thousand miles and wave after wave of the Soviet Union's most advanced air defenses and fighter interceptors which are all on full alert. Most of the Megafortress's crew have no military training. They have supplies for only a few hours and are outfitted for the deserts of southern Nevada, not the frigid steppes of Siberia. They have flown the Megafortress only a few times and only in carefully scripted test flights. With Brad Elliott at the controls, Patrick McLanahan realizes that it's up to him to organize and get the rest of the crew ready for the fight of their lives. **The Patrick McLanahan** Dale Brown, 2014-09-16

From New York Times bestselling author Dale Brown comes four thrillers featuring the beloved US Air Force officer Patrick McLanahan in one e-book including *Air Battle Force*, *Plan of Attack*, *Strike Force*, and *Shadow Command*. Air Battle Force: A familiar cast of recurring Dale Brown characters battles Taliban guerrillas as they attempt to overtake Turkmenistan along with American oil interest in that war-torn country. Plan of Attack: The fight for the future must take place in the blazing skies, a battlefield off limits to General Patrick McLanahan, the discredited former commander of Air Battle Force, unless McLanahan takes matters into his own hands. Strike Force: When a military coup in Iran leads to a crackdown on religious jihadists, it looks like a new era is born in the Middle East, but soon Iran unveils its hidden military might and invades northern Iraq, leaving the US completely off guard. Only hero Patrick McLanahan and his high-tech team are prepared for the challenge. Shadow Command: What if the most high-tech unit in the US military rebelled against Washington? The future becomes a terrifying reality in Shadow Command. **Plan of Attack** Dale Brown, 2009-03-17

The destruction of a Russian air base by robotic US warplanes has reawakened the bear, and America must pay a terrible price. In retaliation, Russia's leader launches the most devastating military sneak attack since Pearl Harbor, decimating America's strategic air forces. Now an embattled US president must choose between two horrific scenarios: a cease-fire on the enemy's terms or respond with every weapon in the nation's arsenal, possibly triggering global thermonuclear war. Disgraced and demoted to a desk job, aerial warfare expert Brigadier General Patrick McLanahan saw the nightmare coming, and only he can stop the relentless Russian war machine. But the fight for the future must take place in the blazing skies, a battlefield off limits to the discredited former commander of Air Battle Force, unless McLanahan takes matters into his own hands. **Dreamland Collection # 1** Dale Brown, 2014-08-12
