an existence outside the bounds of normalcy In the American imagination the figure of the cannibal has evolved tellingly over time as Jeff Berglund shows in this study encompassing a strikingly eclectic collection of cultural literary and cinematic texts Cannibal Fictions brings together two discrete periods in U S history the years between the Civil War and World War I the high water mark in America's imperial presence and the post Vietnam era when the nation was beginning to seriously question its own global agenda Berglund shows how P T Barnum in a traveling exhibit featuring so called Fiji cannibals served up an alien other for popular consumption while Edgar Rice Burroughs in his Tarzan of the Apes series tapped into similar anxieties about the eruption of foreign elements into a homogeneous culture Turning to the last decades of the twentieth century Berglund considers how treatments of cannibalism variously perpetuated or subverted racist sexist

and homophobic ideologies rooted in earlier times Fannie Flagg's novel *Fried Green Tomatoes* invokes cannibalism to new effect offering an explicit critique of racial gender and sexual politics an element to a large extent suppressed in the movie adaptation Recurring motifs in contemporary Native American writing suggest how Western expansion has cannibalistically laid the seeds of its own destruction And James Dobson's recent efforts to link the pro life agenda to allegations of cannibalism in China testify still further to the currency and pervasiveness of this powerful trope By highlighting practices that preclude the many from becoming one these representations of cannibalism Berglund argues call into question the comforting national narrative of *e pluribus unum*

Anni 80 Il Decennio d'oro del Cinema Horror Matteo Tortora, 2014-11-19 Il presente libro nasce come tentativo di sintetico catalogo ragionato del cinema horror degli anni 80 compiuto da uno spettatore che nel 1980 aveva cinque anni e nel 1990 quindici quindi uno spettatore fortemente influenzabile e che pertanto risente nei giudizi delle proprie memorie di giovane testimone delle paure e delle inquietudini che le tematiche horror gli trasmettevano L approccio ai film avviene pertanto su basi fortemente affettive e nostalgiche L angolo di prospettiva seguito francamente unilaterale non si voluto rifare qui una storia generale ed approfondita del cinema horror dal 1980 al 1990 ma verificare l influenza diretta delle varie tematiche sulla produzione internazionale le imitazioni del passato e gli indirizzi e le nuove mete indicate dai maestri quali Tobe Hooper Wes Craven Kubrick Carpenter ect ect Cos analizzando le varie tematiche e le piccole o grandi ideologie che esse trasmettono potremo ritrovare alcuni tratti tipici di fortunatissimi filoni quali

Halloween Venerdì 13 solo per citare i più importanti Inoltre un viaggio nel Cinema Horror degli anni 80 analizzato sotto un profilo laico ed il profilo religioso prettamente cattolico Diversificazioni di analisi certo ma un sicuro approfondimento delle tematiche che ci interessano Infatti di tutti i film presi in considerazione non solo si dà un sintetico giudizio laico ma si riporta anche l'approfondita Scheda redatta dal Centro Cattolico Cinematografico che analizza la trama valuta il film sotto il profilo etico morale religioso al fine di indicare ai Cattolici se può essere visto o meno Ne viene fuori uno spaccato veramente interessante e a volte addirittura divertente Bisogna dare atto per il quale la critica cattolica sa diversificare il giudizio religioso da quello tecnico creativo Ci vuol dire che un film può essere riconosciuto come un capolavoro ma non per questo ottenere il nulla osta di visibilità Il libro è stato concepito per l'editoria elettronica come tale ha delle peculiarità che il libro cartaceo non ha La principale quella dell'interattività Non indispensabile ma opportuna Disponendo di una connessione internet sul proprio lettore di ebook sarà possibile collegarsi ad esempio a Wikipedia potendo così consultare una scheda approfondita del film e del suo regista Inoltre subito dopo l'introduzione si riportano tutti i film horror usciti dal 1980 al 1989 linkati a IMDB e a MRQE per le recensioni in lingua inglese *80's The Gold Decade Of The Horror Movie* Matteo Tortora, 2014-11-18 A journey into the numerous Horror Films of the 80's analyzed under a religious profile which is purely Catholic The diversification of the analysis is of course an issue that interests us In fact of all the films taken into consideration this journey not only gives a brief opinion of the film but it also shows the depth and thoughts shared and prepared by the Catholic Cinematographic Center This Centre analyzes the plot and also evaluates the film under an ethical moral and religious aspect in order to indicate if Catholics are able to watch it The result is a really interesting insight and sometimes it has a fun perspective We must acknowledge however that the critical Catholic knows how to diversify religious opinion from the technical creative aspects This means that a film can be recognized as a masterpiece but not get the clearance for visibility 65 deepened critical articles of the most important films of the decade Over 9000 Horror Movies from 1980 to 1989 linked to external resources for Cast Posters Images and Reviews The electronic version of this book is designed in Kindle PDF and Epub format This is an interactive book An Internet connection is not essential although it is recommended so the reader can take advantage of the many external links that are present in the work **Bleeding Skull!** Joseph A.
