El estudio de Rojas y Ovarles compendia las mayores virtudes de las mejores obras que han abordado el mismo tema de la clásica *Historia de la literatura costarricense* 1957 de Abelardo Bonilla, toma la erudición, la riqueza en los datos y el cuidado por ofrecer detallada información sobre un número ingente de escritores y textos y comparte con la *Breve historia de la literatura costarricense* 2001 de Iván Quesada el despliegue de un remozado aparato teórico y metodológico de base que incorpora los avances de la teoría y la crítica literarias de la segunda mitad del siglo XX a lo que se suma el conocimiento de las modernas tendencias que han renovado el conocimiento e interpretación de la historia costarricense a partir de la década de 1970. La combinación de estas virtudes exhaustividad y enfoque actualizado hacen de esta una obra de referencia insustituible en nuestro entorno. Alexander Sánchez *Antología de Un Relato Costarricense : 1890-1930*, 1996 *Host Bibliographic Record for Boundwith Item Barcode 30112044669122 and Others*, 2013 *José Carlos Mariátegui's Unfinished Revolution* Melisa Moore, 2013-12-18. The years 1909-1930, the eleven year presidency of the businessman turned politician Augusto B. Leguía mark a formative period of Peruvian modernity, witnessing the continuity of a process of reconstruction and the development of an intellectual and cultural tradition after a humbling defeat during the War of the Pacific, 1879-1883. But these years were also fraught with conflict generated by long standing divisions and new rivalries. A postwar generation of intellectuals and artists led by José Carlos Mariátegui and galvanized by left wing thinking and an avant garde aesthetic sought representation in the fields of politics and the arts to realize the modernizing potentialities opened up by a Positivist oligarchy. New political and artistic conceptions raised their awareness of the fractured sense of nationhood in Peru and the need for a new project of nation formation based on a common political and cultural consciousness. Crucially, this gave rise to divergent political and artistic positions and practices. Mariátegui's Indigenist Marxist politics and Modernist inspired poetics through his influential journal *Amauta* were pivotal in revitalizing, conciliating and channeling those of his cohorts and challengers. Comprising six full length chapters, a comprehensive introduction and conclusion, this monograph is ambitious in scope and depth. It provides fresh readings of key writings of Mariátegui, one of Latin America's most important and revolutionary political, cultural and aesthetic theorists through the lens of his poetics, emphasizing the value of this approach for a fuller understanding of his work's political meaning and impact. It does so through detailed analysis of the poetic expressive language employed in seminal political essays aimed at forging a new Marxist position in 1920s Peru. Furthermore, it offers powerful and original critiques of understudied intellectuals of this time, especially Apristas, Futurists, Socialists and Indigenists, including female writers and artists such as Magda Portal, Nela Ramos and Julia Codesido, whose work he championed. These readings are fully contextualized in terms of detailed critical study of complex sociopolitical conditions and positions and biographical intellectual backgrounds of Mariátegui and his contemporaries. This monograph

underscores the fundamental importance of Mari tegui in the development of political and artistic practices and projects that shaped a national shared yet also heterogeneous political culture and cultural tradition in Peru during and after his lifetime
