Flesh To Metal:

Flesh to Metal Rolf Hellebust, 2018-08-06 That science fiction future in which technology would make everything very good or very bad has not yet arrived From our vantage point at least no age appears to have had a deeper faith in the inevitability and imminence of such a total technological transformation than the early twentieth century Russia was no exception from the introduction In the Soviet Union it seems armoring oneself against the world did not suffice it was best to become metal itself In his engaging and accessible book Rolf Hellebust explores the aesthetic and ideological function of the metallization of the revolutionary body as revealed in Soviet literature art and politics His book shows how the significance of this modern myth goes far beyond the immediate issue of the enthusiasm with which the Bolsheviks welcomed such a symbolic transfiguration and that of our own uneasy attraction to the images of metal flesh and machine men Hellebust's literary examples range from the famous Pasternak's Doctor Zhivago to the forgotten early Soviet proletarian poets To these he adds a mix of non Russian references from creation myths to comic book superheroes medieval alchemy to Moby Dick He includes readings of posters sculpture and political discourse as well as cross cultural comparisons to revolutionary France industrial age America and Nazi Germany The result is a fascinating portrait of the ultimate symbols of dehumanizing modernity as refracted through the prism of utopian humanism *Flesh and Metal* Man, 2004 Man vs machine in a sex

showdown For adults only *Catalog* Sears, Roebuck and Company, 1922 **Under Iron Skies** Joshua James Kingston, 2025-08-23 A dark city lays in an artificial land where the sky is made of metal dominated by the foreboding red moon This is the City of the Moon ruled over by dukes and duchesses seemingly immortal crime lords whose psychological manipulations cunning greed and ruthlessness are unmatched Only the Thief Taker is greater than they and few dare even whisper the name of that ominous all seeing deity Yet even in the darkest of skies a star might yet shine through

Medievalism and Metal Music Studies Ruth Barratt-Peacock, Ross Hagen, 2019-09-06 This edited collection investigates metal music's enduring fascination with the medieval period from a variety of critical perspectives exploring how metal musicians and fans use the medieval period as a fount for creativity and critique **Night Unbound** Dianne Duvall, 2014 When she starts dreaming about a dark haired man who has been declared a traitor Lisette d Alencon a warrior against the dark comes to his rescue only to be taken to task by the Immortal Guardians who blame them both for a plague of super vamps that seem to have appeared out of nowhere Standard Commodity Classification.--Supplement to Vol. II.

United States. Technical Committee on Standard Commodity Classification, 1945 J. G. Ballard's "Crash" Paul March-Russell, 2024-10-31 J G Ballard's Crash 1973 remains a byword for transgression in literature declared too disgusting for words upon publication The basis for David Cronenberg's equally provocative film Crash has been regarded variously as the apotheosis of New Wave science fiction the ur source for postmodernism a transhumanist manifesto and a pornographic masterpiece in the tradition of Sade and Bataille This revisionist account based on previously unexplored archive material

shatters the myths that have accrued around this tantalising work whilst also revealing why it continues to inspire writers artists musicians and filmmakers in the 21st century The book vividly reconstructs how Ballard came to write *Crash* the cultural landscape in which it was written the effect of its reception and the toll it took on its author New perspectives reveal how *Crash* reworks surrealist anthropology evolutionary theory and pornographic imagery in order to expose a society addicted to the abuse of power the silencing of others and its own environmental destruction As Ballard later admitted he must have been mad to write *Crash*

Angry Candy Harlan Ellison, 2016-10-20 Winner of the World Fantasy Award for best short story collection this volume by one of the most acclaimed authors of the 20th century takes an intense look at how the specter of death haunts everyday life

Catalogue ... Montgomery Ward, 1929 Mammoth Books presents The Region Between Harlan Ellison, 2012-07-26 The *Region Between* first appeared in *Galaxy* back in 1970 It had originally been commissioned as one of a set of stories by different authors who all used a common starting point as set out in the story's prologue written by Keith Laumer Ellison's contribution was a longer work than one usually expects from him but it nevertheless sustains its bombardment of ideas and feelings throughout What's more Ellison created a story that demanded a different format to allow for full expression The result was a typesetter's nightmare but as you will see the experience now only makes this story all the more fascinating it actually takes you into the story itself Mike Ashley

Violence and Dystopia Daniel Cojocaru, 2015-09-18 Violence and Dystopia is a critical examination of imitative desire scapegoating and sacrifice in selected contemporary Western dystopian narratives through the lens of Ren Girard's mimetic theory The first chapter offers an overview of the history of Western utopia dystopia with a special emphasis on the problem of conflictive mimesis and scapegoating violence and a critical introduction to Girard's theory The second

chapter is devoted to J G Ballard s seminal novel Crash 1973 Chuck Palahniuk s Fight Club 1996 and Rant 2007 and Brad Anderson s film The Machinist 2004 It is argued that the car crash functions as a metaphor for conflictive mimetic desire and leads to a quasi sacrificial crisis as defined by Girard for archaic religion The third chapter focuses on the psychogeographical writings of Iain Sinclair and Peter Ackroyd Walking the streets of London the pedestrian represents the excluded underside of the world of Ballardian speed The walking subject is portrayed in terms of the expelled victim of Girardian theory The fourth chapter considers violent crowds as portrayed by Ballard s late fiction the writings of Stewart Home and David Peace s GB84 2004 In accordance with Girard s hypothesis the discussed narratives reveal the failure of scapegoat expulsion to restore peace to the potentially self destructive violent crowds The fifth chapter examines the post apocalyptic environments resulting from failed scapegoat expulsion and mimetic conflict out of control as portrayed in Sinclair s Radon Daughters 1994 Margaret Atwood s The Handmaid s Tale 1985 and Oryx and Crake 2003 and Will Self s The Book of Dave 2006 Historic Ornament: Pottery; enamels; ivories; metal-work; furniture; textile fabrics; mosaics; glass; and book decoration James Ward,1897 *Coal miners' pocketbook, formerly The coal and metal miners' pocketbook* Edward Nathan Zern,1928 The Metal Worker ,1896
