Floating On The Mibouri:

Floating on the Missouri James Willard Schultz, 1989-02-01 This is a true story of a float trip down the Missouri It compares in some ways to the most famous float trip in American literature the one that Huck Finn took down the Mississippi At the end of his trip young Huck says I reckon I got to Light out for the Territory ahead of the rest because Aunt Sally she is going to adopt me and civilize me and I can't stand it I been there before That young escapee to extend the comparison is epitomized in James Willard Schultz Just expelled from military school the seventeen year old Schultz goes West stays grows up and lives among the Indians marries into the Blackfoot tribe and lived the kind of life he loved In the fall of 1901 Apikuni and his Piegan wife Nataki took a long float trip down the Missouri They camped out and lived off the land for the entire trip from Fort Benton to the juncture off the Missouri and Milk rivers The account of that trip is presented here in book form for the first time Like Huck's adventure this was something more than a simple float trip It was a trip through space and time through memories of early experiences along the river of friends and enemies Assiniboines Crees Sioux and others of early white trappers and traders of carefree days of the buffalo hunt of a naturalist's dream world populated with the deer eagle antelope fish bear wolf and animals known only in Indian mythology This idyll was nostalgic trip that could not be repeated for the river and world were changing Apikuni and Nataki knew first hand the many changes of the past and sensed the momentous changes coming With the advance of the white man's world with the dams and reservoirs it would be impossible for today's adventurer to duplicate the trip described here But for the armchair adventurer it is still possible though the account that has been left for us to take this remarkable trip **Floating the Upper Missouri**, 1999, The Port of
