S. Post, 2015-11-26 A Thickness of Particulars The Poetry of Anthony Hecht is the first book length study of one of the great formal poets of the later twentieth century 1923 2004 Making use of Hecht's correspondence which the author edited it situates Hecht's writings in the context of pre and post World War II verse including poetry written by W H Auden Elizabeth Bishop Robert Lowell James Merrill and Richard Wilbur In nine chapters the book ranges over Hecht's full career with special emphasis placed on the effects of the war on his memory Hecht participated in the final push by the Allied troops in Europe and was involved in the liberation of the Flossenburg Concentration Camp The study explores the important place Venice and Italy occupied in his imagination as well as the significance of the visual and dramatic arts and music more generally Chapters are devoted to analyzing celebrated individual poems such as The Book of Yolek and The Venetian Vespers the making of particular volumes as in the case of the Pulitzer Prize winning The Hard Hours the poet's mid career turn toward writing dramatic monologues and longer narrative poems Green An Epistle The Grapes and See Naples and Die and ekphrases the inspiring use he made of Shakespeare especially in A Love for Four Voices his delightful riff on A Midsummer Night's Dream and his collaboration with the artist Leonard Baskin in the Presumptions of Death series from Flight Among the Tombs The book seeks to unfold the itinerary of a highly civilized mind brooding with wit over the dark landscape of the later twentieth century in poems of unrivalled beauty **The Theban Tombs Series** Egypt Exploration Society, 1920 **On the Nature of Ecological Paradox** Michael Charles Tobias, Jane Gray Morrison, 2021-05-18 This work is a large powerfully illustrated interdisciplinary natural sciences volume the first of its kind to examine the critically important nature of ecological paradox through an abundance of lenses the biological sciences taxonomy archaeology geopolitical history comparative ethics literature philosophy the history of science human geography population ecology epistemology anthropology demographics and futurism The ecological paradox suggests that the human biological and from an insular perspective successful struggle to exist has come at the price of isolating *H sapiens* from life sustaining ecosystem services and far too much of the biodiversity with which we find ourselves at crisis level odds It is a paradox dating back thousands of years implicating millennia of human machinations that have been utterly ruinous to biological baselines Those metrics are examined from numerous multidisciplinary approaches in this thoroughly original work which aids readers particularly natural history students who aspire to grasp the far reaching dimensions of the Anthropocene as it affects every facet of human experience past present and future and the rest of planetary sentience With a Preface by Dr Gerald Wayne Clough former Secretary of the Smithsonian Institution and President Emeritus of the Georgia Institute of Technology

Foreword by Robert Gillespie President of the non profit Population Communication      **The Tombs, Monuments, &c., Visible in S. Paul's Cathedral (and S. Faith's Beneath It) Previous to Its Destruction by Fire A.D. 1666** Payne Fisher,1885      **Visualizing the Afterlife in the Tombs of Graeco-Roman Egypt** Marjorie Susan Venit,2016 This book explores the visual narratives of a group of decorated tombs from Ptolemaic and Roman Egypt c 300 BCE 250 CE The author contextualizes the tombs within their social political and religious context and considers how the multicultural population of Graeco Roman Egypt chose to negotiate death and the afterlife      Travels and Observations in the Orient and a Hasty Flight in the Countries of Europe Walter Harriman,1883      *Soldiering in India* Robert George Hobbes,1893      Collected Later Poems of Anthony Hecht Anthony Hecht,2009-03-04 Anthony Hecht now in his eightieth year has earned a place alongside such poets as W H Auden Robert Frost and Elizabeth Bishop Here under one cover are his three most recent collections *The Transparent Man* *Flight Among the Tombs and The Darkness and the Light* The perfect companion to his *Collected Earlier Poems* continuously in print since 1990 this book brings the eloquent sound of Hecht s music to bear on a wide variety of human dramas from a young woman dying of leukemia to the tangled love affairs of *A Midsummer Night s Dream* from Death as the director of Hollywood films to the unexpected image of Marcel Proust as a figure skater He glides with a gaining confidence inscribes Tentative passages thinks again backtracks Comes to a minute point Then wheels about in widening sweeps and lobes Large Palmer cursives and smooth entrelacs Preoccupied intent On a subtle long drawn style and pliant script Incised with twin steel blades and qualified Perfectly to express With arms flung wide or gloved hands firmly gripped Behind his back attentively clear eyed A glancing happiness      *Collected Earlier Poems of Anthony Hecht* Anthony Hecht,2012-08-08 *THE VENETIAN VESPERS* 1979 In its clear eyed mercy toward human weakness Anthony Hecht s poetry goes from strength to strength *The Venetian Vespers* is at once an intense corroboration and an ample extension of his subtle supple talents Nothing humane is alien to him There is a handful of short poems that are fostered alike by beauty and fear But it is the four long poems that confirm Hecht as a poet of the widest apprehensions and comprehension and this without the gigantism that so haunts American poetic ambition Christopher Ricks *The New York Times Book Review* *MILLIONS OF STRANGE SHADOWS* 1977 The high artistry of Anthony Hecht has been to nurture his own gift and to work at it with the deliberateness and steadiness that it deserved from him Emotional intensity and formal power were combined in Hecht from his beginnings The thirty poems in *Millions of Strange Shadows* are all fully written but several truly are the best he has published and are very likely to endure The very best is *Green An Epistle* which is a lesson in profound controlled subjectivity and self revelation an exact antithesis to the opaque squalors of confessional poets Almost equally remarkable is *Coming Home* in which the poet John Clare receives a deeper interpretation than any critic has afforded him Harold Bloom *The New Republic* *THE HARD HOURS* 1968 Anthony Hecht s first volume of poems *A Summoning of Stones* established him as one of the most accomplished of his extremely accomplished generation His work was remarkable enough for its classical poise and

elegance but it also had a weight which set it apart Since then his poetry has come clear in a direction nobody could have predicted He did the most difficult thing of all this most fastidious and elegant of poets shed every artifice and began to write with absolute raw simplicity and directness Only a poet with an immense burden of something to say ever dreams of taking this course and only an inspired artist can bring it off The result here has been some of the most powerful and unforgettable poems at present being written in America Ted Hughes
